Print Quality Check

Check that the dotted lines forming the four color blocks are all visible with no gaps. If OK select (Yes) on the control panel. If gaps are visible select (No) on the control panel to start the cleaning process and follow the prompts on the LCD.

This Brother Inkjet machine has been finely tuned to provide excellent, accurate and long lasting printed pages when using Genuine Brother Innobella(TM) ink.

The use of non-Brother inks in this machine may potentially result in inferior output quality and/or machine damage.

Any required repairs for damages proven to result from using non-Brother inks in this machine may not be covered by the original machine limited warranty.

We strongly suggest you use only Genuine Brother Innobella(TM) inks when it is time for you to replace the ink cartridge(s).

Buckwheat Zydeco

From Wikipedia, the free encyclopedia

Buckwheat Zydeco is the stage name of **Stanley Dural, Jr** (born November 14, 1947) an American accordionist and zydeco musician. He is one of the few zydeco artists to achieve mainstream success. His music group is formally billed as **Buckwheat Zydeco and Ils Son Partis Band**, but often they perform as merely *Buckwheat Zydeco*.

The *New York Times* says "Stanley 'Buckwheat' Dural leads one of the best bands in America. A down home and high-powered celebration, meaty and muscular with a fine tuned sense of dynamics —propulsive rhythms, incendiary performances."[1] *USA Today* calls him "a zydeco trailblazer."[2]

Buckwheat Zydeco has performed with a large number of famous musicians from Eric Clapton (with whom Buckwheat also recorded) and U2 to The Boston Pops. The band performed at the closing ceremonies of the 1996 Summer Olympics to a worldwide audience of three billion people. Buckwheat performed for President Clinton twice, celebrating both of his inaugurations. The band has appeared on the *Late Show with David Letterman*, *CNN*, *The Today Show*, *MTV*, *NBC News*, *CBS Morning News*, National Public Radio's *Weekend Edition*.

Buckwheat Zydeco

Buckwheat Zydeco [illegible] on the main stage at the 2006 Festival International de Louisiane

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-888-877-1655 or 1-503-200-1300

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-888-877-1655 (your boss will never notice) or 1-503-200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll free number if you're in the USA.) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax multiple page only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but, there's no promises that this will actually work.

Privacy Policy: We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with

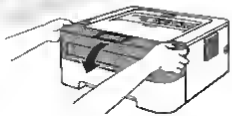
1-510-595-0990

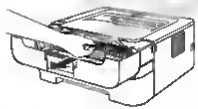
INSTRUCTION B01

1.



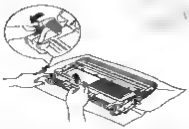
Open the front cover

2.



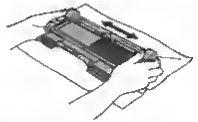
Take out the drum unit and toner cartridge assembly

3.



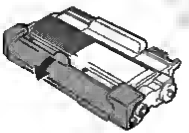
Push down the lock lever and take the used toner cartridge out of the drum unit

4.



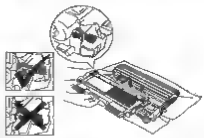
Unpack the new toner cartridge. Gently rock the toner cartridge from side to side to distribute the toner

5.



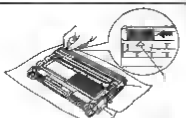
Remove the protective cover

6.



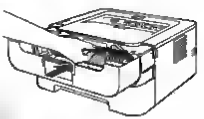
Insert the new toner cartridge in the drum unit until it clicks into place

7.



Gently sliding the tab from right to left several times. Return the tab to the Home position

8.



Install the drum unit and toner cartridge assembly into the printer

HP Photosmart 7520 Series Fax Test Report for [redacted]

Fax Hardware Test	PASS
Fax Connected to Active Telephone Wall Jack	PASS
Phone Cord Connected to Correct Port on Fax	PASS
Using Correct Type of Phone Cord with Fax	PASS
Dial Tone Detection	PASS
Fax Line Condition Test	PASS

Your HP device has passed the fax test.

The fax settings can also affect the performance of your HP device.
Please check your current fax settings listed below.

Language	English
Country/Region	Canada
Auto Answer	Off
Rings to Answer	2
Fax Paper Size	Letter
Tone or Pulse Dialing	Tone Dialing
Fax Sound Volume	Soft
Distinctive Ring	All Rings
Busy Redial	Redial
No Answer Redial	No Redial
Automatic Reduction	On
Backup Fax Reception	On
(ECM) Error Correction Mode	On
Fax Speed	Medium (14400)
Fax Forwarding	Off

Refer to your User Guide for more information on the fax test and settings.

Instructions on how to rerun this test:
Step 1 Press the "Fax" button
Step 2 Choose the "Setup" menu
Step 3 Choose the "Fax Tools" item
Step 4 Choose the "Run Fax Test" item

In other words there are wffs of the particularly simple form $\forall \vec{x}\, \tau_1(\vec{x}) \neq \tau_2(\vec{x})$ which are true but unprovable in T so long as T is consistent and contains enough arithmetic

Could T disprove one of these true-but-unprovable sentences? Well, if $\forall \vec{x}\, \tau_1(\vec{x}) \neq \tau_2(\vec{x})$ is true each $\tau_1(\vec{n}) \neq \tau_2(\vec{n})$ is true and T can prove such quantifier-free truths But then if $T \vdash \neg \forall \vec{x}\, \tau_1(\vec{x}) \neq \tau_2(\vec{x})$ i e if $T \vdash \exists \vec{x}\, \tau_1(\vec{x}) = \tau_2(\vec{x})$ T would be ω-inconsistent

Hence we get

Theorem 7.4 (Gödel s First Incompleteness Theorem) *If T is ω consistent (and hence consistent) formal theory which contains enough arithmetic then there are wffs of the form $\forall \vec{x}\, \tau_1(\vec{x}) \neq \tau_2(\vec{x})$ which say that certain diophantine equations have no solution, which are true but which are formally undecidable in T*

Why is this new proof of the old result interesting? Well first the undecidable sentences are of an attractively natural kind, mathematically speaking (To qualify that a bit claims that certain diophantine equations have no solution are certainly natural enough Of course the particular instances of the equations that may be involved in the undecidable cases may be rather unnaturally complicated Still, it remains quite plausible to say albeit rather arm-wavingly that we are in more mainstream territory than with classical undecidable Gödel sentences.) Second relatedly while *diagonalization* is in the background in particular in establishing Theorem 4.3 – the proof doesn t seem to depend on any stage on *self referential* tricks

8 A final teaser ..

There s more to be said But as a teaser an incitement to do some more exploration let me finish for today by just stating a rather startling result in the ne ghbourhood which is rooted particularly in Julia Robinson s work related to the MRDP theorem This is from a paper by Verena Dyson James Jones and John Sheperdson (In *Archiv Math Logik* 22 (1982) 51-60)

Theorem 8.1– *Let T be any axiomatizable ω consistent theory containing Robinson Arithmetic Then there is an n (different for different theories) such that the following sentence is undecidable in T*

$$\begin{aligned}
&\exists a \exists b \forall (i \leq \overline{n}) \exists c \exists w \exists p \exists q \forall \overline{j} \forall v \exists e \neg g \\
&\quad \{(s+w)^2 + 3w + s - 2i \wedge [\overline{j} - w \wedge v = q] \vee \overline{j} = 3i \wedge v = p + q] \\
&\quad\quad v \overline{j} = s\, i \ (v = p \vee (i - \overline{u} \wedge v - q + \overline{n})] \vee [\overline{j} = 3i + \overline{4} \wedge v - pq] \\
&\quad\quad\quad \rightarrow n = v + e + \overline{ab} \wedge v + g - jb\}
\end{aligned}$$

One can but gasp in wonderment

Do You Hear What I Hear?

Said the night wind to the little lamb
Do you see what I see?
'Way up in the sky, little lamb
Do you see what I see?
A star, a star
Dancing in the night
With a tail as big as a kite
With a tail as big as a kite

Said the little lamb to the shepherd boy
Do you hear what I hear?
Ringing thru the sky, shepherd boy
Do you hear what I hear?
A song, a song
High above the tree
With a voice as big as the sea
With a voice as big as the sea

Said the shepherd boy to the mighty king
Do you know what I know?
In your palace warm, mighty king
Do you know what I know?
A Child, a Child
Shivers in the cold
Let us bring Him silver and gold
Let us bring Him silver and gold

Said the king to the people ev'rywhere
Listen to what I say!
Pray for peace, people ev'rywhere
Listen to what I say!
The Child, the Child
Sleeping in the night
He will bring us goodness and light
He will bring us goodness and light

The beauty of the simple White Wine Sangria recipe is that it is as **delicious** as it is **easy**, and it only gets better as you add your favorite fruits!

Prep Time: 5 minutes
Total Time: 5 minutes

Ingredients:

- 1 bottle of white wine (Riesling, Albarino, Chablis, Gewurztraminer, Pinot Gris, Chardonnay, Sauvignon Blanc)
- 2/3 cup white sugar
- 3 oranges (sliced) or may substitute 1 cup of orange juice)
- 1 lemon (sliced)
- 1 lime (sliced)
- 2 oz. brandy (optional)
- 1/2 liter of ginger ale or club soda (ginger ale for those with a sweeter tooth!)

Preparation:

Pour wine in the pitcher and squeeze the juice wedges from the orange/lemon and lime into the wine, add brandy if desired. Toss in the fruit wedges (leaving out seeds if possible) and add sugar. Chill overnight. Add ginger ale or club soda just before serving.

If you'd like to serve right away, use chilled white wine and serve over lots of ice.

Addition ideas: sliced strawberries, peaches, handful of fresh blueberries, raspberries, kiwi, a shot or two of gin, brandy or rum, a cup of citrus-flavored soda pop.

This is a fax test

Q: Why was six scared of seven?

A. Because seven "ate" nine.

Please do not leave this page before printing coupon

TO PRINT
Do one of the following
Hit Ctrl+P
or
Select "Print" from the File menu
or
Select the Print icon from the menu bar

>>

Before any system-generated portal invite emails can be sent The practice must first be set up to use SMTP emails This is done by entering the information used for outbound emails of their SMPT server (see Eng nearing) This is entered via Manage >Enterprise within the application

This is a modification

Any referring physician can be invited as long as that physician has an email address, which can be entered by navigating to "Tables"->"Referring Physician" and searching for the physician. Once inside the form enter the physicians email address, and hit the save button. **Note** All emails entered must be unique

Invite emails are set by clicking on the globe button on the toolbar and then the "Send Portal Invite" item in the dropdown menu (see Image Above) The date in the parenthesis, is the date of the last invite sent to that physician If the globe button is not visible, or the "Send Portal Invite" item is disabled please verify your Patient Portal security rights within User Security

When the "Send Portal Invite" button is hit, Med a Server will generate an email and send it to the physicians email address This email contains a link with which they can click on to begin their registration The registration for a referring physician is nearly identical to a patient except the physician does not have to verify his or her birthday before completing the process if the physician has already registered with the practice's portal the link will take them to the login screen of the patient portal

Once logged in, the Referring physician only has 2 screens The first is the Documents page which contains a list of a encounter documents for patients who has the physician listed as their primary referring physician or has the physician listed as the physician for that encounter

The doctor can search through the list, either by patient name or by date of birth (The text running into the edit box should not happen In any currently deployed version of the patient portal The screenshot below was taken on my local computer after making a number of changes relating to MU 2)

By clicking on the date of service for the encounter, the summary for that encounter will be displayed as a PDF in a new window of the browser

Just like in the patient side of the patient portal, the physician can update his or her password, as well as modify their security questions and answers

A melia Quilt ~ 3D Creative Digitizing (Husqvarna)

© 2006 Angie Spong

This lesson will take you through the complete digitizing/embroidery process. Start with a line drawing and create the Amelia embroidery design in 3D Digitizing, using a variety of stitch fills and outlines. Finishing touches are then added in 3D Stitch Editor and 3D Embroidery. To complete the project, new use your design to embellish the Amelia Quilt using the instructions and block pattern pieces on the Amelia Quilt CD.

Requirements:

- Laptop with 3D Suite installed and updated
- Power cable
- 3D dongle
- External mouse and mouse pad
- CD/DVD drive

Techniques:

- Working with a line drawing
- QuickStitch Fills
- FreeHand Stitches
- Curved Column
- Motif outlines & fills
- Gradient fill
- Satin Rings
- Tie Offs
- Machine Stitch border

Getting Set Up

1. Click on the start button on the bottom left of your computer screen to open up the start menu
2. Click on **All Programs** ▶, **3D Embroidery System** then double click on **3D Embroidery** to launch the program
3. On the QuickLink toolbar click on the icon to start 3D Digitizing.
4. Click **Preferences** icon. On the Output tab under Compensation, ensure both Satin and Fills are set to 0

* Class Angie Spong. Please remember that when "sharing" are for your personal use only. Thank you!

Dur?

MOVING COUNTDOWN

THREE WEEKS BEFORE

- Check your notes to make sure you don't forget anything.
- Have your rugs and draperies cleaned. Leave the rugs rolled and wrapped.
- Prepare a floor plan of your new home and make extra copies. They will be very helpful when moving in. Keep the floor plan with your other moving documents. Organize all of your moving and travel documents, as well as the valuables you will be taking with you.
- Prepare your car for transportation. Make certain everything is in good condition. Obtain any maps you'll need. Make a list of items to be taken in the car.
- If you plan to pack, start now.
- Collect all items being cleaned, repaired, stored and those loaned to friends. Return library books. Remember to pick up all clothing from the dry cleaner.
- Arrange care for the children during the busy days of packing, moving out and moving in.
- Ask your veterinarian about inoculations, certificates, quarantine and entry regulations if you are moving abroad. Arrange transport by air or rail, unless you are taking them with you.
- Arrange to spend the night before moving day with friends. You will be more comfortable.
- Prepare for meals between now and moving day. On the busiest days, think about eating out.
- Place in separate groups, things you want packed together such as linens or toys. Keep separate any food, plates and utensils you will need during the last days. Pack them on moving day.
- Prepare a list of items you will need immediately at destination, such as light bulbs, toilet paper cleaning supplies, snacks, crib or play pen etc. Pack these necessities last and unload them first.
- Two days before the move, do all the laundry.
- Drain fuel from the lawnmower and other machinery. Safely dispose of all gasoline, matches, paints, ammunition, aerosol cans, etc. Ask your public works department about disposal of toxic chemicals.

The Culture of Japan
Have you ever heard of Tanka?

Tanka is a traditional style of Japanese poetry, which is made up of 31 syllables (5-7-5-7-7). To use this style, poets must condense their feelings of love, yearning, admiration and longing for nature and life into subtle nuances and picturesque words. Because they must condense such strong feelings into such short simple forms, the selection of the appropriate Kanji or Hiragana (syllabify alphabet) has become an art from in itself. The more subtle or elegant the words the stronger and more vivid the readers' imagination.

Because of the nature of this style of poetry, and the close ties to the language and culture , Tanka has developed a simple elegant, classical style all its own.

People who read Tanka are free to let their imagination soar. The same Tanka may evoke different

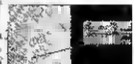
Wireless Security Setup

Please keep for your records.

Your new Wireless DSL Gateway will enable you to take full advantage of some of the newest technologies available today. It is simple to use the wireless networking features built into your new Wireless DSL Gateway.



To connect your computing devices to the Wireless Gateway, you will need to refer to information located on the bottom of the Wireless Gateway.

Copy the WiFi Protected Access Pre-Shared KEY and Enhanced Service Set Identifier (ESSID) from the sticker on the bottom of the gateway (MAC ID is not required for wireless settings). The Wireless Gateway uses WPA2 encryption by default. To use the default settings, your wireless PC must be configured for WPA2 during setup.

this is a test - Go Seminoles!

Appeal by Abel from his convictions for break and enter and assault, and appeal by Corbett from his conviction for possession of weapons for a dangerous purpose. Holl had a drug problem and a long record of criminal convictions for property offences. He met Abel while the two were in jail, and lived with Abel when he was released until late 2002. Abel's neighbour discovered a break in. Abel suspected Holl was the burglar. Abel discovered his rifle was missing. Abel heard that Holl had tried to sell the rifle to a drug dealer. Abel went looking for Holl. On a visit to a townhouse where Holl lived, Abel brought along Corbett and DaCosta in case Holl tried to run away. Corbett had a fire iron with him and DaCosta may have had a bat. Evidence conflicted about whether Abel, Corbett and DaCosta had permission to enter the townhouse. Once inside, an altercation took place involving Holl and Abel, after which Corbett hit Holl with the fire iron. Holl was overpowered and restrained using zip straps that Abel had brought along for this purpose. After he was subdued, Holl accompanied Abel, Corbett and DaCosta out of the townhouse. They got into Abel's van and drove to the location where Holl stated he had hidden the rifle. After retrieving the rifle, Holl was driven to an RCMP station. Abel brought Holl to the back door and stated he had made a citizen's arrest of Holl, for whom Abel believed the police had an outstanding warrant. Abel, Corbett and DaCosta were charged with break and enter, assault with weapons, unlawful confinement and possession of weapons for a dangerous purpose. At their trial, they submitted they were effecting a citizen's arrest of Holl for the offence of possession of stolen property. The judge found a citizen's arrest defence was not available because Abel, Corbett and DaCosta did not observe Holl in possession of the rifle and because the required element of immediacy was not present. She declined to instruct the jury on the defence, noting that Abel, Corbett and DaCosta were not in fact entitled to arrest Holl and that any such arrest would be unlawful. DaCosta was acquitted of all charges, while Abel and Corbett were convicted on certain counts.

HELD: Appeals dismissed. For a citizen to effect an arrest, he or she required reasonable grounds to believe the person to be arrested was apparently in the process of committing an indictable offence in his or her presence. Although Abel and Corbett reasonably believed Holl stole the rifle, they had no information as to where the rifle might be and did not come upon Holl in possession of it. Therefore it was not open to them to justify their actions on the basis that Holl was found committing the offence of possession of stolen property. There was nothing in the record to support the contention Abel and Corbett were arresting Holl for assaulting Abel.

Mr Hansen

Thanks you for co[illegible]rangi[illegible] [illegible] [illegible] [illegible] offer landscaping in your new divisional headquarters We are pleased to submit our proposal herewith for the concept phase as agreed earlier

Since your available area is somewhat limited we suggest a modular layout This concept emphasizes space conservation and yet still provides for a modern, pleasing atmosphere

Enclosed are two floor plans The first one will allow you to keep your present furniture The second was designed with the intention that our new space-saving modules be used Notice that the latter will provide for more spacious accommodations and/or room for additional personnel Also included are the specification sheets on these products

After you have had a chance to study our ideas I would like to set up a meeting during October to discuss any further refinements I will have my secretary make the arrangements. Please call me in the interim if you have any questions

PROJECTS	DESCRIPTION
Automobile Engine System Design Simulation	A real-time simulation system for automobile engine performance, including fuel injection, ignition timing, and emission control algorithms. Written in C++ with custom physics models.
Inventory Management System	A web-based inventory tracking system for small businesses with barcode scanning support. Built with Python Flask backend, PostgreSQL database, and a responsive HTML/CSS frontend. Includes user authentication and role-based access control.
Weather Station Monitoring	An Arduino-based weather station that collects temperature, humidity, barometric pressure, and wind speed data. Transmits readings wirelessly to a central server for visualization and historical analysis.
Personal Finance Tracker	A command-line personal finance tracker written in Rust. Supports importing bank statements in CSV format, automatic categorization of transactions, and monthly budget reports.

Risks including but not limited to infections, bleeding, hematoma, residual stone, recurrent stone, ureteral injury, need for further or additional procedures were discussed with the patient and they have elected to proceed.

Procedure:

After appropriate General anesthesia was administered, the patient was positioned supine on the lithotripsy table. The stone was localized under fluoroscopy in both craniocaudal and anteroposterior views. A total of 253 were delivered to the 0.5 Upper pole, renal.

Shockwaves were delivered at a rate of 2/s and 23/s. There was excellent fragmentation of the 0.5 Upper pole, renal. The patient was awakened from anesthesia and taken to the recovery room in stable condition.

Disposition: The patient is to follow up in 1 week.

Hi,
Sorry for the delay, problem fixed. I'm trying to send fax with ET38 and without success. I think a dynamic or jumpstar, because the device negotiate the best protocol with it's terminaison, so no matter the protocol we set. Can you confirm with provider are you currently using.
Many thanks.

Fax: PAP2T Help (Fax - Firmware) Options

08-07-2007 07:54 AM

Peter (Sales): the Fax machine word, she need to configure both ATA the same settings.
Step - Upgrade the ATA firmware to the latest version
Step 2 Insure that you have enough headroom for upload and download.
-For G.711 fallback, it is recommend to have ~100Kbps.
- For T.38, allocate at least 50 Kbps.
Step 3 To optimize G.711 fallback for completion rate, use the following settings on the Line tab of the Linksys ATA:
-Network Jitter Buffer: very high
-Jitter buffer adjustment: disable
-Call Waiting: no
-3 Way Calling: no
-Echo Canceller: no
-Silence suppression: no
-Preferred Codec: G.711
-Use pref. codec only: yes
Step 4 If you are using a fiber media gateway for PSTN termination, disable T.38 (fax relay) and enable fax using modem passthrough.
For example:
mgcp passthrough sdp payload-type 100 codec g711ulaw
fax rate 64000
fax protocol pass-through g711ulaw
Step 5 Enable T.38 fax Passthru_Method on the PAP2T by configuring the following parameter on the Line tab for the FXS port to which the FAX machine is connected.
FAX_Passthru_Method :NSE/DISABLE
Note: If a T.38 call cannot be set-up, then the call should automatically revert to G.711 fallback.
I hope this information will help you in configuring the ATA.
Regards,
shiwin

Note: Can set "FAX Passthru Method to NSE, but must also set "FAX Disable ECAN" to "yes".

SHIP'S LOG

Memorial Park Middle School

Volume 29 Issue 1

October 23, 2009

"Annie" takes the stage at Memorial Park

On October 22, 23 and 24 the MPMS music department presented the musical "Annie, Jr." The leads were:

Caleb Nowell—Daddy Warbucks
Alli Mortensen—Annie
Maddie Beauvers—Miss Hannigan
Duncan Justice—Rooster
Rachel Reed—Lily
Eva Lewellen—Grace
Aaliyah Hale—Popper
Kane Justice—Testio
Sammy Justice—July
Savannah Barron—Duffy
Jackie Walburn—Molly
Madison Kaylor—Kate
Keagan Beauvers—President Roosevelt

Other students were grouped as the orphan chorus, the NYC chorus, and the servant chorus. The show was a great success and performed very well by all of the cast members. The crew did a marvelous job working backstage.

Hi
CHARLES

Interpage INTERPAGE NETWORK SERVICES INC.

Phone: +1 (518) 315 2750 • Fax: +1 (650) 292 1608 • www.interpage.net

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file; many other file types are supported

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time
E-Mail: ins-support@interpage.net
Web: http://www.interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages; only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by fi ing out the form located at http://www.interpage.net/hub-doc-bin/fxinit, omitting any billi ng information, and clearly indicating a va id e-mail address and contact telephone number. Please call (518) 315-2750 for additional details.

2. This fax is not a solicitation nor is it an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however. If you find that someone is sending you faxes in a similar manner and abusive manner, please call us at (518) 315-2750 and we will block your fax number from the FreeFax service.

LOVE YOU

Q.1.1

SIMPSON
Strong-Tie

October 11, 2012

RE: Titen HD® Screw Anchor as 1:1 Replacement for Cast-in-Place Anchor Bolts

Simpson Strong-Tie® Titen HD (THD) Screw Anchors may be used as a direct 1:1 replacement for ½ and ⅝ inch diameter cast-in-place anchor bolts **embedded 7 inches** that are used to anchor wood mudsills to resist prescriptive (braced wall) or engineered (shear wall) in-plane and out-of-plane shear loading.

Cast-in-Place Anchor	Titen HD Size (in)	Titen HD Model Number	Sill Plate Nominal Thickness	Minimum Concrete Edge Distance	Minimum Concrete End Distance
½"	½"x6"	THD50600H	2x	1¾"	6"
½"	½"x8"	THD50800H	3x 2-2x	1¾"	6"
⅝"	⅝"x8"	THD62800H	2x	1¾"	6"

Substitutions are based on the THD anchor capacity meeting the capacity of a ½" and ⅝" diameter cast-in-place anchor bolt embedded 7". Provide plate washers beneath the anchor head where required by code. Mechanically galvanized anchors may be required by code when used with treated wood. Refer to our website at www.strongtie.com for important information about corrosion.

The THD is ICC-ES Code listed (ESR-2713) under the 2003, 2006, 2009 & 2012 International Building Code & International Residential Code. All other information pertaining to the use and installation of THD anchors published in the Simpson Strong-Tie Anchoring and Fastening Systems for Concrete and Masonry catalog, C-SAS-2012, shall apply. The information in this letter is valid until 11/1/2013 when it will be reevaluated by Simpson Strong-Tie. If you have any questions regarding this information, please contact the Engineering Department of Simpson Strong-Tie at 1-800-999-5099.

Sincerely,

SIMPSON STRONG-TIE COMPANY INC.

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes

To get started:

1. Connect a phone line to your computer

   If your computer needs an external modem, connect the phone to the modem and then connect the modem to your computer

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem and then, when you're finished, create your fax

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar

outreach etc must be performed with cheerfulness and zeal **"Not with eyeservice, as menpleasers, but as the servants of Christ, doing the will of God from the heart"** Our service must be **"as unto the Lord"** (Ephesians 6:6, Colossians 4:23,24)

THE SACRIFICAL LOVE AMONG THE BRETHREN (Romans 12:13 Hebrews 13:16 1 John 3:16-18, Galatians 5:13)

"Distributing to the necessity of saints, given to hospitality" (Romans 12:13)

Question 4. How and what can we distribute to meet the needs of other believers?

Here we have the commandment of the Lord concerning our service It is a responsibility for all ministers, members, young and old members of the Church Some feel they are so penurious that they have nothing to distribute But they must it, in fact, the reason why we must give is because we don't have While we may not have something tangible or material to share, we can speak kind words to comfort the sorrowful and encourage those who are discouraged **"We give thanks to God always for you all, making mention of you in our prayers Remembering without ceasing your work of faith, and labour of love, and patience of hope in our Lord Jesus Christ, in the sight of God and our Father"** (1 Thessalonians 1:2,3) Our love should not be partial and passive Our profession of love should not be a mere theory We must show mercy to the needy and give to meet the needs of other saints **"Hereby perceive we the love of God, because he laid down his life for us: and we ought to lay down our lives for the brethren But whoso hath this world's good, and seeth his brother have need, and shutteth up his**

IMPORTANT:

Follow Steps 1 - 3 on the printer hardware setup poster, and then continue with Step 4

4. Initial setup on the control panel

After turning on the printer, wait for it to initialize. To navigate the control panel, use touch, flick, and scroll gestures. Follow the prompts on the control panel to configure these settings:

- Language
- Location
- Date and time
- Default Settings

Under **Default Settings**, select one of these options:

- **Self-managed**: Optimized default settings for most users that include guided setup and configuration steps and automatic updates.
- **IT-managed**: Optimized default settings for fleet manageability.

Settings are fully customizable after initial setup.

NOTE: Select Print Information Page to print a page that instructs how to change the default settings.

NOTE: Touch the **Help ?** button on the printer control panel to access help topics.

5. Select a connection method and prepare for software installation

USB connection directly between the printer and the computer

Use an A-to-B type USB cable that included with the product

Windows

1. Do not connect the USB cable before installing the software. If the cable is already connected, disconnect it before continuing. The installation process prompts to connect the cable at the appropriate time.
2. Continue with "5. Locate or download the software installation files."

NOTE: During software installation, select the option to **Directly connect this computer using a USB cable**, computer only

Mac

1. For Mac, network, the USB cable between the computer and the printer before installing the software.
2. Continue with "5. Locate or download the software installation files."

Wired (Ethernet) network connection

Use a standard network cable. (Cable not included.)

1. Connect the network cable to the printer and to the network. Wait a few minutes for the printer to acquire a network address.
2. On the control panel, touch the Connection information **ethernet** button. If an IP address is listed, the network connection has been established. If not, wait a few more minutes and try again. Note the IP address for use during software installation. **Example IP address: 192.168.0.1**

   To manually configure the IP address see "Manually configure the IP address."
3. Continue with "5. Locate or download the software installation files."

NOTE: During software installation, select the option to **Connect through a network**. (Windows only)

Built-in wireless network connection

1. Touch the **Connection information** **wireless** button.
2. Touch the **Network Wi-Fi direct** button.
3. Touch the **Settings** button.
4. Touch the **Wireless Setup presentations**
5. Select the correct network SSID from the list. If you do not see the SSID, touch **more SSIDs** and provide the network SSID manually.
6. Use the keyboard to enter the passphrase, and then touch the **OK** button.
7. Wait while the printer establishes a network connection.
8. Touch the **Connection information** **wireless** button. If an IP address is listed, the network connection has been established. If not, wait a few more minutes and try again. Note the IP address for use during software installation. **Example IP address: 192.168.0.1**
9. To print from a computer, continue with software installation. To print from a phone or tablet only, disconnect with a mobile and wireless device.

NOTE: During software installation, select the option to **Connect through a network**. (Windows only)

Manually configure the IP address

See the printer user guide for information on how to manually configure the IP address. See the "Troubleshooting" section of this guide.

peer response Shapiro essay, Tuesday, March 4

– **Shapiro essay due Wednesday, March 5**

Wednesday and Thursday of this week were set aside for one to one conferences. Because of the weather instead of those conferences being required I am making them optional. On Wednesday after papers are turned in I will have time to meet with a few people. We will need to do this one on-one in the classroom for privacy. So if you want to meet on Wednesday after I collect them please wait in the hall. On Thursday I will be in my office in L 410C during class time. If you wish to speak with me about how you are doing in the class please come by on Thursday. We can discuss grades, attendance and anything else on your mind. I strongly urge you to speak with me, particularly if you have multiple L grades, absentance or tardiness issues, or other things that might interfere with your eligibility to turn in the portfolio and succeed in the class. It is not too late yet – but it might be too late soon!

Next week, March 10-14, is spring break – no classes and many school offices will be closed.

Monday, March 17, this is St. Patrick's Day in the parade runs down Broadway. School is open but I anticipate it being crazy to get here on the morning. Therefore, for the class **only** class is **optional.** I will be in my office available to talk but there will be no L.o.a. at class on that day.

Tuesday, March 18 read and be prepared to discuss RCL 187-196, the essay "Hate Radio" by Patricia Williams. It is very important that you remember to **read** this essay and be prepared to discuss it. You will have had almost two weeks without an assignment so it will be easy to forget or just get a little bit lazy and not do it. Guard against that tendency. Sometimes there are students who are doing well in classes but who don't come back after spring break because they get out of the school habit. Do not let that happen to you! Our next essay assignment will involve two readings, of which the Williams essay is the first.

Vonage Test Fax

Fill in the values below and click "Print Test Fax Page"

To:	From
Fax:	Fax:
Phone:	Phone:
Subject: Test Fax	Date:

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (fax is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (60 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help

Call us at 1 VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com**

BA334.Handout.CH09

1. A $1 000 face value 120 day bond is quoted at a bank discount yield of 3 38 percent. What is the current bond price?

Current Price = $1000 * \left(1 - \frac{120}{360} * 0.0338\right)$

$= 988.73$

2 A bond has a face value of $20 000 and matures in 62 days What is the bank discount yield if the bond is currently selling for $19 792.30?

Current Price $= 20{,}000 * \left(1 - \frac{62}{360} * BDY\right) = 19{,}792.30$

$1 - 0.1722\,BDY = 0.9896$ BDY = 0.0604 or 6.04%

$0.1722\,BDY = 0.0104$

3 A $5,000 face value bond is quoted at a bank discount yield of 2.8 percent. What is the current value of the bond if it matures in 36 days?

Current Price $= 5000 * \left(1 - \frac{36}{360} * 0.028\right)$

$= 4,986$

4 A Treasury bill has 21 days to maturity and a bank discount yield of 1 89 percent. What is the bond equivalent yield?

$BEY = \frac{365 * 0.0189}{360 - 21 * 0.0189} = \frac{6.8985}{359.6031} = 0.0192$

or 1.92%

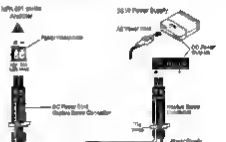
Step 5 — Connect power cords to the MPA 601 and other audio equipment. The MPA 601 ships with an Extron 36 W desktop power supply.

Connect the pre-wired captive screw connector into one of the two pole, 3.5 mm captive screw outlets on the power supply and the other end into the power receptacle on the amplifier (see the figure to the right). The power cord connectors are correctly done when shipped (see Attention below).



ATTENTION:

- See the attention notices in the Power input section of the *MPA 601 Series User Guide* for important information about using power supplies
- Reportez-vous aux précautions d'emploi indiquées dans la section sur l'entrée d'alimentation du *MPA 601 Series User Guide* pour des informations essentielles sur l'utilisation des sources d'alimentation.
- When the 36 W power supply is connected to the MPA 601, it must not be shared with any other devices.
- Lorsque la source d'alimentation 36 W est connectée au MPA 601 elle ne peut être partagée avec aucun autre appareil

Step 6 — Adjust the MPA 601 input LEVEL, BASS, and TREBLE from the front panel (see figure at right).

1. If necessary, unplug the remote connector from the unit (see step 7, below).
2. If connecting the amplifier to a system with adjustable volume, set the volume to its lowest point. Then adjust the MPA 601 front panel **LEVEL** potentiometer fully counterclockwise.
3. Set the system volume to its maximum volume level (no sound should come out).
4. Return to the MPA 601 and raise the **LEVEL** until sound distortion first occurs, then lower slightly until the distortion disappears. This setting ensures that, whatever the system volume setting may be, no clipping occurs.
5. Adjust **BASS** and **TREBLE** to preference.

Step 7 — The rear panel lower 3-pole Remote captive screw receptacle on the amplifier can be used for remote control of the volume by an Extron volume controller such as an Extron VCM 100 AAP, VC 50 MLA VC10 Plus, MLC 55 RS VC, or MLC 84 RS VC D. These controllers have a built-in VC module that can be used to control the amplifier. MediaLink controllers can also adjust the volume of the source, rather than with the volume control port, via a network connection or by IR remote (see the *MPA 601 Series User Guide*).

Step 8 — The rear panel upper 3-pole Remote captive screw receptacle on the amplifier affects standby. When the STANDBY pin is shorted to ground, the MPA 601 goes into standby mode. The front panel LED turns amber to indicate when the MPA 601 is in standby. When the TIMER OFF pin is shorted to ground, the standby timer will be disabled, and the amplifier does not go into standby after 25 min (as min) of inactivity. The MPA 601 can still be forced into standby mode using the STANDBY pin, even if the timer has been defeated.

When the short is removed from the **STANDBY** pin, the unit may remain in standby mode depending on certain conditions.

- The input signal is below the input signal detection threshold
- The standby timer is enabled.
- The timeout interval since the last detection of a signal has elapsed.

NOTE: If the **TIMER OFF** pin is shorted to ground, the unit will always come out of standby when the short is removed from the **STANDBY** pin.

Wet Application Fluid.
You can make you own application fluid with 4 drops of dishwashing liquid (dawn, joy, or baby shampoo etc) to 1 quart of water in a spray bottle.

SMALL Decal Installation

1 Measure where you want you decal to be. Then tape in place on 1 side only to use as a hinge, using regular masking tape. Place your tape on the top, bottom or either side, however you feel more comfortable.

2. Peel the bottom WAXY LINER layer away from the DECAL and MASK LAYER starting at the opposite side of the masking taped hinge, and slowly remove it.

3 .Wet method is suggested for beginners and larger decals. To use the wet method placement, spray the smooth surface with a mixture of soap and water

Wet Application Fluid- Wet method is how you install larger images with NO BUBBLES in it (and a MUST for frosted vinyl to ASSURE every bubble is removed) , being wet allows your to squeegee out the air bubbles trapped inside before it sucks to the surface. You can make your own application fluid with 4 drops of dishwashing liquid (dawn, joy, or baby shampoo etc.) to 1 quart of water in a spray bottle.

choices our politics and most importantly our identities - these things we most cherish about our communities, our families, our traditions, and our faith

But I also know that human progress cannot be denied There need not be contradiction between development and tradition Countries like Japan and South Korea grew their economies while maintaining distinct cultures The same is true for the astonishing progress within Muslim majority countries from Kuala Lumpur to Dubai In ancient times and in our times Muslim communities have been at the forefront of innovation and education

This is important because no development strategy can be based only upon what comes out of the ground, nor can it be sustained while young people are out of work Many Gulf States have enjoyed great wealth as a consequence of oil and some are beginning to focus it on broader development But all of us must recognize that education and innovation will be the currency of the 21st century, and in too many Muslim communities there remains underinvestment in these areas. I am emphasizing such investments within my country And while America in the past has focused on oil and gas in this part of the world, we now seek a broader engagement.

On education, we will expand exchange programs, and increase scholarships, like the one that brought my father to America, while encouraging more Americans to study in Muslim communities And we will match promising Muslim students with internships in America, invest in on-line learning for teachers and children around the world and create a new online network, so a teenager in Kansas can communicate instantly with a teenager in Cairo

On economic development, we will create a new corps of business volunteers to partner with counterparts in Muslim-majority countries And I will host a Summit on Entrepreneurship this year to identify how we can deepen ties between business leaders, foundations and social entrepreneurs in the United States and Muslim communities around the world

On science and technology we will launch a new fund to support technological development in Muslim-majority countries, and to help transfer ideas to the marketplace so they can create jobs We will open centers of scientific excellence in Africa, the Middle East and Southeast Asia, and appoint new Science Envoys to collaborate on programs that develop new sources of energy, create green jobs, digitize records, clean water, and grow new crops. And today I am announcing a new global effort with the Organization of the Islamic Conference to eradicate polio And we will also expand partnerships with Muslim communities to promote child and maternal health.

All these things must be done in partnership Americans are ready to join with citizens and governments, community organizations, religious leaders, and businesses in Muslim communities around the world to help our people pursue a better life

QUEEN PALM CARE GUIDE

Easy as 1-2-3

Queen Palms are some of the most beautiful and most popular palms grown here in the desert. If given proper care, they will always be as green and full as when purchased.

1. WATERING

By far, [illegible] and water is the most important ingredient for the well being of Queen Palms here in the desert. Queen Palms are tropical type palms, native to much wetter areas of the world. They can handle the extremes of our desert temperatures, but do need more water than nature provides. For most palms that don't appear healthy, lack of properly applied water combined with nutrient deficiencies is usually the cause. A good rule of thumb is that it's practically impossible to over water a Queen Palm, especially during the intense heat of summer months!

When applying water to your is better? As a Queen Palm matures, it's roots spread wider but not much deeper than 18 to 24 inches. So make sure that as your tree grows to apply the water under every year. A good rule of thumb for this is to water an area at least 5 to 6 times as wide as the trunk diameter.

How often to water depends on many variables including current temperatures, soil conditions and recent rain fall (or lack of!). To keep a good, happy level of moisture for Queen Palms, basic watering guidelines are as follows:

Season / Temp Range	Watering (per week)
Summer - Above 100°	4 or more times per week
Fall / 85° to 100°	2 to 3 times per week
Winter - Below 85°	1 to 2 times per week
Spring / 85° to 100°	2 to 3 times per week

NOTE: "Use as guideline. Adjustments are made to [illegible] soil conditions and recent rain fall (or lack of!). To keep a good, happy level of moisture for Queen Palms, basic watering guidelines are as follows:

2. FERTILIZING

Keeping Queen palms healthy has never been this easy!

Don't fall for expensive injections or spikes that many [illegible] to sell. We've taken the guesswork out of feeding Queen Palms. Our Super Palm Juice® has all of the major & micro nutrients to keep palms green & healthy in an easy to use liquid format that reaches the roots FAST!

Super Palm Juice is great for all varieties of palms and is an absolute must for Queen Palms!

3. TRIMMING

Only remove fronds that hang downward (below horizontal). So why cut fronds about 2 "5" from trunk, using a cut that is parallel to the trunk. During Summer months it's common to get some brown tips. It's ok to just trim off the brown and leave the green portion of the frond. Trimming is usually only necessary once or twice a year.

Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one page fax to 1 888-877 1655 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax.Toy — it's a fine web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Check the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Fax Test Report

HP Fax

Nov 17 2011 10:38PM

The fax detects an active telephone line **Fail**

An active phone line was not detected.

Please check the items below and then rerun this test.

HP recommends using the telephone cord that came with the product.

Verify that the fax cord is securely connected between the telephone jack and the product (or another device that is connected to the product).

Disconnect the product from the jack in the wall, and then connect a telephone to the jack. Try to make a voice call to verify that the telephone line is working.

Connect the product to a different phone line.

Try a different phone cord.

Remove any phone line splitters that are in use.

Ensure that a filter is installed if using DSL.

Instructions on how to rerun this test
- Step 1. Press the [Setup] button
- Step 2. Select "Service."
- Step 3. Select "Fax Service."
- Step 4. Select "Run Fax Test."

QUICK SETUP GUIDE

Dear Panasonic Customer,
Thank you for purchasing this Panasonic Fax Machine.
This page will assist you in setting up your Fax.
Please SELECT A SETUP by pressing '+' or '-' repeatedly, then press the 'Set' key.

SETUP FAX ONLY

CASE 1: FAX ONLY

If your telephone line is dedicated for Fax calls only.
Please press '+' or '-' repeatedly to display "SELECT A SETUP :", then press the 'Set' key.
"-FAX ONLY [±]"

Please refer to the Operating Instructions for detailed information.

SETUP DISTINCTIVE RING SERVICE(1 phone line with 2 or more phone numbers)

CASE 2: DISTINCTIVE RING

If you subscribe to a Distinctive Ring service,
Please press '+' or '-' repeatedly to display "SELECT A SETUP :", then press the 'Set' key
"-DIST. RING [±]"

Please refer to the Operating Instructions for detailed information.

SETUP WITH EXTERNAL TELEPHONE ANSWERING MACHINE or another phone

CASE 3: EXTERNAL TAM

If you use an External Telephone Answering Machine
Please press '+' or '-' repeatedly to display "SELECT A SETUP :", then press the 'Set' key
"-EXT. TAM [±]"

Note: If you subscribe to a Distinctive Ring service and have an External Answering Machine, please press '+' or '-' repeatedly to display "DIST. RING", then press the 'Set' key.
Please refer to the Operating Instructions for detailed information.

SETUP FOR TELEPHONE USE ONLY

CASE 4: TEL ONLY

If you use mostly as a Telephone and occasionly Fax,
Please press '+' or '-' repeatedly to display "SELECT A SETUP :", then press the 'Set' key.
"-TEL ONLY [±]"

Note: Faxes must be received manually.
Please refer to the Operating Instructions for detailed information.

Note: To select QUICK SETUP in the feature, press 'Menu', '0', '0', '0', 'Set'

HP Color LaserJet 2600n printer

Create high-impact color documents with this surprisingly affordable network-ready laser printer

- Create professional, high-impact color documents and brochures with HP's ImageREt 2400 technology
- Fast printing—with Instanton Technology and up to 8 ppm color/8 ppm black, your print job is finished before many printers have even started printing
- Easily set up, use, manage and maintain this space-saving printer
- Built-in networking for easy printer sharing
- HP engineered to provide sharp text and graphics and consistent color quality over the life of the printer

Use genuine HP LaserJet printing supplies for professional-quality color every time

- HP's complete printing system—printers, print cartridges and paper—engineered to work together precisely for optimal quality, reliability and productivity
- HP LaserJet toner is engineered to be smaller and more uniform in shape to deliver unmatched excellence and consistency
- HP Smart printing technology makes it easy to monitor toner levels and cartridge performance
- HP SureSupply makes re-ordering supplies easy[1]
- HP professional-quality everyday and specialty papers are designed for the way you work

[1]Using genuine HP supplies ensures full reliability of all HP printing features. SureSupply program availability varies by region.

- A solid grasp of how to *troubleshoot problems*
- Repeated success in completing the *Labs exercises*

These are only the beginning, and the bare minimum you should expect to know as a junior level engineer. While demand for operations engineers continues to grow at a fast pace, you will still find there is competition for positions. The more you know the stronger your chances of finding a job.

Simply reading the 101 sections of Ops School is not sufficient, you *must understand* it. As an example, The *DNS* section explains there are 13 root name servers. In addition to knowing this fact, you have to understand why there are 13 root name servers and be able to explain it confidently to others.

1.5 Sysadmin 101

System Administration is the blanket title for a myriad of job responsibilities involving the management of information *systems* and/or services. We choose to refer to it as a "blanket title" because the responsibilities are broad and can differ from organization to organization. In some organizations, it even differs from group to group!

System Administration is often referred to as "operations" or "ops" too – you might have guessed that though, having decided to enroll in Ops School!

Like almost everything in the world, system administration does not exist in a vacuum. There are two other groups of people that exist to make an information system or service come together: developers and customers. Customers are often referred to as end-users or people or humans – basically they're the folks you're implementing a system or service for.

A system administrator experiences life as all three of these roles – sometimes you will be tasked with maintaining a system or service, and sometimes you may be developing parts of a system. Many times, you'll be someone else's customer.

That section will put into what system administration (ops) professionals do – what developers do – where they compare and contrast, what role that ops plays in the larger business context – a mindset and approach to systems administration, demonstrate the importance of problem solving and ethics in the every day life of a system administrator

1.5.1 What is Systems Administration?

Like we mentioned above, the role of the System Administrator is diverse

To illustrate some of the latitude present in the role consider how the following descriptions compare and contrast.

- **Matt works for an elementary school** He's referred to by other employees at the school as the system administrator. To the other employees, Matt ensures that the computers "just work." Realistically, Matt spends time making sure that the systems that everyone uses are patched – to avoid security issues. Other employees talk to him about software they may need installed – on their computer – or maybe all of them! Matt also has the responsibility of making sure that the school's website is available for parents to get information on and that the classroom management software is up and running and accepting requests. Matt also needs to be able to look into the future and figure out how much space the employees may need on the server and be able to justify that to his boss. When report card time runs around, Matt has to make sure that the teachers are able to give their report cards out on time.

- **Sarah works for a large website that many people use on a day to day basis.** Downtime is a big deal for this website – after all, when the site is down people aren't spending money. When these problems occur Sarah gets paged to determine the root cause of the issue and respond. Fortunately for Sarah, she's not always being paged. During the normal day-to-day operations of the site Sarah writes various scripts and programs that help her other administrators manage the site on a day to day basis, and strives to reduce the amount of "manual" tasks that the team she's on has to deal with.

Survey

USF TAMPA CHANGE OF GRADUATE DEGREE PROGRAM

A change of degree/major/program allows a student to transfer from his/her current graduate program and in some circumstances, directly into another graduate program.

- will NOT be considered for graduate student in their first semester of study
- applying to a new graduate program, the student will follow the admission requirements and procedures for the new program
- Admission to a new program may be granted under the following circumstances:
  - requires re-application to the graduate program: done
  - to join the department of the student's new program: some programs may require another admission application be submitted. If
  - may affect the student's immigration status
  - required to submit a Change of Graduate Student Degree Application

Instructions

- The [illegible] is responsible for ensuring that the [illegible] is complete and accurate. The USF Graduate Studies cannot be responsible for any [illegible] incomplete or incorrect application materials or guidance.
- A graduate student who has not yet officially accepted into a graduate degree may submit a program change application to start a [illegible] lower classification, the latter requires Office of Graduate Studies approval.
- When requesting an internal change of graduate program level (e.g., from a Master's program to a Doctoral program), a student may initiate a new admissions application through the Graduate Change of Program Application
- [illegible]

Students [illegible] the Graduate Studies office with the Graduate Coordinator's signature before changing [illegible] program.

Graduate Change of Program Application

Program Application

- Student completes Part 1 and submits the application to his/her current program.
- The current program will review Part 1 and determine if the applicant is eligible to change programs. The Program Director may be the student's academic advisor and a [illegible] Change of Program Application from another graduate faculty member.
- The current program will complete Part 2 Section 1 (as applicable) and Section 2 and forward the student's application to the Graduate Studies Office for final processing and a copy of the application to the Office of Graduate Studies.
- The Office of Graduate Studies completes section 3 (as applicable) under the current Program Coordinator or the new Program Coordinator. If an In Change of Graduate Program Application is submitted, the Graduate Studies Office will review and process the application. If approved, the Office of Graduate Studies will

EPISODE GUARANTOR INFORMATION

Client Name & ID# _____ Current Date: _____

Program Name (Program Code/ RU#) _____ Episode # _____

Subscriber s SSN _____ DOB _____ ☐ **Mental Health** ☐ **Alcohol Drug Program**

☐ **New Eligibility Record** ☐ **Update for an Existing record; effective date for this Update:** _____

Check the boxes indicating this Client s eligibility or healthcare coverage information.

Medi-Cal CIN or Client's SSN	Effective Date	Termination Date
☐ Share-of-Cost (SOC) ☐ Full Scope	☐ Restricted ☐ Out-of-County (Name)	
Medicare #/IC #	Effective Date	Termination Date
☐ Part A. Hospital ☐ **Part B** Outpatient ☐ Part C. HMO Plan ☐ Part D Pharmacy ☐ **ABN Completed**		

SF Health Access Program	Policy #	Effective Date	Termination Date
☐ Healthy San Francisco			
☐ SF PATH			

Patient Fee Liability (REQUIRED for ALL Clients):

☐ UMDAP Sliding Fee	☐ SFHP (Co-pay per visit)	☐ Insurance Deductible $
☐ Medi-Cal monthly SOC $	☐ HSF Point of Service Fee	☐ Full Cost/ Private Pay

NOTE- For UMDAP you must complete Family Registration information in Avatar/ CalPM

Client agrees to pay their Patient Fee ☐ Monthly ☐ per Visit ☐ All New ☐ Other

☐ Client has Full Scope Medi-Cal with no SOC, as OHC He/she does not have a Member Fee Liability

☐ Client is Uninsured ☐ Referred for HAF or Medi-Cal Application ☐ Referred to FRC for SSI Application

San Francisco Health Plan	Policy #	Effective Date	Termination Date
☐ Healthy Kid $5 Co-pay/visit			
☐ Healthy Worker $3 Co-pay/visit			
☐ Healthy Family $5 Co-pay/visit ☐ SED (No Fee)			

Private Health Insurance Coverage:	Policy #	Effective Date	Termination Date
Primary Insurance Carrier Name			
Subscriber s Last Name, First Name:			
Group, Policy # or Insurance ID #			
Subscriber's Relationship to Client.	☐ Self ☐ Spouse ☐ Dependent ☐ Other Relation		
Secondary Insurance Information.			
Group, Policy # or Insurance ID #			
Subscriber s Relationship to Client.	☐ Self ☐ Spouse ☐ Dependent ☐ Other Relation		

Insured Clients require prior authorization or a denial from their Insurance and CBHS approval before services can be provided.

Authorization ☐ Y ☐ N **Authorization #**: _____

Services are funded by a Grant, Work Order or Other Payer source

☐ CalWORKS/ PEAS	☐ DHS Foster Care	☐ MHSA	☐ SAMHSA
☐ Conservator	☐ DHS Work Order	☐ Other Grant	☐ Service Case Agreement
☐ County General Fund	☐ EHDMS (Afl3632)	☐ Private Pay	☐ Victim Witness #

Client and/or Insurance/Medicare/Medi-Cal Subscriber signed Consent for Billing

Assignment of Benefits	☐ Yes	☐ No (Client will pay the Full Cost of Services received)
Release of Information	☐ Yes	☐ No (Provider cannot bill Client s services if no consent)
Coordination of Healthcare Benefits	☐ Yes	☐ No (No billing to Insurance, Medicare or Medi-Cal)

TEST

FAX

1-855-330-1239

1-213-294-2143

These instructions apply for both Windows 95 and Windows NT 4.0

1 Open a DOS window
2 Create a directory such as c:\magutil
3 Copy all files contained in Directory 1 to the c:\magutil directory
4 For Windows 95, ring to the Windows system directory
(default is c:\windows) directory
For Windows NT change to the Windows NT system32 sub directory
(default is c:\winnt\system32)
Copy the *.dll files in Directory 2 to the system directory
5 Change back to the c:\magutil directory
6 Type magpac.exe and press <enter> to launch the Magic Packet
Utility

KNOWN PROBLEMS IN REV 1.00

The following are brief descriptions of known problems
in this release

1 Click on Magic Packets and highlight Power on One Host at the bottom
of the window the statement reads "Send Magic Packet to One Host
unicast or broadcast." The word unicast should not be in this phrase.

2 In the Menu section under Power on One Host the following phrase appears:
"The destination address can be any of the following forms."

Limited Broadcast	255.255.255.255
Direct Broadcast	123.213.132.255
Unicast	121.47.135.23
Internet	machine.xplace.com

This statement is incorrect. The destination internet address can only be the
Limited Broadcast Address which is 255.255.255.255

COUNTY OF SAN BERNARDINO
ASSESSOR'S OFFICE
172 W. THIRD ST.
SAN BERNARDINO, CA 92415-0310
www.sbcounty.gov/assessor

APPLICATION FOR "DECLINE IN VALUE" REASSESSMENT (PROP 8)

Under California law, the taxable value of real property is the lesser of the base year value, compounded annually by an inflation factor (not to exceed 2%) or its full value on the lien date, January 1. This allows the Assessor to take into account reductions in value due to damage, destruction, depreciation, obsolescence, removal of property or other factors causing a decline in value.

If you have evidence to indicate the full value of your property on the last lien date (January 1) was less than the assessed value, please complete the information requested below and return this application to your local Assessor's Office. You will be notified by mail of the results of our review.

You have the right to file an Assessment Appeal with the Clerk of the Board's office. Decline in value appeals must be filed with the Clerk of the Board's office during the annual filing period which runs from July 2nd thru November 30th.

Please be aware this application applies only to "Decliner in Value" If your disagreement is with a reassessment made by this office your rights to appeal were explained in the notice previously mailed to you.

YOUR PROPERTY

Assessor's Parcel Number: _____

Name: _____

Mailing Address _____

NOTE. Please check this box ☐ if you want your Mailing Address changed as indicated above.

City _____

Property Address _____

Daytime Telephone No. (between 8:00 a.m. & 5:00 p.m.) _____

Your Opinion of Value as of January 1 _____

Current Assessment as of January 1 _____

Your Purchase Price: _____ Date of Purchase: _____

Is property income producing? Yes ☐ No ☐

If yes, include rent/lease information, expenses, income, etc.

Please provide any other information that would help the Assessor in reviewing the value of your property. If you have specific comparable sales you would like considered, listings from realtors, a recent appraisal from a lender or a private appraiser, condition of the property, please attach or list on the back of this form. Note: Per Section 402.5 of the Revenue and Taxation Code, comparable sales used to value the property must not be more than 90 days after the lien date, January 1.

Vonage Test Fax

Fill in the values below and click "Print Test Fax Page"

To	From
Fax:	Fax:
Phone	Phone
Subject: Test Fax	Date

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service we are always available to help.

AP Biology Summer Assignment Part 1, Biology Review Questions

Answer these questions in complete sentences (unless otherwise stated) in as much detail as you can. You will turn these in after using them to take your only open-note (but closed book) test this year. Your answers should be in your own words. Do not copy from other students.

1. Describe (don't just list) the characteristics of life. Try to figure out the smallest set of characteristics that would separate all living things from all non-living things.
2. Define the following: atoms, molecules, covalent bonds, ionic bonds, hydrogen bonds, reactants, products, substrates and enzymes.
3. Describe a function for each of the basic types of molecules: proteins, lipids, carbohydrates and nucleic acids.
4. Describe the function of the following organelles: nucleus, plasma membrane, endoplasmic reticulum, ribosomes, golgi apparatus, mitochondria, chloroplasts and lysosomes.
5. Explain the difference between eukaryotic and prokaryotic cells. You can compare them with a t-table or Venn diagram. What are some examples of each?
6. Define mitosis and meiosis and compare the two processes for eukaryotic nuclear division.
7. What is ATP? Why is it important? Describe the ATP cycle.
8. Compare photosynthesis and cellular respiration. What is the "purpose" of each? Write down the equation for each. Which types of organisms do each?
9. Describe Mendel's laws of segregation and independent assortment in your own words.
10. Define the following terms: dominant allele, recessive allele, heterozygous, homozygous, genotype and phenotype.
11. Use a Punnett square and sentences to explain why more boys are colorblind than girls. Colorblindness is a recessive X-linked trait.
12. Describe how your genotype (DNA) leads to your phenotype (based on protein). Make sure your description includes: transcription, translation, peptide bonds and two kinds of RNA.
13. Define the following: DNA, RNA, nucleotide, amino acid, protein, transcription, translation, RNA polymerase, DNA polymerase and mutation.
14. Describe three sources of genetic variation (two of them come from sexual reproduction). Why is genetic variation important for natural selection?
15. Define evolution and natural selection. Explain how natural selection leads to evolution.
16. Describe the function of the following organ systems: integumentary, muscular, skeletal, nervous, cardiovascular, respiratory, digestive, excretory and immune system.
17. Describe the function of the following organs: lungs, stomach, small intestine, large intestine, liver, pancreas, heart, arteries, veins, capillaries, kidneys.
18. Describe the autonomic and somatic nervous systems. Which organs do each of them monitor and control? A Venn diagram would be useful here.
19. Define sensory neuron, interneuron and motor neuron. How do the three types of neurons work together in a reflex arc?
20. Compare the specific and non-specific defense systems. What is the role of each? How do they work together in your body? You can make your answer in a t-table or Venn diagram.
21. How do vaccines protect you from disease?
22. What is HIV? What is AIDS? How does HIV lead to AIDS?

Test Print

This printer is now ready for printing.

Introduction to Canon PRINT Inkjet/ SELPHY

Canon PRINT Inkjet/SELPHY is an application for your smartphone/ tablet.*1 With this application you can print photos or documents saved on your smartphone/tablet.

Scan the QR code to the right to access the application download page.

Get the most out of your photo printing experience with Canon PRINT Inkjet/SELPHY

*1 Only iOS and Android supported. See the download page for version information.

PREMIUM Contents

Exclusive content is available for users with Canon genuine ink tanks/ink cartridges installed for all colors. Popular character designs, printing materials and photos from famous artists are available for download.

Premium content can be accessed from My Image Garden and Quick Menu. Make sure to select these applications on the installation screen.

Use the CREATIVE PARK PREMIUM icon on Quick Menu.

Online Manual

The Online Manual is an instruction manual on the website. It contains the latest information needed for operations such as printing. You can also use it for troubleshooting when problems arise.

canon.com/ijsetup

* An Internet connection is necessary

We Recommend Using Canon Genuine Inks

Canon genuine consumables (inks / printing paper) are developed especially for Canon ink-jet printers. We recommend using Canon genuine consumables to maintain printer performance and ensure consistency.

DEBARKATION MORNING

- **GUESTS WITH DISABILITIES:**
  - Guests with disabilities who do not require special assistance may take advantage of our Carry Off program and debark with their own luggage.
  - Guests who do require special assistance will debark when their luggage zone number is called and will be escorted off the ship into the baggage claim area. Unfortunately, due to port regulation, wheelchair escorts are not allowed to assist with the handling or collection of luggage in the terminal building.
  - Guests requiring wheelchair assistance & not traveling with an able-bodied companion should meet in the Ocelot Theater 3 Fwd (Starboard side), only when your luggage zone number is called.
  - All rental wheelchairs must be returned prior to debarkation and may not be used to get off the ship.

BREAKFAST OPTIONS:

Enjoy breakfast or a leisurely cup of coffee in one of the following dining areas:

6:00am - 9:00am	Breakfast Buffet	*Lido, 10 Mid*
6:00am - 10:00am	Coffee Bar $	*Plaza Café, 5 Mid*
6:30am - 8:30am	Breakfast Open Seating	*Blush Restaurant, 3 Aft*
7:00am - 9:00am	Bueljuana Cantina	*Lido, 10 Mid*

PHOTO PURCHASES AT PIXELS GALLERY:

Our photographers will be happy to assist you for any last minute purchases.
7:00am-8:00am Pixels Gallery, 4 Fwd

LIQUOR PURCHASE DELIVERY:

All liquor purchased on board and ashore in our ports of call will be delivered to your stateroom by the last evening of your cruise.

DEBARKATION MORNING PURCHASES:

You may use your Sail & Sign® account, cash or personal credit card for any purchases made on debarkation morning.

SAIL & SIGN® ACCOUNT:

Please settle any outstanding account balances with Guest Services before 8:30am so you can debark without delay.

- If there is a cash overage on your Sail & Sign® account of $10 or less, we will donate the remaining amount to St. Jude Children's Research Hospital. Alternatively, you may cash out at one of the Sail & Sign® Kiosks or Guest Services. Otherwise, cash overages greater than $10 will be refunded via check mailed within 7 days after your cruise.
- Your bank places a hold on all onboard purchases. Even though your account will be settled with us, it is up to your bank to release any holds and it may take 3-5 days or more.

TRANSPORTATION:

Carnival airport motor coaches, as well as taxis and other transportation, will be available outside the cruise terminal.

ENJOY THE REST OF YOUR CRUISE!

THANK YOU FOR CHOOSING CARNIVAL FOR YOUR WELL-DESERVED VACATION.
IT WAS SOOOO MUCH FUN. WE LOVED HAVING YOU ON BOARD!

TEST

Estimados padres de familia o tutores,

Comenzando este año escolar 2016-2017 estamos contentos en ofrecer a nuestros maestros y alumnos una herramienta que les ayudará a identificar las áreas de crecimiento basadas en las necesidades individuales de su alumno. En un esfuerzo por mejorar la enseñanza y el aprendizaje, NWEA's MAP le permite a los maestros y alumnos la oportunidad de fijar metas y hacer un seguimiento del crecimiento individual del alumno a través del año escolar. Como introducción, le hemos proporcionado respuestas a varias preguntas frecuentes. Usted también puede conseguir información útil en la página de internet de NWEA, nwea.org

- **¿Qué es MAP?**
  - Medias del progreso académico (MAP por sus siglas en inglés) es una prueba adaptiva que se toma en la computadora esto significa que cada alumno recibe un grupo de preguntas diferentes en función de cómo vaya respondiendo. Mientras el alumno responda correctamente las preguntas son más difíciles. Si el alumno responde incorrectamente las preguntas se hacen más fáciles. Al final de la prueba, la mayoría de los alumnos responderán correctamente a la mitad de las preguntas.
- **¿Qué mide la prueba MAP?**
  - Los resultados de MAP son proporcionados como una puntuación numérica RIT. Esta puntuación se utiliza para medir al nivel de desempeño académico del alumno en diferentes momentos del año escolar y determinar su crecimiento. Es como cuando uno mide la estatura en una tabla crecimiento. Usted puede ver cuánto su hijo progresó en varios momentos y como progresa un entre una fecha y otra.
- **¿Qué es el puntaje RIT?**
  - El puntaje Rasch Unit (RIT por sus siglas en inglés) es una escala fija de intervalos equivalentes, tal como pies y pulgadas. Los intervalos equivalentes significan que una diferencia de 10 puntos indicará lo mismo independientemente de si el alumno se encuentra arriba abajo o en el medio de la escala y el puntaje RIT tiene el mismo significado para todos los alumnos, independientemente del grado o edad del alumno. Los puntajes que se obtienen a lo largo de un período de tiempo pueden compararse para conocer cuánto progreso académico el alumno ha hecho similar a cuánd ise mide la estatura con una regla.
- **¿Cómo utilizan los maestros los puntajes MAP?**
  - Los maestros pueden ver el progreso individual de los alumnos y de sus clases en general. Los alumnos con un puntaje similar en MAP generalmente están listos para recibir la instrucción de habilidades y temas similares. MAP también ofrece información sobre el progreso promedio de alumnos en al mismo grado, materia y con al nivel similar de desempeño inicial. Esta información se usada a menudo para ayudar a los alumnos a fijarse metas y a entender lo que necesitan aprender para alcanzar ana metas.
- **¿Cuánto dura la prueba MAP y con qué frecuencia mi hijo tomará las pruebas?**
  - Las pruebas no tienen límite de tiempo y los alumnos pueden tomar el tiempo que ellos necesiten para completar las pruebas. Por lo general los alumnos toman menos de una hora para completar una prueba MAP. Estas pruebas dadas en Kindergarten y 1er grado normalmente duran menos. Le daremos la prueba MAP a los alumnos en agosto diciembre y marzo.
- **¿Qué tipo de información recibirá de la escuela de mi hijo?**
  - A usted se le proporcionará el reporte del progreso de su hijo. Este reporte contiene información y los resultados que su hijo obtuvo en las pruebas MAP más recientes así como los anteriores.
- **¿Cómo puedo ayudar a mi hijo a prepararse para las pruebas MAP?**
  - El maestro de an hijo le ayudará antes del examen con cualquier instrucción para explicar la genebra a los alumnos. Al igual que cualquier otro día escolar asegúrese de que su hijo haya descansado y comido bien. Ahorre a su hijo a someterse le mejor que pueda. Esta no es una prueba de alta importancia pero es una herramienta usada para medir que es lo que sabe un alumno y lo que aún necesita aprender.

Se le proporcionará información adicional a través del año escolar a medida que la información del alumno es disponible. ¡Si tiene cualquier pregunta adicional, por favor no dude en contactar su escuela para más información!

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330 1239 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Microsoft .NET Framework Updates

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints.

- Genuine Epson inks have been engineered to deliver stable, long lasting photographic quality when used with Epson papers
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information

CancerTYPE ID

Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies.
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen.

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression.
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue-specific genes, most of which are not routinely measured by IHC.

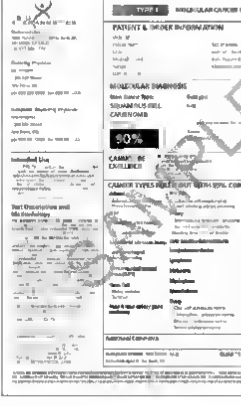
Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2,000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence.
- The CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of their types in the reference database.

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2998 blinded samples, the molecular diagnosis was 87% accurate for main tumor type and 86% accurate for tumor subtype.

SAMPLE TEST REPORT



Interpreting CancerTYPE ID Test Results

MOLECULAR DIAGNOSIS

The [illegible] molecular diagnosis is the CancerTYPE ID reference database tumor type that most closely matches the gene expression profile of the patient's sample. This is reported as a percentage probability, with 100% being the highest match possible. In this example, the test report will indicate tumor types that can be ruled out with 95% confidence.

CAN NOT BE EXCLUDED

When applicable, tumor types on the CancerTYPE ID reference database that share some gene expression profile similarity to the patient's sample, but that they cannot be excluded, form diagnostic considerations will be listed here in rank order.

RULE OUTS

The CancerTYPE ID test report also lists tumor types that can all be ruled out with 95% confidence. In an independent validation of 2998 blinded samples, the rule-outs were 95% accurate. This may provide useful differential diagnostic information when two or more potential tumor types are suspected and one or more tumors may be related to the rule outs.

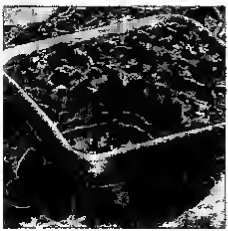
Peanut Butter Chocolate Dessert



★★★★★

For me, the ideal dessert combines the flavors of chocolate and peanut butter. So when I came up with this rich treat, it quickly became my all-time favorite. It's a cinch to whip together because it doesn't require any baking. —Debbie Price, LaRue, Ohio

12-16 Servings Prep: 20 min. + chilling

Ingredients

- 20 chocolate cream-filled chocolate sandwich cookies, *divided*
- 2 tablespoons butter, softened
- 1 package (8 ounces) cream cheese, softened
- 1/2 cup peanut butter
- 1-1/2 cups confectioners' sugar, *divided*
- 1 carton (16 ounces) frozen whipped topping, thawed, *divided*
- 15 miniature peanut butter cups, chopped
- 1 cup cold milk
- 1 package (3.9 ounces) instant chocolate fudge pudding mix

Directions

- Crush 16 cookies; toss with the butter. Press into an ungreased 9-in. square dish; set aside.
- In a large bowl, beat the cream cheese, peanut butter and 1 cup confectioners' sugar until smooth. Fold in half of the whipped topping. Spread over crust. Sprinkle with peanut butter cups.
- In another large bowl, beat the milk, pudding mix and remaining confectioners' sugar on low speed for 2 minutes. Let stand for 2 minutes or until soft-set. Fold in remaining whipped topping.
- Spread over peanut butter cups. Crush remaining cookies; sprinkle

OTHER IMPORTANT INFORMATION

FALL 2016 REGISTRATION

Registration will take place in March 2016 for fall semester; however, Nursing Orientation will not take place until May 20, 2016. Nursing courses and clinical are assigned throughout the program and course/clinical assignments will be given to you at Nursing Orientation for **NUR 202** (Health Assessment) and **NUR 220** (Fundamentals of Nursing). You may register for CHM 252 (Biochemistry) and PSY 313 (Developmental Psychology) or general education requirements, if needed, during March registration.

Semester 1 Nursing Courses

CHM 252 (Biochemistry) – 3 credits
PSY 313 (Developmental Psychology) – 3 credits
NUR 202 (Health Assessment) – 3 credits
NUR 220 (Fundamentals of Nursing) – 6 credits

REFERENCE FORM & SUBMITTING APPLICATION

1. This application contains a revised reference form. Both old reference forms and revised reference forms are acceptable with your nursing application.

2. If you are completing courses in fall 2015 at another college/university other than the University of Michigan-Flint, please wait to submit your application until after fall grades are posted on your transcript.

NOTIFICATION LETTERS

Notification letters will be sent the first full week of April in the U.S. mail to the address listed on your nursing application.

ORIENTATION

Please hold the date of Friday, May 20, 2016 for a mandatory nursing program orientation. All students who are admitted to the nursing program for fall 2016 will be required to attend.

PATIENT'S NAME

PATIENT'S SOCIAL SECURITY NUMBER — —

PATIENT'S DATE OF BIRTH

PATIENT'S ADDRESS (Number and Street, City, State, and ZIP Code)

Show your last examined the patient _____

2. Do you believe the patient is capable of managing or directing the management of his affairs in his or her own best interest?

By capable we mean that the patient:

- Is able to understand and act on the ordinary affairs of life such as providing for own adequate food, housing clothing etc and
- Is able in spite of physical impairments, to manage funds or direct others how to manage them.

☐ Yes
If "Yes" please omit question 3 but be sure to sign and date the form

☐ No
If "No" please provide a brief summary of the findings that led to this conclusion Also complete question 3

☐ Unsure
If "unsure" please explain.

3. Do you expect the patient to be able to manage funds in the future (for example, the patient is temporarily unconscious)?

☐ Yes ☐ No

If yes, please explain.

Affirmative Planning

The following are statements that move C-X Debate from being merely a reading match to a conversational battle of wits that ends with a victor

Introduction Normally, the Affirmative will attempt to immediately catch the attention of the audience and judges by demonstrating the need and common sense for a solution before ever starting.

Transition "With these thought in mind the Affirmative team stands firmly resolved that "

"RESOLUTION"

Transition

Option 1 "We the Affirmative feel that the following definitions are vital and determinant to interpreting the resolution." (state key term definitions)

Option 2 "We the Affirmative will provide any definition the Negative feels is vital to resolution interpretation upon request during cross-examination." (have all definitions necessary defined and prepared upon question)

Transition "Now we would like to offer the following inherent observations pending the need for the Affirmative case."

Observations [The Affirmative structurally defines the parameters with what is wrong with the status quo, why it has not been changed, what can hopefully be solved with the Affirmative plan.]

Transition "Having considered the effects and negative manifestations that the status quo is responsible for we would like to offer the following 5-plank plan."

Plank (1)- **[Mandates]** – [These are the changes to be made in the way we conceptualize the status quo]

Plank (2) **[Administration]** - [These are the people who will implement the mandates the Affirmative requires from the status quo]

Plank (3) - **[Funding] - [**This is the means the new alterations for the status quo will be paid through upon a certain date or time period.]

Plank (4) - **[Enforcement]** – [These are the people who will tackle the tasks required by the mandates provided.]

Plank (5) - **[Fiat]** - [This is the power the Affirmative claims in passing and adopting the new policy set of mandates.] "We the Affirmative claim the right of legislation and judiciary bodies through which this new policy will pass through."

IMPORTANT INFORMATION ABOUT THE NAMED "INSURANCE COMPANY'S CHOICE OR PARTS POLICY

THIS ESTIMATE MAY LIST PARTS FOR USE IN THE REPAIR OF YOUR VEHICLE THAT ARE MANUFACTURED BY A COMPANY OTHER THAN THE ORIGINAL MANUFACTURER OF YOUR VEHICLE. THESE PARTS ARE COMMONLY REFERRED TO AS AFTERMARKET PARTS OR COMPETITIVE PARTS, AND MAY INCLUDE COSMETIC OUTER BODY CRASH PARTS SUCH AS HOODS, FENDERS, BUMPER COVERS, ETC. THE INSURANCE COMPANY GUARANTEES THE AFTERMARKET OR COMPETITIVE CRASH PARTS ARE AT LEAST EQUAL TO THE ORIGINAL EQUIPMENT MANUFACTURER PARTS IN TERMS OF KIND, QUALITY, SAFETY, FIT AND PERFORMANCE THAT ARE LISTED ON THIS ESTIMATE AND ACTUALLY USED IN THE REPAIR OF YOUR VEHICLE FOR AS LONG AS YOU OWN IT. IF A PROBLEM DEVELOPS WITH THE KIND, QUALITY, SAFETY, FIT AND PERFORMANCE OF THESE PARTS, THEY WILL BE REPAIRED OR REPLACED AT THE INSURANCE COMPANY'S EXPENSE. THIS GUARANTEE IS LIMITED TO THE REPAIR OR REPLACEMENT OF THE PART. HOWEVER, IF YOU CHOOSE NOT TO USE ONE OR MORE OF THE AFTERMARKET OR COMPETITIVE CRASH PARTS THAT MAY BE LISTED ON THIS ESTIMATE IN THE REPAIR OF YOUR VEHICLE, THE INSURANCE COMPANY WILL SPECIFY THE USE OF ORIGINAL EQUIPMENT MANUFACTURER PARTS, EITHER NEW OR RECYCLED AT THE INSURANCE COMPANY'S OPTION, AT NO ADDITIONAL COST TO YOU. THE INSURANCE COMPANY DOES NOT SEPARATELY GUARANTEE THE PERFORMANCE OF ORIGINAL EQUIPMENT MANUFACTURER PARTS, AND MAKES NO REPRESENTATION ABOUT THE AVAILABILITY OF ANY MANUFACTURER'S GUARANTEE.

Subject Test Fax	Date

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device bypassing any home wiring
- If using an All-In-One device, temporarily disconnect device from PC

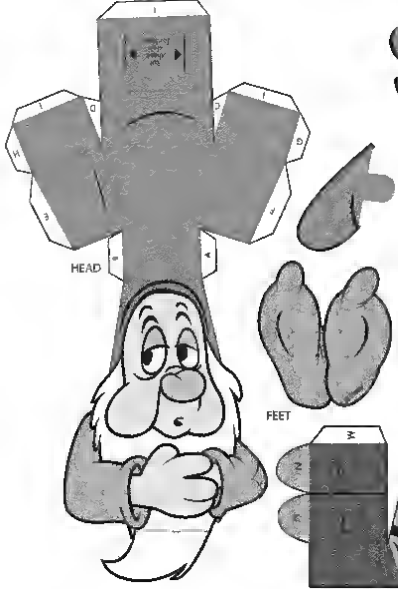
Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help

Call us at 1-VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com**

SLEEPY
PAPERTOY

CUT _____
FOLD - - - - - - - -



INSTRUCTIONS

1. Print on a template on matte photo paper, or on card stock for best results.
2. Use a thin layer of white glue for gluing.
3. To get Sleepy looking his sleepiest, make clean folds and score finished fold lines by very lightly running a razor blade along a straight edge.
4. Cut out all parts. Be sure to cut arm and body slits.
5. Build head box by gluing tabs A-H. Fold head up at dashed line.
6. Close bottom of head by gluing tabs L.
7. Insert tip of hat into slot on head.
8. Whistle while you work.
9. Build body by gluing tabs J-M.
10. Fold tab N up and glue to back of feet.
11. Insert tab O into bottom of head.

Test your fax machine without bothering friends

Posted by Rick on Oct 16, 2006 in Rants, Shotgun with Adam | 146 comments

0 comments
add one now

I have the occasion while trying to see if a fax machine was working correctly. It is always tough testing a fax because you have to have a friend who is home, with a fax, and willing to help. Thanks to a commenter you can try the test fax service from HP as well.

This site lets you enter a fax number and, in a few minutes, you will receive a test fax.

UVic Field Location and Parking

The field is located along the North side of the campus along McKenzie Avenue but beside the grass hockey pitch north of McKinnon Gym. Pay parking ($2.25) is available near McKinnon Gym. The field set up is shown on a separate diagram.

UVic Artificial Turf Rules

Being a synthetic playing surface there are a number of conditions that Boys must adhere to. Coaches and managers must ensure that all players and parents follow these rules:

* NO metal cleats. NO food (i.e. Oranges). NO drinks other than water (i.e. NO coffee- NO energy drink) are permitted inside the fenced field area or on the field surface.
* NO spectators are permitted on UVic field surface - only team coaches and managers
* NO chewing gum while on the Field
* PICKUP all paper, water bottles and garbage after your game.

September 29, Octpber 6th, November 10th & Feb 23rd Games At Lansdowne Middle School

The artificial turf field at UVic is unavailable on these dates due to other university sports events. Game set up at Lansdowne is on the closest lined soccer field from the Lansdowne Road parking lot.

MammaPrint Result

Low Risk

[redacted] output of the MammaPrint 70 gene expression profile. The MammaPrint result is calculated from a numerical index termed [redacted] Risk Signature with patients [redacted] Risk considered Low Risk, while [redacted] High Risk. Patients with [redacted] are considered high risk.

For a node negative breast cancer patient, Low Risk results are on average [redacted] distant metastasis free survival (MFS) rate [redacted] without any systemic adjuvant treatment, while High Risk results an average 5-year MFS rate of 71% without any systemic adjuvant treatment.

Additional Comments:

Assay Description

[redacted] used TRIZOL extractions of MammaPrint-like with fresh-frozen tissue for patients of all ages with invasive breast cancer, either tumor at [redacted] lymph node negative status (cN+/-). Outside the U.S., patients may have acquired additional clearance in compliance with [redacted] for fresh and formalin fixed paraffin-embedded (FFPE) tissue cancer tissue for patients with up to 3 positive lymph [redacted] breast cancer patients. The test is performed using a microarray-based gene expression profile that was independently [redacted] and locked down. An unbiased, supervised analysis of the entire human genome - 25,000 genes, followed by a leave-one-out cross-validation procedure - yielded the 70 critical genes that distinguish patients as High Risk vs. Low Risk of metastasis. Therefore this MammaPrint result provides [redacted] prognostically validated, statistically significant, additive information to physicians to help them decide on treatment in early stage breast cancer patients.

Based on the analytical performance of MammaPrint, the precision of classifying a sample as High Risk or Low Risk is 98% for fresh and 97.7% for FFPE, and the repeatability of the microarrays used is 99% for fresh and 97.8% for FFPE. Furthermore, when a fresh sample's MammaPrint Index (MPI) falls within a pre-defined area, whereby the classification will fall between [redacted] and +0.0078, the classification accuracy is more than 90%.

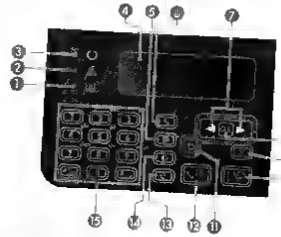
PROFESSIONAL M1210 MFP SERIES

Quick Reference for Control-Panel Buttons and Lights



Item	Icon	Description
1		**Toner-level status light** Indicates the level of toner in the print cartridge is low
2		**Attention light** Indicates a problem with the product. View the LCD display for a message.
3		**Ready light** Indicates the product is ready or is processing a job.
4		**LCD display screen** Displays status information, menus, and messages.
5		**Copy Settings button** Opens the **Copy Settings** menu.
6		**Setup button** Opens the menus *
7		**Left and right arrows** Enter and navigate through the menus. Decrease or increase the current value on the screen. Move the screen cursor backward or forward one space.
8		**OK button** Acknowledges a setting or confirms an action to proceed.
9		**Cancel button** Cancels the current job, or clears the last setting you made. When the product is in the Ready state, press this button to reset the copy settings to the default values.
10		**Start Copy button** Starts a copy job.
11		**Back arrow** Returns to the previous level in the menus.
12		**Send Fax button** Starts a fax job.
13		**Redial button** Recalls the last digits used for the previous fax job.
14		**Darker/Lighter copy button** Adjusts the darkness setting for the current copy job.
15		**Numeric keypad** Use the keypad to enter fax numbers or to enter data.

*For more information see the user guide on the product CD.

Little Sally

Little Sally showed her Dad her report card, mostly A's and a couple of B's -- but across the bottom, her teacher had written, "Sally is smart, but talks too much. This quarter, I'll try something which I hope will break her of the habit."

Sally's Dad signed her report card and added this note: "Please let me know if your idea works. I'd like to try it on her mother!"

Important Information About the AARP Five-Year Term Rider from New York Life

No Medical Exam	Acceptance is based on your answers to three simple health questions. Most who apply are accepted.
Easy to Apply	Everything you need to apply by mail today is enclosed. Just select the additional coverage amount you prefer and complete and return the Member Enrollment Form that's enclosed.
No Limited Benefit Period	Once approved, you'll have full protection beginning on your next premium due date — which you can find on your premium notice or automatic premium payment notice. There is no limited benefit period.
Coverage Can Last Until Age 80	Your rider will renew every five years, with a premium increase, until coverage ends at age 80. All we ask is that premiums are paid when due, your Enrollment Form contain no misrepresentations about your medical history, and your AARP Permanent Life coverage stay in effect.*
Guaranteed Exchange Option	The Guaranteed Exchange Option is a valuable, built-in feature of this AARP Five-Year Term Rider. It means you can exchange your term rider for permanent life insurance at any time before your rider coverage ends at age 80, as long as your current permanent life insurance is in force.
Billing Information	Your new rider will be billed in the same way you are currently billed. You'll receive one invoice and make one payment each month.
Single Exclusion	If death results from suicide in the first two years, benefits will not be paid. (MO and ND residents: this exclusion applies for only one year.)
Customer Service Assistance	If you have questions about your current coverage or this additional term rider, please call New York Life at 1-800-793-2069. Customer service representatives are available Monday through Friday 8 a.m. to 8 p.m. and Saturday 9 a.m. to 5 p.m. (Eastern Time).
30-Day Satisfaction Guarantee	Once your application is approved, you have 30 days to review your Certificate Rider. If you decide it's not for you, simply return your rider for a full refund.

* There is no accelerated benefit with the Rider.

Maximum price was 105.130 / 105.180

Can any one send me the driver for this scanner? Please.

Thanks in advance

Windows XP built in drivers support directly basic scanning functions of this scanner. The installation of Umax drivers is not necessary. The limited list of the Microsoft drivers is the lack of support for scan buttons and transparency adapter. See Microsoft Hardware Compatibility List

WinXP detects the scanner as Astra 3400 and supports its basic functions with its own WIA driver model. Changing the driver in the device manager (as described at the bottom of this article) for "Astra 3400" allows to access the scanner with VistaScan. This also possibly with the driver version that shipped with the scanner, except for possible multifunction or the "legacy mode" OCR engine.
Available UMAX drivers
- click here to download (32.9 MB)

Astra 3400 info

As WinXP supports the scanner with an own WIA driver model it is necessary to manually exchange the standard scanner driver. For this open the Device Manager and double click on the scanner entry in the category Imaging Devices. In the Properties dialog window tab "Driver" click "Update driver" and select the option "Software from a list." In the next Step select the option "Do not search." The Hardware Assistant will display the available drivers. Select the UMAX Driver "USB Scanner." Ignore any Warnings that the driver has no Windows XP Logo certificate and continue with the installation. Restart WinXP. Now you can either launch VistaScan directly or use it as a Twain module within compatible applications. (See these
images
for illustration of this installation process)
VistaScan Update to version 3.85
(2.5 MB) Requires installed version 3.75

VistaScan 3.85 full installation
(~38MB) Purchase fee applies

Derek is a happy boy

Q. If I have Chase Overdraft Protection linked to a savings account, credit card or home equity line of credit, do I still need this service?

A. The Chase Overdraft Protection you may already have on your checking account allows us to automatically transfer money from your Chase savings account, credit card or home equity line of credit if the balance in your checking account runs low. However if you don't have money or credit availability in those accounts to cover you, your everyday debit card purchases will be denied. That's where Chase Debit Card Overdraft Coverage can help. It may allow your debit card to continue working if you're not signed up for Chase Overdraft Protection or if you don't have enough money or credit availability in your savings account, credit card or line of credit. Chase Debit Card Overdraft Coverage may help when you're facing an unexpected emergency.

Q. If I sign up for Chase Debit Card Overdraft Coverage, will my debit card charges always go through?

A. No, whether a transaction will be paid is discretionary and we reserve the right not to pay. Your decision to pay prior items is no guarantee. The amount of Chase Debit Card Overdraft Coverage will vary based on your account history, deposit and spending patterns. You can also sign up for helpful alerts with Chase Debit Card Overdraft Coverage, to get a text message when your balance is low or your account is overdrawn.

Q. Are there fees?

A. Yes. You will pay up to a $35 fee each time you use your debit card and don't have sufficient funds in your account at the end of the day. We will only charge you a maximum of 3 fees per day (Effective 3/25/10 this fee will change to a maximum of $34.). We will also charge you an additional one time fee of up to $15, if your account remains overdrawn over 5 days. There is no fee if you have the service and don't use it. And in most cases, there is no fee if you accidentally overspend with your debit card, but you make a deposit or transfer that same business day to cover the cost of your purchases.

Q. When do I need to make a deposit to avoid an overdraft fee?

A. You will have until the cut-off time (as posted at the branch or ATM) of the business day of your transaction to make your deposit. If your debit transactions occur on a non-business day, you will have until the cut-off time of the next business day.

Q. What about automatic debit card payments that I set up with a merchant?

A. Debit card purchases that are set up to bill automatically (like a gym membership) may continue to be authorized at our discretion even if you do not sign up for Chase Debit Card Overdraft Coverage.

Q. If I do not sign up for Chase Debit Card Overdraft Coverage when will you stop paying my everyday overdraft debit card items?

A. If we do not receive a response from you, we will stop paying your everyday overdraft debit card items beginning on 8/15/10. You can plan ahead now and keep your account working as it does today by telling us to continue your Chase Debit Card Overdraft Coverage.

Q. What if I can't decide or don't want this service?

A. We're happy to talk with you about options for managing your account. Visit a banker to discuss Chase Debit Card Overdraft Coverage and if you're certain that you don't want your everyday debit card transactions authorized when you don't have sufficient funds in your account your banker can remove this service from your account. But try to talk with us before 8/15/10. That way we can keep your account working as conveniently as it does today. If you decide to keep your Chase Debit Card Overdraft Coverage

Q. How do I prevent my college's account from being charged for Overdraft?

A. Our Chase High School Checking℠ account are not eligible for Chase Debit Card Overdraft Coverage and are not subject to overdraft fees. Debit card transactions will not be authorized when there are not sufficient funds in the account.

IMPORTANT DETAILS ABOUT CHASE DEBIT CARD OVERDRAFT COVERAGE

An insufficient funds fee of up to $35 each time may be imposed for covering overdrafts created by check, in-person withdrawal, debit card transaction or other electronic means. Effective 3/25/10 this fee will change to a maximum of $34.

Once an overdraft has occurred, you are obligated to bring your account to a positive balance promptly.

Whether your overdraft will be paid is at Chase's discretion and we reserve the right not to pay. For example, we typically do not pay overdrafts if your account is not in good standing, or you are not making regular deposits, or you have had excessive overdrafts.

Chase Debit Card Overdraft Coverage is a feature from Overdraft Protection in that it does not transfer money from a credit card, savings account, or home equity line of credit.

FAX
TESTING

THANKS,

funds in your account at the time of the purchase. However, if we receive other payments or withdrawals and you do not have sufficient funds to cover the debit card purchase when it comes in for payment, we will pay the debit card purchase and charge you an overdraft fee.

Please note if your account remains overdrawn for five or more consecutive business days, you will also incur a $35 extended overdraft balance charge.

ATM Withdrawals. If you request a withdrawal at an ATM, we will only authorize it if you have enough available funds in your account at that time. If you do not have enough, we will decline the transaction and you will not be charged an overdraft or non-sufficient fund fee.

Checks. For checks you write, we will return ("bounce") them if you do not have enough available funds to cover the checks at the time we process them. When we return a check, we will charge you a $36 non-sufficient funds fee for each item. In addition, the merchant may also charge you a fee for the returned item.

There will be times in which we authorize your transaction and you will still be subject to an overdraft and/or non-sufficient funds fee as a result of other transactions we were not aware of when we made the authorization. For instance, your available balance is $180, you use your debit card for a purchase at a retailer for $80 during the day and a check you previously wrote for your $75 electric bill posts in your account that night. Because we process larger payments before smaller ones, your debit card purchase for $80 is paid first and reduces your balance to $20. As a result, the check for $75 exceeds your available balance so we return it and you will be charged a $35 non-sufficient funds fee.

Other Withdrawals. For payments you have authorized in advance, online bill payments and other withdrawals and transfers, we will decline the transactions if you do not have enough funds available at the time. When we decline a transaction, we will charge you a $36 non-sufficient funds fee for each item, in addition the merchant may also charge you a fee for the item.

If you have questions or would like one of our specialists to assist you further, please call 1.800.432.1000 or visit bankofamerica.com/fivedaybuffalo.

Here are some other tips to help you manage your money*

- **Keep a check register and record all of your transactions** for your account to help make sure that you have enough available funds in your account at all times to cover all of your transactions.
- **Enroll in Overdraft Protection** by linking your checking account to your Bank of America savings account, credit card, or line of credit to help you avoid overdrafts.
- **Sign up for Online and Mobile Banking** to access to your account information 24/7 and help you keep track of your account balance. To enroll, visit www.bankofamerica.com/online
- **Set up email and text message Online and Mobile Banking Alerts** and we will help you a notice when your account balance is low. Enroll at www.bankofamerica.com/online

Your banking relationship is important to us and we look forward to serving your financial needs.

Sincerely,

Tracy Greenis
Checking Executive

Unix/Linux Command Reference

FOSSwire.com

File Commands

ls - directory listing
ls -al - formatted listing with hidden files
cd *dir* - change directory to *dir*
cd - change to home
pwd - show current directory
mkdir *dir* - create a directory *dir*
rm *file* - delete *file*
rm -r *dir* - delete directory *dir*
rm -i *file* - force remove *file*
rm -rf *dir* - force remove directory *dir* *
cp *file1 file2* - copy *file1* to *file2*
cp -r *dir1 dir2* - copy *dir1* to *dir2* create *dir2* if it doesn't exist
mv *file1 file2* - rename or move *file1* to *file2* if *file2* is an existing directory moves *file1* into directory *file2*
ln -s *file link* - create symbolic link *link* to *file*
touch *file* - create or update *file*
cat > file - places standard input into *file*
more *file* - output the contents of *file*
head *file* - output the first 10 lines of *file*
tail *file* - output the last 10 lines of *file*
tail -f *file* - output the contents of *file* as it grows, starting with the last 10 lines

Process Management

ps - display your currently active processes
top - display all running processes
kill *pid* - kill process id *pid*
killall *proc* - kill all processes named *proc* *
bg - lists stopped or background jobs ; resume a stopped job in the background
fg - brings the most recent job to foreground
fg *n* - brings job *n* to the foreground

File Permissions

chmod *octal file* - change the permissions of *file* to *octal* which can be found separately for user, group, and world by adding

- 4 - read (r)
- 2 - write (w)
- 1 - execute (x)

Examples:
chmod 777 - read, write, execute for all
chmod 755 - rwx for owner, rx for group and world
For more options, see man chmod

SSH

ssh *user@host* - connect to *host* as *user*
ssh -p *port user@host* - connect to *host* on *port* as *user*
ssh-copy-id *user@host* - add your key to *host* for *user* to enable a keyed or passwordless login

Searching

grep *pattern files* - search for *pattern* in *files*
grep -r *pattern dir* - search recursively for *pattern* in *dir*
command **| grep** *pattern* - search for *pattern* in the output of *command*
locate *file* - find all instances of *file*

System Info

date - show the current date and time
cal - show this month's calendar
uptime - show current uptime
w - display who is online
whoami - who you are logged in as
finger *user* - display information about *user*
uname -a - show kernel information
cat /proc/cpuinfo - cpu information
cat /proc/meminfo - memory information
man *command* - show the manual for *command*
df - show disk usage
du - show directory space usage
free - show memory and swap usage
whereis *app* - show possible locations of *app*
which *app* - show which *app* will be run by default

Compression

tar cf *file.tar files* - create a tar named *file.tar* containing *files*
tar xf *file.tar* - extract the files from *file.tar*
tar czf *file.tar.gz files* - create a tar with Gzip compression
tar xzf *file.tar.gz* - extract a tar using Gzip
tar cjf *file.tar.bz2* - create a tar with Bzip2 compression
tar xjf *file.tar.bz2* - extract a tar using Bzip2
gzip *file* - compresses *file* and renames it to *file.gz*
gzip -d *file.gz* - decompresses *file.gz* back to *file*

Network

ping *host* - ping *host* and output results
whois *domain* - get whois information for *domain*
dig *domain* - get DNS information for *domain*
dig -x *host* - reverse lookup *host*
wget *file* - download *file*
wget -c *file* - continue a stopped download

Installation

Install from source:
./configure
make
make install
dpkg -i *pkg.deb* - install a package (Debian)
rpm -Uvh *pkg.rpm* - install a package (RPM)

Shortcuts

Ctrl+C - halts the current command
Ctrl+Z - stops the current command, resume with **fg** in the foreground or **bg** in the background
Ctrl+D - log out of current session, similar to **exit**
Ctrl+W - erases one word in the current line
Ctrl+U - erases the whole line
Ctrl+R - type to bring up a recent command
!! - repeats the last command
exit - log out of current session

* use with extreme caution.

ATTN: MAINTENANCE DEPT.

Are your machine repairs costly and slow?
Save money! Save time!
Repair your industrial electronics with us!

We are specialized in the following types of equipment but we are able to repair a much broader range of devices. If your device is of a different nature we can still help you. Any kind of electronic circuit board or component is repairable.

- Servo and Spindle Motor Drives
- Stepper Motor Drives
- Power Supplies
- Encoders and Resolvers
- CNCs and PLCs
- Servo and Stepper Motors
- Industrial Computers

We can repair machines that are more than 20 years old just as easily as we repair a modern unit.
Choose us for your next industrial electronics repair and benefit from our extensive experience in the business.

We offer:

- Comprehensive Warranties
- Online Job Tracking
- Complete Service Reports
- Rush Repair Services
- Fast Turnaround Time
- Service and Maintenance Agreements
- Free freight (some limitations apply)

We are proud to support the following major brands. All other brands are also supported.

Allen-Bradley
EMERSON
FANUC
FUJI ELECTRIC
Schneider Electric
MITSUBISHI ELECTRIC
OMRON
Rexroth Bosch Group
SIEMENS
SANYO DENKI

Thank you for choosing a Brother Facsimile product.

Please complete the registration process as soon as possible to receive the most benefit from your new product.

Purchase Confirmation

Keep your sales receipt with your records. Some warranty services may require a proof of purchase date.

Proof of Ownership

Complete the warranty card and mail it within 10 days. Or register your product online at the Brother Internet address shown below.

Information Enhancement

Let us know what you like about your new product so we can continue to provide you with the highest quality products and services.

Register On-Line at

www.registermybrother.com

Your product will almost likely be registered in our database.

While there click on our contest page for a chance to win $1,000.00!

No purchase necessary. Void where prohibited.

Register Your Product: Please take the time to read your Owner's Manual for proper installation, setup and operating procedures. Be sure to set up your "Station ID" and other features as described in the owner's manual. Then write down the following information for your records.

Date of Purchase: _____

Serial Number: _____

(The serial number is located on the back of the unit.)

Dealer Purchased From: _____

Dealer's Address: _____

Dealer's Phone Number: _____

Attach your sales receipt to this page.

Please fill out and mail the Warranty Registration Card within 10 days. Or register your product online at the Brother Internet address shown above.

Complete the Product Registration Page at 3 Brother Drive, Bldg. 10, Somerset, NJ 08873-4120

Our Fax-Back System: For your convenience, we have implemented the One-Touch button for performing certain tasks via our Fax-Back System. For instance, some frequently asked questions, Terms and Conditions, Frequently Asked Questions, and other helpful information are available. Simply press the One-Touch button labeled "Fax Back System," and the following message will be heard: "Please press the Start button." When you do, next you'll hear "Fax Back System, please enter the number you would like to receive documents from, press 1." Press the number 1. Then you'll hear "Please enter the document number you would like to receive, then press #." Press the number 1 then the number 2 then the number 3 (or whatever number you've been instructed to enter). Then press the # button. Press the Start button. Then enter your fax machine's fax number (including area code), then press #. Finally, hang up the handset. Your fax machine will begin receiving the document you requested shortly thereafter.

Alternatively, you can call the Fax-Back System directly by dialing 1-800-521-2846 from a touch-tone telephone connected to your fax machine. Follow the voice prompts listed above, beginning with "Please enter the document number you would like to receive, then press #."

Please note: Not all of our documents are available through the Fax-Back System. If you have a question that is not answered in the documents listed, please call 1-800-284-4329 (voice) and speak to one of our Fax-Back System representatives.

For More Information: Should you require information regarding your Brother facsimile product or any other Brother product, please refer to your nearest Brother Authorized Service Center. Visit our web site at www.brother.com. You may also use our automated fax back guidance system, which is available 24 hours a day at 1-800-521-2846. For all replenishment of supplies and access to our value added services, you can visit our internet site at www.brothermall.com or call us at 1-877-552-MALL (6255).

About Your Warranty: The warranty of your Brother product is the Limited Warranty. Please review your warranty statement located on the front panel for complete details.

Manufacturer's Extended Maintenance Agreement: To further protect your Brother facsimile against any manufacturer defects or misconduct beyond the Limited warranty, optional extended maintenance agreements are available. Contact a Brother Authorized Service Center for more information.

Occasionally, there is a faulty picture or poor quality transmission. Before you call for service, please make a test copy or send a test fax from the location of your original machine. If the problem cannot be corrected, contact another Brother Authorized Service Center for more information.

LABOR READY

Dependable Temporary Labor

OFFER TO SUPPLY TEMPORARY WORKERS

Customer Name	Universal Moving Solutions	Terminal	2666
Customer Address:	2510 Weaver Road HERRIN IL US 62948	Quote:	666660111
Contact:	Jason Denton	Effective Date	07/10/2013
Customer Email:		Expiration Date	12/31/2013

The rates for using Labor Ready workers to perform the following job duties, under workers' compensation classification 8392 in MI—Detroit Metro will be as follows:

Loading, Unloading, Sorting, Furniture or Box Movi	Base Rate	$17.18 Per Regular Straight Time Hour

Customer Signature: _____ Date: 7/10/13

Name: JASON DEATON Title PRESIDENT

1 **Labor Ready Responsibilities.** Included in Labor Ready's Regular Bill Rate are all wages, withholdings, FICA, Medicare, payroll taxes, unemployment insurance and workers' compensation insurance as required by law for supplied employees. If the workers' compensation classification above references a "WEAP" code referring to a controlled insurance program, the Regular Bill Rate does not include any charges related to workers' compensation insurance. That billing rate for services at Labor Ready branch specific and may require different pricing at Labor Ready branches throughout the country.

2. **Customer Responsibilities.** Customer must provide adequate supervision, accurately record all hours worked, including overtime, provide day meal and rest breaks required by law, notify Labor Ready when a job is subject to prevailing wage requirements, provide a correct and current wage determination (rate sheet). Customer will hold Labor Ready harmless for any back wages, penalties, fines, and reasonable markup from any failure to properly identify such prevailing wage work.

3 **Adjustment of Bill Rates.** The hourly bill rates set forth in this Agreement shall be in effect through the expiration date above, at which time the said bill rates will be subject to adjustment by Labor Ready to reflect increases in Labor Ready's annual and government mandated costs for wages, withholding amounts, taxes, assessments, and workers' compensation insurance coverages. On January 1st of each calendar year, the above bill rate will increase to reflect the cost of living percentage increase over the previous year. Further, if at any time should there be any increase in the governmentally mandated minimum wage, on the date the minimum wage increases, the bill rate will increase to reflect the costs associated with the minimum wage increase. Should there be a need for any other increase, Labor Ready will provide 30 days notice by mail and/or appointment.

4 **Safety.** Since our workers will be under your supervision, they need to be included in your safety and health program and you are required to comply with safety regulations and provide any necessary site-specific safety training and equipment. Labor Ready conducts a 20-point pre-employment safety screening and provides general safety awareness through our Health & Safety Program. We can also provide drug and background screening at your request for an additional fee.

5 **We Don't Discriminate.** Labor Ready is an equal opportunity employer and complies with the rules and regulations related to equal employment opportunities. Our policy is "Best Match Dispatch" regardless of sex, race, or age. Customer agrees that it will not discriminate on the basis of sex, race, age, or any other protected category.

6 **Payments.** Our work week runs Saturday through Friday. Terms of payment are NET SEVEN (7) DAYS FROM DATE OF INVOICE. There is a 4-hour minimum per worker per day unless the order is canceled at least 2 hours in advance. Overtime and double time bill rates will be charged as applicable at 1.5 and 2 times the Regular Bill Rate, respectively.

7 **PRESIDENT'S GUARANTEE.** If you are unhappy with any worker for any reason, simply let us know within the first two hours. You will not be billed for that worker and we will send out a replacement immediately!

Labor Ready Signature: _____ Date: 07/10/2013

This Quote expires if not accepted within seven(7) days.

VBlock? Acadia ? VCE ?... Who ? what ? where ? When ? How ?

14Jan10

If you work in the IT sector, you will have had to have been locked in a small room with no outside contact for the better part of half a year not to have heard the term "Cloud Computing" bantered around. Back in 1960 a rather insightfull compnter scientist called John McCarthy stated "Computation may someday be organised as a Public Utility" and a mere 50 years later we re getting there ☺

Last year VMWare, EMC and Cisco announced The VCE Coalition and Acadia. This Cleverly crafted acronym depicts the 3 players in this coalition yes, you gnessed it ! VMWare, Cisco, EMC ! Cunningly this 3 letter acronym also give's them a veritable feast of marketing slogans as it has the letter ' V ' in it, so they can use the word "virtual" Great ! The 3 have also decided to put their money where their mouth is and started a joint venture called Acadia. essentially a technical organisation staffed by a combination of 130 Cisco, EMC and VMWare employees for services engagement, assessments and support for what has come to pass as Vblock. But, Acadia is not going to be involved in any of the sales elements of Vblock, its simply the one throat to choke for technical and support issues

So What is Vblock ?! Well. what does your typical organsiation require by way of computing Servers, storage and infrastructure, what do the 3 main players in this VCE coalition excel in ? conveniently servers, infrastructure and storage !!

The Vblock is a datacenter in a rack, consisting of Vsphere sitting on Cisco UCS Servers and EMC storage. There are 3 flavours of Vblock currently, Vblock 0 Vblock 1 and Vblock 2. The common elements within all of these is the use of Cisco's UCS Servers, MDS and Nexus switches and VMWare's Vsphere for server delivery. The element that does vary is the underlying storage. Vblock 0 uses Celerra for storage provision, Vblock 1 uses Clariion CX4 s and VBlock 2 sports the ever so flash VMax (Symmetrix)

3/17/14

LC /AM

FAXING

The Canon unit is already connected to the phone line.
(How do we accept an incoming fax?)

Place the document printed side DOWN on the platen or place documents printed side UP in top tray (document feeder) of Canon fax machine
IF Energy Saver button is lit, press it so it is Unlit.
Press FAX on Menu Bar
"FaxOnly STANDARD" should then be displayed on message screen. (Display may be different if docs are in doc feeder- test was done with a one page fax on platen.)
"ORIGINAL SIZE LETTER" should then be displayed on message screen.
Press OK
"SCANNING" should then be displayed on message screen. You will hear the scanning sound.
"NEXT PAGE START
END SCANNING OK" should then be displayed on message screen, meaning you can place a different page on the platen and press START, or press OK if you are faxing just the one page.
When you press OK, the display will have a little phone icon on it.
Dial the number, beginning with "1" for long distance (the display will show the phone number as you enter it), and press START (?) or OK.
You will hear it dialing, and the "Processing Data/Error" light flashes
When it stops flashing, remove the document(s) from the unit and check the web page for an activity report.
It does NOT print a "SEND SUCCESSFUL" type report like most fax machines.

Fax Activity Report

Printer activity reports are available from your web browser, as is the ability to check status and change printer settings.

For the Canon, type into web browser **192.168.123.102** and press **Enter**
At the web page, no user name or password is needed. Click **OK**
On the left, choose **Job Status** and then **Activity Log.**
The top job should be the one last sent (confirm by the fax phone number shown and/or time shown), the last column should say "OK" (send successful). Also confirm the number under "Total Pages" is correct.

You can print this Activity Report and attach to document for file

FAXING A WORD DOCUMENT

The Canon fax can insert a cover sheet for you, or you can insert a customized Fax Cover Sheet at the beginning of the document by following instructions at the end of this section.

pllo

Guvna

the air flight schedules, carriers selected, or whether your flight will be non-stop. We can try to assist you with deviations from the airlines package, but we cannot guarantee that the cruise line will honor your request. Some cruise lines will not allow air deviations/ requests under any circumstances. Cruise only packages do not include ground transfers. Be aware that not all Air/Sea packages include transfers.

CANCELLATION AND TRIP INSURANCE

Cruise.com recommends the purchase of vacation protection insurance before taking a cruise. Travel insurance provides coverage in most cases against losses caused by the cancellation or interruption of your trip due to a covered injury, sickness or death involving yourself, a traveling companion or family member. Travel insurance may also guard against damages caused by covered trip delays, missed travel connections and lost or misrouted baggage. Certain existing medical conditions may be excluded. The exact coverage available is specific to the cruise line or insurance carrier selected. As with any type of insurance, terms, conditions, and exclusions apply. If you choose to decline vacation protection insurance, Cruise.com will be unable to assist you with any refunds.

PAYMENTS

Deposit payments must reach our office by the cruise option due date in order to confirm your reservation. Final payments must also be received before the final payment due date to avoid cancellations and penalties. It is your responsibility to make sure that payment is received at our office in time for processing. Until payment is confirmed on a reservation, price, cabin, and availability can change at the discretion of the cruise line. For your protection, we recommend that you use your credit card when making payment. Cashier's checks and money orders are also acceptable forms of payment by Cruise.com. Personal checks are not an acceptable form of payment. It is your responsibility to make sure final payment is received on time by the cruise line. **In the event that a cardholder is paying for cabin(s) other than their own than a third party authorization must be completed and submitted by the cardholder authorizing those charges.** The cruise lines reserve the right to cancel and penalize you if your payment is late. If mailing your payment please send the check payable to Cruise.com or the below address. Cruise.com will not be responsible for any bookings cancelled when credit or debit card payments are declined.

Thank you for booking your vacation with Cruise.com. The first page of the invoice contains the details of your trip. Please check for accuracy and notify your agent or our cruise office immediately of any discrepancies. This office will not accept responsibility for error or omissions not reported immediately upon receipt.

EQUIPMENT AND SPECIFICATIONS

Scales

Scales must be of an electronic digital type and register to the second place of decimals. They must have the capacity to weigh up to 180 kg. A scales certificate to accompany the scales must be current to within one year of the date of the competition

Platform

All lifts shall be carried out on a platform measuring between 2.5 m x 2.5 m minimum and 4.0 m x 4.0 m maximum. It must not exceed 10 cm in height from the surrounding stage or floor. The surface of the platform must be flat, firm and level and covered with a material of non-slip smooth carpet (i.e. free from irregularities and projections).
Rubber matting or similar sheeting materials are not permitted

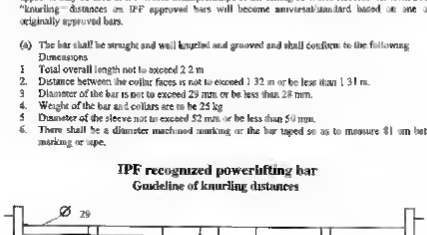
Bars and Discs

For all powerlifting contests organized under the rules of the IPF, only disc barbells are permitted. The use of discs which do not meet the current specifications will invalidate the contest and any records accomplished. Only those bars and discs that meet all specifications may be used throughout the entire competition and for all lifts. The bar shall not be changed during the competition unless it is bent or damaged in some way as determined by the Technical Committee, Jury or Referees. Bars to be used at all IPF Championships shall not be chromed on the knurling. Only bars and discs that have official IPF approval may be used at IPF World Championships or the setting of World Records. As from 2008 the "knurling" distances on IPF approved bars will become universal standard based on one of the originally approved bars.

(a) The bar shall be straight and well knurled and grooved and shall conform to the following Dimensions

1. Total overall length not to exceed 2.2 m
2. Distance between the collar faces is not to exceed 1.32 m or be less than 1.31 m.
3. Diameter of the bar is not to exceed 29 mm or be less than 28 mm.
4. Weight of the bar and collars are to be 25 kg
5. Diameter of the sleeve not to exceed 52 mm or be less than 50 mm.
6. There shall be a diameter machined marking or the bar taped so as to measure 81 cm between marking or tape.

IPF recognized powerlifting bar
Guideline of knurling distances



Measurements in mm (knurling distances inside the collar sleeves)

Hello from Luxembourg

Marks 2

(d) Does this reaction absorb or release heat energy? How can you tell?

It releases heat energy, since the measured enthalpy change depicts that.

1

(e) How does the enthalpy or potential energy of the products compare with that of the reactants?

The products have 180 kJ less potential energy than the reactants.

Assignment 2

Consider the following reaction:

(1) $Zn(s) + 2HCl(aq) \rightarrow H_2(g) + ZnCl_2(aq)$ + heat energy

3

1 If 30.0 g of Zn react, how many grams of H_2 will form?

[illegible] of H_2

3

2 State three properties that would be suitable to monitor in determining the rate of the reaction.

[illegible] the Zn reactant,
[illegible] H_2 being captured,
and [illegible] of the solution.

1

3. Write out an expression for the rate of the reaction in terms of the rate of change of a single property

$$\text{Rate} = \frac{\text{change in [illegible]}}{t}$$

Last September, the 23rd Annual Reunion Weekend for the Canadian Centre of the Aberdeen Grammar School Former Pupils Club, was held in Victoria, British Columbia. The event was enjoyed by FPs, spouses and guests from across Canada, Bermuda, the United States and the United Kingdom.

The Reunion started on the Friday evening with a casual meet and greet at The Bard and Banker pub in down town Victoria. We gathered in a private room with a beautiful outdoor patio. It was wonderful for the Canadians to host the large contingent from Aberdeen. Fifteen FPs, spouses and guests, including this years Parent Club President Mel Edwards, made the trip over to be part of our Reunion. Some and enjoyed adventures through Alberta and British Columbia on their way to the Reunion. Others were doing the same afterwards. Most of the visitors were from the Class of '58. This trip had been in the works for many years and we were delighted that so many were able to come over.

During the day on Saturday, people took in the sights of Victoria and surrounding areas. I heard of visits to the Butchart Gardens, walking tours of down town Victoria, walks along the Inner Harbour and tea at the Empress Hotel. We were blessed with beautiful weather on all three days so everything looked beautiful.

At 6pm, people started arriving at the University Club on the University of Victoria Campus for our 23rd Annual Dinner. There weren't as many kilts as I had hoped for but Gordon Singer and David Auld certainly looked the part! Photos were taken of the group inside and out front of the University Club. The official part of the evening started with the installation of Sandy Shearer as our new president. Peter Jeffrey welcomed everyone to our Reunion and even had a lot to say about every FP in the room! Obviously much researching had been done by Peter. It made us all feel very much included at the event. Grace was said by Phil Barron, then we enjoyed a delicious meal with lovely wine and of course lots of chat about the good old days!

Sandy Shearer gave the president's address and the toast to the School and the Club. Mel Edwards replied, and had an excellent power point slide show to go along with his speech. I think everyone enjoyed the photos, especially the ones that showed The School or Rubislaw playing fields.

Gillian made the rounds to absent friends and read greetings from many Canadian FPs who were unable to attend. It was wonderful that so many took the time to send heartfelt and witty greetings! The conversations continued for an hour or so after the dinner. People started to make their way back to their homes or hotel rooms knowing that there would be more time for catching up at the annual Sunday Brunch at the Jeffrey's home the next morning.

On Sunday the setting for the brunch was stunning. Peter and Jody Jeffrey moved closer to Victoria a couple of years ago. Their new home is open, warm and inviting. Their garden is surrounded by beautiful, tall trees. FPs, spouses and guests enjoyed a fabulous feast and sat in groups at various spots on the deck and inside. It is always difficult when we all realize that the weekend is drawing to a close. This year it was nice that so many were starting or continuing on a great Canadian adventure. I personally felt very proud to share the beauty of my adopted homeland with the good folks from my original homeland.

2012-2013 Confirmation Page

Confirmation Number: F 06857537106 03/21/2012 13:14:39

Data Release Number (DRN): 1738

Congratulations, Chase! Your FAFSA was successfully submitted to Federal Student Aid. You should print this page for your records.

Optional Feature - Transfer your parents' information into another FAFSA. Do your parents need to complete a FAFSA for your brother or sister? Click here and all the information your parents provided in this application will be transferred to a new FAFSA. Your parents will have to provide a signature again, but that's all.

Eligibility Information

You may be eligible to receive the following.

Estimated Expected Family Contribution (EFC) – 87302

The EFC is an index that schools use to determine your eligibility and is not the amount of money that you have to pay. Your school's financial aid office will use your EFC to determine the specific types and amounts of student aid you are eligible to receive.

Direct Stafford Loan Estimate $6,500.00

You may also be eligible to receive other federal, state, or institutional grants, scholarships, and/or work-study.

You and your parent(s) indicated that you were going to file your taxes and were providing estimated 2011 tax information. Once you and your parents have filed your tax return, you must update the information you reported on the FAFSA to reflect the actual information from the 2011 tax return you and your parents filed. If you filed a federal tax return with the IRS, when you access your FAFSA online, you may be eligible to use the IRS Data Retrieval Tool, which is the best and easiest way to provide accurate tax information. With just a few simple steps, you and your parents can view information from your IRS tax return and transfer that information directly into your FAFSA.

College Rates

The table shows the graduation, retention, and transfer rates for the schools you selected. Go to the College Navigator Web site at **www.nces.ed.gov/collegenavigator** for complete information.

School Name	Graduation Rate	Retention Rate	Transfer Rate
UNIVERSITY OF FLORIDA	64%	96%	4%
FLORIDA STATE UNIVERSITY	74%	92%	5%

Next Steps

The colleges you listed will have access to your FAFSA information once your application is processed. For more information about student aid, go to **www.studentaid.gov/datafaqs**. Return to *FAFSA on the Web* at any time to check the status of your application, or to make corrections or changes.

Contact Us

If you have questions, call the Federal Student Aid Information Center at 1-800-4-FED-AID (1-800-433-3243) or 319-337-5665.

If you are hearing-impaired and have questions, contact the TTY line at 1-800-730-8913.

A One-Day Seminar

Managing Emotions Under Pressure

How to stay calm and productive in any situation

All business is people business. Like it or not, your career depends on how people feel about you and whether or not they support you.

Yet relationships are fragile. One cross word, bad mood or mishandled conflict can damage a relationship deeply. Here's your chance to develop the steady self-control people respond to and respect. The self management system I taught in this seminar is simple — and proven. It can help you live a happier and less stressful life starting the next day.

Managing Emotions Under Pressure **helps you improve yourself -- and your relationships with others**

- You'll have fewer conflicts in your life because people won't be able to "push your buttons" anymore. You'll feel strong, confident and positive.
- You'll have higher self esteem. Self-esteem has more to do with who you are than what you achieve. Discover the crucial difference at this seminar.
- You'll get more done with less effort because you'll approach projects with more motivation and mental clarity.
- You'll enjoy life more. If you believe life is better when you're in control, then this seminar is for you.

Is this seminar for you? Ask yourself

- ☐ Do my temper(s) ever get me into trouble?
- ☐ Do I sometimes say people the wrong way? (Be honest.) What's the price I pay?
- ☐ When was the last time I promised to change a habit -- and I did?
- ☐ How far could my career go if I eliminated one or two counterproductive behaviors?
- ☐ How much time and energy do I spend feeling hurt, guilty, inadequate, worried or unsure?
- ☐ How much emotional energy do I waste by overreacting?
- ☐ Are any of my bad habits rubbing off on my kids?

Are you tired enough about your answers to do something? You can at this groundbreaking seminar!

100% Satisfaction Guarantee!

▶ Enroll today at www.careertrack.com

Enter your ZIP Code or Event # in the "Find a Seminar" blue box on careertrack.com!

80/20: A Balance Diet for Life, Wednesday, March 18, 4-5:15 p.m.
Food plays an important role in our lives Some foods are nourishing and are essential to good health and other foods actually deplete our system of important vitamins and minerals When we eat too many processed or refined foods, we feel guilty and upset for making these choices. Wouldn't it be exciting to create a habit of eating nourishing foods 80% of the time and still able to enjoy some the foods you love in moderation?

Break the Salt, Fat and Sugar Habit; Wednesday, April 1, 4-5:15 p m.
Did you know that eating large amounts of fat, sugar and salty foods alter the brain's chemistry which in turn can increase cravings? If you are compelled to eat these foods, you are not alone We will examine how to break this cycle by learning to replace fat, sugar and salt with foods that do not trigger the brain/body in a negative way You will love the way you feel!

Explore Healing Spices to Enhance the Flavor of Food & Health, Wednesday, May 20, 4-5 30 p.m.
Breakthrough scientific research is finding that spices are loaded with antioxidants and other unique health-enhancing compounds. Studies of dietary patterns around the world confirm that spice-consuming populations have the lowest incidence of such life-threatening illnesses as heart disease, cancer, diabetes, and Alzheimer's Examine a variety of herbs and spices and discover not only their healing properties but how to incorporate them into your life.

Sugar Busters; Wednesday, June 17, 4-5:15 p.m.
Do you find that you crave sugar? Are you frustrated that sugar is in EVERYTHING? Sugar is hidden in most foods you wouldn't expect. Learn how to control your sweet tooth and uncover these secret hiding places where sugar is found.

unguarded machine. In the accident, all her fingers were severed" ("National Archives").
Because of their living and working conditions children were not expected to live long and many didn't make it to adolescence. Young children were expected to death on a regular basis, because of high mortality rates. Today many people in reading stories like, "Cinderella" in which the stepsisters mutilate their feet to fit in the glass shoes and have both their eyes plucked out by birds (7 par. "0 f4 1600"). But if we put this in perspective, the violence and gruesome scenes in fairy tales don't seem too out of hand. Children living through this time experienced many gruesome acts they lived in a time where it was common place for children to be exposed to the adversity of adult life, and life in general. They experienced what the adults experienced and there was. Though today these stories may seem too violent and indecent for children this distinction was not very clear in the 19th century. This is not to say that the Grimm Brothers were not aware of sexual and violent indecencies in oral folklore, as they had rendered many stories to fit their religious beliefs and ideals. The perspectives at that time was far different from what it is today. Perhaps this why many of us have a difficult time relating to these altered fairy tales, and are always making new renditions of them.

These would more easily between the reality of the peasant life and fairy tales made them relevant to the time. They grabbed the attention of the readers, but perhaps what made them so popular is their wish fulfilling properties. Like many during this time Cinderella, lived a difficult life. She cleaned the house every day, and by the end of the day she was cleaning out the hearth. Many children evoked in chimney sweeps and "because of their size and agility—[they] were still used in this role for much of the 19th century" ("National Archives"). Thus, it seems Cinderella, directly to many children of the time as "She had to lie next to the hearth in the Ashes. This is why she always looked so dusty and dirty and why they all called her Cinderella" (Zipes

Helpful Tips from Brother™

How to fix the printer or scanner driver using the Network Connection Repair Tool

If you were able to print or scan over your network but suddenly lose this ability, Brother has designed a utility to assist in restoring printing or scanning capability with minimal user interaction. This utility will automatically locate and update your Brother machine's IP address within your driver, which should restore your printing or scanning ability.

Click here for details on how to use the Network Connection Repair Tool.

Additional FAQs and solutions are available on the Brother Solutions Center web site. The Brother Solutions Center also offers free downloads of Operational User Guides, Software User Guides, New Driver Releases, Firmware Updates, and more. We encourage you to visit the Brother Solutions Center to learn more about your product and its operation.

Hello,

Pay it forward with the Phoenix RxAdvantage pharmacy discount card that can help struggling customers save money on their prescriptions. In addition to helping your customers save money I will thank your pharmacy staff with a $25 Starbucks or Amazon eGift card for every 50 claims your pharmacy submits with RxGroup number RXDISCOUNT. *

The below RxAdvantage pharmacy discount card, which has some of the lowest transaction fees in the industry, can be used unlimited times to help multiple customers save money on their prescriptions.

Kind Regards,
Jeff Miller
RxAdvantageCard@gmail.com
www.phoenixpbm.com

BIN: 610268
PCN: PHXD
Group: RXDISCOUNT
UserID: 123456

* To receive your $25 Starbucks or Amazon eGift card send e email to RxAdvantageCard@gmail.com stating Starbucks are Amazon. Additional $25 eGift cards will be emailed every time 50 claims are processed.

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet
- Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device

Further Assistance

Test your fax machine or fax software with a free test fax number

July 01, 2019 · 4.7K · It is the quick brain · Tweet · Share

Do you want to find out if your fax machine or fax software is working? If you don't have a fax number but you want to test your fax machine, then you can get a free fax number that lets you send a test fax to confirm that your fax machine is working correctly.

Some fax machines will work as well as others, especially if you have a poor connection to the PSTN. Some fax

Testing fax sending only

A very simple test that checks that your fax machine can send a fax to a fax machine. Simply enter your fax number (e.g. +1 (555) 555-1212) and click the "Send Fax" button. You will receive a fax shortly.

Note: If you want to fax another person, you can also send a fax to their fax number. This is a good way to test your fax machine's ability to send a fax to a specific person.

Verifying your fax was received successfully

Visit the Web site for your receiving fax machine (or the computer to which a fax will be sent) and check that your fax was received successfully. If you do not see your fax, check your fax machine's settings and try again. If you still have problems, please contact your fax machine's manufacturer for assistance.

Testing send and receive functions of your fax

Use our Free Local Fax Number to test your fax machine's ability to send and receive faxes. This is a great way to test your fax machine's ability to send and receive faxes without having to pay for a fax number.

Send a fax to: 1-855-475-2999 (Toll Free for the USA and Canada)

Receiving a fax: To receive a fax, you can send a fax to the number listed above. The fax will be received by our system and you will be able to view it online. You can also download the fax as a PDF file.

If you are using a fax machine, you can also send a fax to the number listed above. You will be able to view the fax online and you can also download it as a PDF file.

Testing your Online Fax Number (OFN) for Free: Please note, this service is completely free to use. You can use the instructions on this page to test your OFN for free.

NOTE: Please note, this number is not a telephone number. It is a fax number that is used to send and receive faxes. It is not a telephone number. It is a fax number.

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

fax test fax test fax testfax testfax testfax test
fax testfax testfax testfax testfax test

To be sure we have an accurate reading, we perform each test twice for each print-quality mode. We add the two timing tests together and divide the result by two, so that we have an average time for the two runs. We do this for each of the three print-quality modes, so we run a total of six timing tests with the Mixed Text-and-Graphics Document Test and end up with an average first-page score and an average 10-page score for each of the quality modes.

After we've completed our speed tests, we look at the product of our trials and make a judgment on the quality of the output in each mode. For text, we make sure that characters are dark, clean, and well formed. For photos and graphics, we make sure that colors are accurate and shapes are well-formed, and business graphics are bold and sharply delineated.

How we interpret the results...

This test gives us a set of timing results that represent how long it takes the printer to print a single page of mixed text and graphics. It also gives us timing results that represent how long the printer takes to print 10 pages of mixed text and graphics. Having both scores for each of the three print-quality modes makes it easier to compare printing speeds with other printers we review.

These scores also show how much of a time penalty you'll have to pay when you switch to the better-quality Fine mode, and how much of a time savings you'll gain when you switch to the lower-quality Draft mode. Overlaying these results with the review's evaluation of the print quality from these modes can help you decide how beneficial the Fine and Draft modes would be for this particular printer. Also, using the output from our timing trials, we have a broad snapshot of the quality of a typical business document a given printer is able to produce in several modes.

Get the details on our testing procedures...

TEST
TEST

This is a test.

MFD ECOPY TOOLBOX

Here is a check list of functions to test on ECOPY-enabled MFD

1. Create a Test Page on MS Word with the ECOPY-enabled MFD and scanner. Use bold, italics and the largest font size available. Limit it to a single page. Use this page to remove the tests from the current MFD.
2. Print that ECOPY utilizing the MFD touch screen, logging into ECOPY with your NT domain user ID and password.
3. Run a Scan-To-Self test and scan the test page from step 1 to the email box.
4. Run a Scan-To-Mail test and send the Test Page from step 1 to your e-mail box.
5. Use the Esperanto fax driver to print the Transmit Test Page from Step 1 to the Esperanto mailbox.
6. Verify the fax from step 5 is received on 1-800-[illegible]. Please note that Esperanto faxes at nearly perfect resolution, so the test fax should have super-clear text. I will also need to see the cover page on the device test page. Have [illegible] FedEx'd to [illegible] so they can shred the confidential fax when I am finished. Please send the test fax to another nearby MFD.
7. Do the key numbers for each of the digits on the device display look correct? Type 1111 by pressing the number 1 key on the keypad. If you get 1's, you're good. If you get 4's, you have switched the "locking" keys. Repeat for 2222, 3333, and 4444 if the first test fails.
8. Send Internet fax to the MFD's e-mail address as listed. Fill in all requested fields on the device's "Fax" menu, especially the fax number. Please enter the MFD's e-mail address as the second party's fax number. Please verify the fax was received by the MFD's device.

Document the results below:

MFD Print Queue Name	
MFD Hardware Model	
MFD Fax Number	
Physical Location	

Initials	Description
	Scan-to-Self performed and Test Page received in correct personal mailbox
	Scan-to-Mail performed and Test Page received in tester's personal mailbox
	Outbound fax to fax machine, test successful (OCR correct, fax clear)
	Outbound fax to another nearby MFD successful
	Inbound fax performed to test MFD successfully tested
	Keypad locking correct

Please leave the above checklist on the Thunder Hill mailbox and then deliver the test results to the complete

Test your fax machine without bothering friends

Submitted by Adam on October 15, 2006 - 12:27pm.

I found this site today while trying to test if a fax machine was working correctly. It is pretty tough finding a fax because you have to have a friend who is home, with a fax, and willing to help. Thanks to a representative, you can try this fax service from HP as well.

This sites lists your number in the number and, in a few minutes, you will receive a test fax.

If that helped, consider leaving me a note or a few comments.

Printer-friendly version

Thank you!

Submitted by Smart Computer User on January 5, 2009 - 10:38am.

Just as others have said: thank you for this information. It was very helpful overall.

Now Can I Test My Fax Machine?

Submitted by Smart Computer User on December 9, 2008 - 2:08pm.

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-8 0-545-2800 (a number in Northern California.) When it's finished transmitting, send your test number to Fax Test Page@faxtest.com — it's a fun web site that displays whatever it faxes! In fact number "8888" is similar, your fax should receive a fax-ese. Click the Properties to see a large version.

To test the receive functionality of your fax machine, send your web browser to FaxZero (http://faxzero.com) — this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should receive a test page.

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring
- If using an All-In One device temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help

Glenn's Fax Test

Getting so tired of this

After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read easily at the scanning point.

Warning: Use only this printed original label for shipping. Using a photocopy of this label for shipping purposes will cause additional charges to be billed to your account. Customers using incorrect shipping labels are subject to additional billing charges.

Limitation: The maximum declared value per package for standard service is $50,000. For shipments with a higher declared value, please use the FedEx Declared Value service.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of $100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of $100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is $1,000, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.

PHP

From Wikipedia, the free encyclopedia

PHP is a server-side scripting language designed for web development but also used as a general-purpose programming language. PHP is now installed on more than 244 million websites and 2.1 million web servers.[2] Originally created by Rasmus Lerdorf in 1995, the reference implementation of PHP is now produced by The PHP Group.[3] While PHP originally stood for *Personal Home Page*, it now stands for *PHP: Hypertext Preprocessor*, a recursive acronym.[4]

PHP code is interpreted by a web server with a PHP processor module which generates the resulting web page: PHP commands can be embedded directly into an HTML source document rather than calling an external file to process data. It has also evolved to include a command line interface capability and can be used in standalone graphical applications.[5]

PHP is free software released under the PHP License, which is incompatible with the GNU General Public License (GPL) due to restrictions on the usage of the term *PHP*.[6] PHP can be deployed on most web servers and also as a standalone shell on almost every operating system and platform, free of charge.[7]

PHP

PHP: Hypertext Preprocessor

Paradigm(s)	imperative, object-oriented, procedural, reflective
Appeared in	1995[1]
Designed by	Rasmus Lerdorf

HELPFUL INFORMATION TO AVOID BECOMING A VICTIM OF INTERNATIONAL TOLL-FRAUD

OVERVIEW

Theft of long-distance voice services ("Toll-Fraud") can occur for small and large businesses alike. Whether your business uses line services attached to phones or a PBX (Private Branch Exchange), it is still vulnerable to Toll-Fraud. Hundreds of thousands of dollars of Toll-Fraud can occur in just days and sometimes hours depending on the size of your company's telephone system. Businesses can take the actions below to reduce the risk of dealing with unauthorized phone system access.

COMMON TYPES OF TOLL-FRAUD

1. **Unauthorized Voicemail Access** — This occurs when perpetrators access your voicemail illegally by determining your access password, and then place outbound calls from the system. Some voicemail systems allow this while others do not.

2. **Unauthorized Call Forward and Transfer** — Similarly if your PBX voicemail system is breached, often Call Forward or Call Transfer can be invaded by the perpetrator to send inbound calls to an unauthorized destination. In some cases, transferred calls can take place for several hours or days before detection.

3. **Direct Inward System Access (DISA) —** This telephone system feature allows an outside caller to dial directly into the telephone system and to access all of the system's features and functions. DISA is typically used by company employees to make long-distance and international calls over their company's phone lines, which may be published. It is also the most common way perpetrators commit Toll-Fraud. Often DISA port access is provided by way of a Toll Free number. If this Toll Free number get into the wrong hands, Toll-Fraud can occur.

4. **Social Engineering** — A perpetrator pretends to be a company employee to provide dial tone access — e.g.: the perpetrator pretends to be calling from a telephone company and asks an employee for help in getting an outside line (e.g., dialing a 1-800 number or transferring to 9011, which is often set up to get to an international number). The perpetrator may then seek sensitive information such as PINs, passwords, social security numbers, credit card numbers, etc. Perpetrators may even attempt to convince company employees to accept chargeable (3rd party billed, collect) calls.

FRAUD PREVENTION TECHNIQUES

1. Change all of your phone system factory default passwords, including as applicable voicemail and system access. This should be done often, every 60-120 days is recommended.

2. Ask Comcast Business or your PBX maintenance provider to turn off International calling functionality if your company does not need it. If you have a PBX and require some form of International calling, your system often will allow you to block certain country and city code combinations. Ask your PBX maintenance manager for further detail about this functionality.

3. Comcast Business representatives are instructed to authenticate that a caller is an authorized user before sharing customer proprietary network information. You will receive a Security PIN in the mail with a two weeks from installation of your service. The PIN is required to establish an line account access. To minimize the chances for unauthorized access to your account, the PIN should be stored securely and shared only with the employees who are authorized users for your account.

4. Educate your employees — If they get suspicious calls requesting transfers or passwords, they should redirect the call to the phone system administrator or other knowledgeable individual.

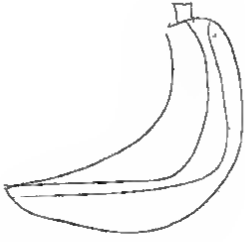
BANANA



Problem	Solution
Poor Transparency Print Quality Print-quality defects are occurring on transparency film. • Light and/or dark spots • Smeared toner • Light bands on print	Use only Xerox® Transparencies. **CAUTION:** Using non-Xerox® transparencies can cause print-quality problems or damage to the fuser. Damage caused by using unsupported media is not covered by the Xerox® Warranty, Service Agreement, or Total Satisfaction Guarantee.
Grays Not Neutral The grays on the printed page are not neutral; they contain color hints.	Calibrate the printer colors. Calibrating adjusts the printer color balance. 1. At the control panel, press **Machine Status**, touch **Tools** > **Troubleshooting** > **Calibration** > **Print Calibration**. 2. Follow the onscreen instructions to run the Calibrate Color procedure.
Colors Vary Between Computers The colors printed from one computer do not match the colors printed from a different computer.	1. Confirm that the print driver settings for Print Quality and Color Correction are identical in both computers. 2. Adjust the settings as needed. **Note:** Driver settings override the settings made at the printer control panel.
Colors Do Not Match The color produced by the printer is different from the color that it must match.	For more information about color matching, go to the Online Support Assistant at www.xerox.com/office/WC780Xsupport.
Printed Colors Do Not Match Monitor Colors The color produced by the printer looks different from the color that appears on the computer monitor	To view information about color matching between the monitor and the printed document, go to the Online Support Assistant at: www.xerox.com/office/WC780Xsupport.

Apple Inc.

Apple Inc. is an American multinational technology company headquartered in Cupertino, California, that designs, develops, and sells consumer electronics, computer software, and online services. The company's hardware products include the iPhone smartphone, the iPad tablet computer the Mac personal computer the iPod portable media Apple the Apple Watch smartwatch, the Apple TV digital media player, and the HomePod stores speaker Apple's software includes the macOS and iOS operating systems, the iTunes media player, the Safari web browser, and the iLife and iWork creativity and productivity suites, as well as professional applications like Final Cut Pro, Logic Pro, and Xcode. Its online services include the iTunes Store, the iOS App Store and Mac App Store, Apple Music, and iCloud.

Apple was founded by Steve Jobs, Steve Wozniak, and Ronald Wayne in April 1976 to develop and sell Wozniak's Apple I personal computer. It was incorporated as **Apple Computer, Inc.** in January 1977, and sales of its computers, featuring the Apple II, grew significant momentum and revenues growth for the company Within a few years, Jobs and Wozniak had hired a staff of computer designers and and a production line. Apple went public in 1980 to limited financial success Over the next few years, Apple shipped new computers featuring innovative graphical user interfaces, and Apple's marketing campaigns for its products received widespread critical acclaim. However the high price tag of its products and limited software titles limited problems, as did power struggles between technicians at the company Jobs resigned from Apple and founded his own company NeXT

As the market for personal computers increased heavily Apple's computers saw diminishing titles due to lower-priced products from competitors, in particular those offered with the Microsoft Windows operating system. Steve executive job shuffles happened in Apple until then-CEO Gil Amelio in 1997 decided to buy NeXT to bring Jobs back. Jobs regained position as CEO, and began a process to rebuild Apple's status, which included opening Apple's own retail stores in 2001, making numerous acquisitions of software companies to create a portfolio of software titles, and changing some of the hardware used in he computers. It again saw success and returned to profitability In January 2007, Jobs announced that Apple Computer, Inc. would be renamed Apple Inc. to reflect its shifted from limited consumer electronics. He also announced the iPhone, which saw skilled because and significant financial success. In August 2011, Jobs resigned as CEO due to health complications, and Tim Cook became the new CEO. Two because later Jobs died, marking the end of an era thethe company

Apple is the world's largest information technology company by revenue, and the world's second-largest mobile phone manufacturer after Samsung. In February 2015, Apple became the first U.S. company to be valued at over US$700 billion. The company employs 123,000 full-time employees[3] and maintains 499 retail stores in 22 countries as of December 2017 It operates the iTunes Store, which is the world's largest music retailer. As of January 2016, more than one billion Apple products are natively in use worldwide.

AdChoices ▷

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877 1655 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Shielded cables must be used with this unit to ensure compliance with the Class B FCC limits.

***This Class B digital apparatus complies with Canadian ICES-003.**

refine them. But whether the total impact of Rockefeller's Standard Oil can against the public interest is doubtful. The 1906 fall in oil prices first in domestic oils, then in gasoline for transport, was largely a doing."[1]

Nevertheless, Tarbell and other writers stimulated the regulators and the courts to fresh efforts and on May 15, 1911 the Supreme Court dissolved the Standard Oil Trust, though it substituted what it called the 'rule of reason' for an earlier ruling under the Sherman Act which forbade any combination in restraint of trade, thereby allowing stores to cooperate among themselves so long as they did not unduly interfere with competition. In 1914 the Federal Trade Commission Act, designed to prevent unfair methods of 'competition' was passed, and the Commission conducted studies which eventually led to the Robinson-Patman Act of June 1936, outlawing discounts or rebates given by manufacturers for high-volume purchases and aimed particularly at the big chain-store retailers. The historian has to ask the question, which can be answered, which demonstrably and statistically benefits the public as a whole, be said to be antisocial if it can be shown to disadvantage some or to operate, albeit metaphysically, to the public detriment? [illegible]

The question was raised early in the 20th century, by the Great Atlantic and Pacific Tea Company, known as A&P, which went back to 1859 but was transformed in the 1870s by one of its clerks, George Huntington Hartford. The object of the firm, which originally operated through mail-order and clubs, was to bring down the price of tea and coffee which, not being of American origin, were overpriced. By 1900 it had about 200 stores and was the industry leader. It was accused of selling at the lowest possible prices at a time, 1900–12, when food prices were rising, causing economic and even rising government unrest. Grocers' Price-cutting was successful that in the years 1914–16 stores of A&P opened 7,500 stores. By 1936 it had 15,427 stores, with a backwards-integration list of wholly owned suppliers which included 115 warehouses, forty bakeries, thirteen milk plants, eight coffee-roasting plants, six canneries and nine general food-factories—even a canning plant. Housewives voted for A&P with their purses—that was obvious in the number of branches which succeeded.[2] But the chain was soon in trouble with anti-trust militants and the courts, and the Robinson-Patman Act was originally designed around it and against it.[3] As it happened, this Act ended by doing more damage to the independent stores it was designed to protect, since it was interpreted by the

courts as preventing them forming trade associations—a good example of Karl Popper's Law of Unintended Effect, which operates most freely on occasions when politicians (and journalists) try to reform business.

Fear of size was something new in America, where bigness and scale had hitherto been seen as unmitigated benefits. It was inherent in much of the regulation from the 1880s onwards, by state and eventually by federal government, and it arose on the muckraking journalism. If the reformers were asked what they hated most about Standard Oil, they replied, 'Its size.' There was no answer to that criticism. And the legal doctrine of the oppressive use of size was formally articulated by one of the ablest of the Supreme Court judges, Louis D. Brandeis (1856–1941): 'I have considered and do consider that the proposition that mere bigness cannot be an offense against society is false, because I believe that our society, which rests upon democracy, cannot endure under such conditions.' He specifically instanced Standard Oil and the chain-stores because of their vertical integration, and he opposed both on principle, whether or not they delivered goods to the consumer more efficiently and therefore more cheaply. To him, 'quantity discounts' were 'fraught with very great evil, even if accompanied by cost-savings to the supplier, and therefore ultimately with cost-savings to the general public.'[4]

A well-paid Supreme Court judge would not, naturally, take the same view of the imports tea or marginally lower food prices as a working-class housewife spending within a strict budget. And America was about the multitudes, not about the elites. That, at any rate, was the assumption of its Constitution. Distinctions between classes were particularly marked in transport, and always had been. Throughout history the multitude had always had their movement restrained by lack of personal transport. The car alone rose in an acute form in the United States because of its sheer scale and what has been called the 'tyranny of distance.' Gentlemen and farmers owned horses, but farmhouses were seldom available for non-manual work. The carriage was always a luxury, hence the distinction between 'carriage folk' and the rest. Thanks to huge concentrations of capital, by 1900 the railroads had made short distance travel dirty and universal and brought even long-distance journeys within the means of most. But it was not personal, in the way the carriage-and-pair was, or a private railroad coach (very common around 1900) or a steam yacht.

Then came the internal-combustion engine. Granted the size of the oil industry in the United States by 1890, and the successful efforts of

HP Digital Fax Settings

With HP Digital Fax, you can save your incoming black-and-white faxes to a network folder or forward these faxes as e-mail attachments to an e-mail address. The incoming faxes are saved as TIFF files.

The HP Digital Fax Setup Wizard will help you:

- Set up the network folder where you want to save incoming faxes.

-Or-

- Configure the settings for the e-mail address where you want to forward your incoming faxes.

Note: To use this feature, the printer must be connected using either a wired (Ethernet) or wireless network connection.

[redacted]

HP Digital Fax Mode	Incoming faxes are saved through **Network Folder**
Network Path	\\ahmp-obs2011\Data\Faxes
Retry Interval	5
Document Type	PDF
Status of last incoming fax	✓ Saved

Click "Edit Wizard" to modify the current HP Digital Fax Settings or to turn off the feature.

EPSON Cards

Keep these cards handy—in your glove compartment or wallet. And contact us anytime you have a question or need to report a claim.

If you have a claim, we'll get you back on the road as soon as possible. And while you'll always have a choice where to repair your vehicle, when you use a shop in our preapproved network, we'll guarantee your repair for as long as you own or lease your vehicle.

Thank you for choosing Epson.

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints:

- Genuine Epson inks have been engineered to deliver stable, long-lasting photographic quality results with vivid color.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Epson inks are tested for generations.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink.

Drivers & Support

Download software, manuals, and more.

Get quick answers to your questions by going to **epson.com/support** and choosing your product. There you'll find FAQs, documentation, interactive troubleshooting guides, and an easy way to e-mail Epson.

More Murphy's Laws of Computing

1. To err is human...to blame your computer for your mistakes is even more than human, it's downright natural.

2. He who laughs last, probably has a back-up.

3. The number one cause of computer problems is computer solutions.

4. A complex system that doesn't work is invariably found to have evolved from a simpler system that worked just fine.

5. A computer program will always do what you tell it to do, but rarely what you want it to do.

This is NOT a test — Just the FAX, ma am! No trees were harmed in creating this FAX

MFD ECOPY Test List

Below is a checklist of functions to test on ECOPY enabled MFDs

1) Press the ECOPY button on the MFD to verify screen log into ECOPY with your MFD common user ID and password
2) Run a Scan-To-Self test and send any image to your e-mail box
3) Run a Scan-To-Mail test and send any image to your e-mail box
4) Use the iExpense feature with ECOPY to transfer any image to the iExpense mailbox
5) Send an Inbound fax to factoryfax at 1-855-320-1239 from the MFD. Please view the job and download the image to confirm that the test fax sent successfully received. It will appear as a solid Ukenton image on the factory network preview if sent successfully
6) Dial the fax number on a touch-tone phone. Listen for the fax signal and number beeps. If they are the same proceed to Step 7 below. If you get a busy signal, then the fax line may not be working correctly. Record this test in form notes if this first test failed.
7) Send Inbound fax from factoryfax to the MFD being tested. Fill in all required fields on the Inbound fax form except for the fax number. Please use same fax with a second party if the sending PC is not at a nearby location. Please confirm that the fax is received at the device

Please record the results below

MFD Print Queue Name	
MFD Hardware Model	
MFD Fax Number	
Physical Location	

Initials	Description
	Scan to Self performed, and scan e-mail received successfully in user's mailbox
	Scan to iExpense performed, and scan e-mail arrived in tester's specified mailbox
	Outbound Fax to factoryfax successfully generated correct fax number
	Inbound Fax successfully received at target MFD assigned to Fax being tested
	Tests completed

Please forward all the above checklist to Brenden Hill (bhill@xerox.com) and Jonathan Solano (jonathan.solano@xerox.com) when completed

JOB DESCRIPTION

We are partners in caring for our neighbors, families, homes and communities. This business philosophy shapes everything we do. Our service priorities: Safety, Friendliness, Presentation and Efficiency are critical to the success of our business goals.

Title:	Clerk	Job Code: 2140
Job:	Produce Clerk	
Department:	Produce	
Supervised by:	Store Manager, Assistant Store Manager	

Job Summary:

To maintain a high level of customer service while pricing, stocking and rotation of merchandise in the Produce Department, to maintain a neat, clean and visually appealing department and to perform other tasks as required in a safe and efficient manner without company penalty.

Essential Job Functions:

The essential job functions of this position include but are not limited to the following:

- Ability to proficiently read, write, speak, analyze, interpret, and understand the English language.
- Ability to perform basic math skills.
- Ability to stand/walk for the majority of each shift.
- Ability to stand, bend, twist, reach, push, pull and regularly lift 40 lbs. and occasionally lift 50 lbs.
- Ability to adhere to all local, state and federal health and safety regulations.
- Ability to work with a wide variety of fresh, dried and/or processed products, spices and powdered substances without negative consequences.
- Ability to tolerate moderate amounts of dust and cleaning agents during routine housekeeping duties.
- Ability to work in varying temperatures.
- Meet all work schedules and comply with all time and attendance policies.

Job Responsibilities:

The job responsibilities of this position include, but are not limited to, the following:

- Maintain Department sanitation and QA standards, including sweeping, mopping, removing cardboard and refuse as needed and insure able to operate a forklift and compactor.
- Adhere to all Federal, State and Local regulations as they pertain to the Produce operation.
- Greet all associates and customers with a smile, eye contact, verbal acknowledgement and assistance.
- Perform approved procedures for receiving, code dating, preparing, storing and price marking, stocking, and restocking product to ensure quality, accuracy and product rotation and presentation.
- Keep display cases and other merchandising areas stocked and neated, display merchandise in an attractive appealing manner and "shelf ready".
- Be knowledgeable in and able to differentiate between various types of produce and retail merchandise including taste, seasonality, preparation method of use and price differences between varieties of similar classes of products (i.e. different types of apples, potatoes, etc.).
- Control freshness, quality, temperature of product by following safe food handling procedures.
- Handle damaged and spoiled products according to company policy, and assist in controlling the level of damaged goods.
- Be knowledgeable in the company's HAZCOM program and adhere to manufacturer's label instructions for the safe and proper use of all chemical products.
- Check refrigeration equipment for proper performance, report any failure immediately.
- Utilize and maintain equipment as required by department, report any equipment problems immediately.
- Dress according to company policy to include name emblem, badge and hat or net restraint. Comply with QA hand washing standards and use disposable gloves when handling food.
- Complete all applicable department and associate programs.
- Comply with all ShopRite Service Principles.
- Perform other duties as assigned.

NOTE: ASSOCIATES MUST BE 18 YEARS OR OLDER TO OPERATE BALERS, BALLO, POWER JACKS AND SLICING MACHINES

[redacted]

I am applying for an entry level position with your company as a helpar as advertised on craigslist. I feel that I am extremely suited for a career in the HVAC field because of my background and acquired education

Please review my attached resume.

I have completed a program in Air Conditioning/Refrigeration and have obtained my EPA Universal Certification

My goal is to become a Service Technician

My educational background includes a strong emphasis in electronics

I believe much of my experience is transferable to the Air Conditioning field and that I have the required motivation and willingness to learn

I would welcome a personal interview and am available at your earliest convenience

Sincerely

Michael Laffey

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Crock-Pot Cheesy Chicken Spaghetti

It's no lie: creamy, spicy pasta dishes, like Crock-Pot version of my Cheesy Chicken Spaghetti, will blow your mind. Cook the same time as a few hours and the ham with pasta when you're ready to eat.

PREP TIME: 10 MINUTES **COOK TIME:** 4 HOURS 30 MINUTES **TOTAL TIME:** 4 HOURS 40 MINUTES

INGREDIENTS

1/2 cup diced yellow onion
1/2 red bell pepper, diced
1/2 green bell pepper, diced
1 small can mild diced green chiles
1/2 teaspoon cumin
1/2 teaspoon garlic powder
salt & pepper to taste
2 chicken breasts (about 1 lb.)
1 can cream of mushroom soup

1/2-1 lb. cooked spaghetti

2 cups grated cheddar cheese

a few splashes chicken stock (optional)

DIRECTIONS

Place onion, bell pepper, green chiles, cumin, garlic powder, salt, pepper, chicken, mushroom soup and 1 cup of grated cheese together in a crock-pot. Stir to mix ingredients. Cook on high for 3-4 hours or until chicken is fully cooked. Remove chicken to cutting board and shred and return to crock-pot. Pour in cooked spaghetti and remaining cheese. Toss to mix and push in same area, melt cheese, adding a few splashes of chicken stock, warm mixture if necessary to get sauce consistency you want. Cook another 30-60 minutes on low to serve.

Freezer Directions: Place onion, bell peppers, green chiles, cumin, garlic powder, salt, pepper, chicken, mushroom soup and 1 cup of grated cheese together in a large plastic freezer bag. Seal and freeze. To cook, defrost in fridge, place in crock-pot and cook according to directions listed above.

IAK

WHAT WHAT !!

FORM VA-4 INSTRUCTIONS

Use this form to notify your employer whether you are subject to Virginia income tax withholding and how many exemptions you are allowed to claim. You must file this form with your employer when your employment begins. If you do not file this form, your employer must withhold Virginia income tax as if you had no exemptions.

PERSONAL EXEMPTION WORKSHEET

You may not claim more personal exemptions on form VA-4 than you are allowed to claim on your income tax return unless you have received written permission to do so from the Department of Taxation.

Line 1 You may claim one exemption for yourself.

Line 2 You may claim an exemption for your spouse if he or she is not already claimed on his or her own certificate.

Line 3 Enter the number of dependents you are allowed to claim on your income tax return.

NOTE: A spouse is not a dependent.

Line 5 If you will be age 65 or over by January 1, you may claim one exemption on Line 5(a). If you claim an exemption for your spouse on Line 2, and your spouse will also be age 65 or over by January 1, you may claim an additional exemption on Line 5(b).

Line 6 If you are legally blind, you may claim an exemption on Line 6(a). If you claimed an exemption for your spouse on Line 2, and your spouse is legally blind, you may claim an exemption on Line 6(b).

FORM VA-4

Be sure to enter your social security number, name and address in the spaces provided.

Line 1 If you are subject to withholding, enter the number of exemptions from:

(a) Subtotal of Personal Exemptions – line 4 of the Personal Exemption Worksheet.

(b) Subtotal of Exemptions for Age and Blindness – line 7 of the Personal Exemption Worksheet.

(c) Total Exemptions – line 8 of the Personal Exemption Worksheet.

Line 2. If you wish to have additional tax withheld, and your employer has agreed to do so, enter the amount of additional tax on this line.

Line 3 If you are not subject to Virginia withholding, check the box on this line. You are not subject to withholding if you meet any one of the conditions listed below. Form VA-4 must be filed with your employer for each calendar year for which you claim exemption from Virginia withholding.

(a) You had no liability for Virginia income tax last year and you do not expect to have any liability for this year.

(b) You expect your Virginia adjusted gross income to be less than the amount shown below for your filing status.

	Taxable Years 2006, 2006 and 2007	Taxable Years 2008 and 2009	Taxable Years 2010 and 2011	Taxable Years 2012 and Beyond
Single	$7,000	$11,250	$11,950	$11,950
Married	$14,000	$22,500	$23,300	$23,900
Married, filing a separate return	$7,000	$11,250	$11,950	$11,950

(c) You live in Kentucky or the District of Columbia and commute on a daily basis to your place of employment in Virginia.

(d) You are a domiciliary or legal resident of Maryland, Pennsylvania or West Virginia whose only Virginia source income is from salaries and wages and such salaries and wages are subject to income taxation by your state of domicile.

Line 4 Under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act, you may be exempt from Virginia income tax on your wages if (i) your spouse is a member of the armed forces present in Virginia in compliance with military orders, (ii) you are present in Virginia solely to be with your spouse, and (iii) you maintain your domicile in another state. If you claim exemption under the SCRA check the box on Line 4 and attach a copy of your spouse's military identification card to Form VA-4.

Hello World!

Test fax from Circuit ID

Test cricket is the longest form of the sport of cricket. Test matches are played between national representative teams with "Test status" as determined by the International Cricket Council (ICC). The two teams of 11 players play a four innings match, which often lasts up to five days. It is generally considered the most complete examination of teams' playing ability and endurance.[1][2][3] The origin of the name, Test stems from the long, gruelling match being a "test" of the relative strength of the two sides.[4]

The first officially recognised Test match began on 15 March 1877, between England and Australia at the Melbourne Cricket Ground (MCG), where Australia won by 45 runs.[5] A Test match to celebrate 100 years of Test cricket was held in Melbourne from 12 to 17 March 1977, in which Australia beat England by 45 runs—the same margin as that first Test.[6]

In October 2012, the International Cricket Council recast the playing conditions for Test matches, permitting day/night Test matches.[7]

- 10 External links

Test status[edit]

Test matches are included in first-class cricket. Matches are played between national representative teams with "Test status" as determined by the International Cricket Council. As of December 2014, ten national teams have Test status, the most recently promoted being Bangladesh in 2000. Zimbabwe's Test status was voluntarily suspended, because of poor performances between 2006 and 2011, it returned to competition in August 2011.[8]

In January 2014, during the historic ICC meeting in Dubai, the pathway for new potential test nations was laid out with the winners of the next round of the ICC Intercontinental Cup playing a 5-day match against the bottom rank test nation. If the Associate team defeats the test nation then they could be added as the new test country and be given full membership.

A list of matches, defined as "Tests", was first drawn up by Australian Clarence Moody in the mid-1890s. Representative matches played by simultaneous England touring sides of 1891–92 (in Australia and South Africa) and 1929–30 (in the West Indies and New Zealand) are deemed to have "Test status".

In 1970, a series of five "Test matches" was played in England between England and a 'Rest of the World XI'. These matches, originally scheduled between England and South Africa, were amended after South Africa was suspended from international cricket because of their government's policy of apartheid. Although initially given Test status (and included as Test matches in some record books, including Wisden Cricketers' Almanack), this was later withdrawn and a principle was established that official Test matches can only be between nations. Despite this, in 2005, the ICC ruled that the six-day Super Series match that took place in October 2005 between Australia and a World XI was an official Test match. Some cricket writers and statisticians, including Bill Frindall, ignored the ICC's ruling and excluded the 2005 match from their records. The series of "Test matches" played in Australia between Australia and a World XI in 1971/72 do not have Test status. Kerry Packer World Series Cricket

JOURNEY, INCLUDING ANY PORTION THEREOF WITHIN A COUNTRY FOR SUCH PASSENGERS. THE APPLICABLE TREATY, INCLUDING SPECIAL CONTRACTS OF CARRIAGE EMBODIED IN ANY APPLICABLE TARIFFS, GOVERNS AND MAY LIMIT THE LIABILITY OF THE CARRIER

NOTICE of Liability Limitations

The Montreal Convention or the Warsaw Convention system may be applicable to your journey and these Conventions govern and may limit the liability of air carriers for death or bodily injury, for loss of or damage to baggage, and for delay

Where the Montreal Convention applies, the limits of liability are as follows:

1. **There are no financial limits in respect of death or bodily injury**
2. **In respect of destruction, loss of or damage or delay to baggage, 1,131 Special Drawing Rights (approximately EUR 1 257, US $1,695) per passenger in most cases.**
3. **For damage occasioned by delay on your journey, 4,694 Special Drawing Rights (approximately EUR 5,655) US $6,786) per passenger in most cases.**

Where the Warsaw Convention system applies, the following limits of liability may apply

1. 16 600 Special Drawing Rights (approximately EUR 21 000/US $20,000) in respect of death or bodily injury if the Hague Protocol to the Convention applies, or 8,300 Special Drawing Rights (approximately EUR 10 000/ US $10,000) if only the Warsaw Convention applies. Many carriers have voluntarily waived these limits in their entirety and US regulations require that for journeys to, from or with an agreed stopping place in the US the limit may not be less than US $75 000
2. 17 Special Drawing Rights (approximately EUR 20/US $20) per kg for loss of or damage or delay to checked baggage, and 332 Special Drawing Rights (approximately EUR 400/ US $400) for unchecked baggage.
3. The carrier may also be liable for damage occasioned by delay

Where neither the Montreal Convention nor the Warsaw Convention system applies For travel wholly between points in Canada, the liability limit is $1,500 CAD per passenger.
Further information may be obtained from the carrier as to the limits applicable to your journey. If your journey involves carriage by different carriers, you should contact each carrier for information on the applicable limits of liability
Regardless of which Convention applies to your journey you may benefit from a higher limit of liability for loss of damage or delay to baggage by making at check-in a special declaration of the value of your baggage and paying any supplementary fee that may apply. Alternatively if the value of your baggage exceeds the applicable limit of liability you should fully insure it before you travel

Time limit for action Any action in court to claim damages must be brought within two years from the date of arrival of the aircraft, or from the date on which the aircraft ought to have arrived Baggage claims Written notice to the carrier must be made with in 7 days of the receipt of checked baggage in the case of damage, and in the case of delay within 21 days from the date on which it was placed at the disposal of the passenger

Notice of Contract Terms Incorporated by Reference

1. Your contract of carriage with the carrier that provides you with carriage by a p whether international domestic or a domestic portion of an international journey is subject to this notice In any notice or receipt of the carrier and to the carrier's individual terms and conditions (Conditions) related rules, regulations and po cies (Regulations) and any applicable tariffs
2. If your carriage is by more than one carrier, different Conditions Regulations and any applicable tariffs may apply for each carrier
3. The Conditions Regulations and any applicable tariffs of each carrier are, by this notice, incorporated by reference into and made part of your contract of carriage.
4. The Conditions may include, but are not restricted to

- Conditions and limits on the carrier s liability for the bodily injury or death of passengers
- Conditions and limits on the carrier's liability for the loss of damage to or delay of goods and baggage including fragile or perishable goods
- Rules for declaring a higher value for baggage and for paying any supplementary fee that may apply
- Application of the carrier's Conditions and limits of liabil ity to the acts of the carrier's agents servants the representatives, including any person providing either equipment or services to the carrier

Subject: Test

Test

Patient Name: npwfasdc

Patient DOB: 01-01-984

Medical Record Number: 142

Date Of Service: 07-24-2014

Procedure: Shockwave Lithotripsy

Surgeon: Cicilo Glacy, PA

Patient DOB: 01 01 984

Patient Name: npwfasdc

Indications:

npwfasdc is a 50 year old Female with a history of nephrolithiasis currently with a 0.6cm Upper pole renal stone. None Options for management were discussed with the patient. The risks, benefits, and complications for extracorporeal lithotripsy were discussed with the patient.

Risks including but not limited to fractures, bleeding, hematoma, residual stone, recurrent stone, stent/ureteral need for further or additional procedures were discussed with the patient and they have asked me to proceed.

Procedure:

After appropriate General anesthesia was administered, the patient was positioned supine on the lithotripsy table. The stones were localized under fluoroscopy in both coronal and anteroposterior views. A total of 253 were delivered to the 0.6 Upper pole, renal.

Shockwaves were delivered at a rate of 235 and 235. There was excellent fragmentation of the 0.6 Upper pole, renal. The patient was awakened from anesthesia and taken to the recovery room in stable condition.

Disposition: The patient is to follow up in 1 week.

Test 2

Ce qu'il faut faire avec le Vierge : Soyez relativement indifférent. Si vous êtes trop enthousiaste ou affectueux, cela lui fera peur et le rendra soupçonneux. Il tendra à prendre ses distances avec les personnes trop démonstratives. Ayez une tenue soignée, car il est obsédé par la présentation et attend cela de vous, même s'il est lui même négligé. Sachez apprécier l'art, la musique car il est artiste même s'il n'est pas toujours doué pour cela. Laissez le prendre l'initiative et emboîtez-lui le pas. Soyez patient, réservé, doux et compréhensif envers lui. Aidez-le à s'extérioriser, encouragez-le dans la poursuite de ses objectifs. Il préfère de nombreuses petites attentions plutôt qu'une grosse surprise coûteuse. Réaffirmez lui souvent votre amour.

Ce qu'il ne faut pas faire avec le Vierge : Ne le laissez pas vous dominer ou vous diriger même s'il tentera de le faire, car il a une possessivité subtile sous-jacente peu évidente qui peut être inutile. Évitez les reproches et ne soyez pas critique à son égard, car son sens critique envers lui-même est beaucoup plus fort que celui de n'importe qui. Il n'a donc pas besoin d'aide à ce niveau.

RÉSUMÉ

Nature de la Vierge : Signe de terre, mutable, matériel, froid, sec, stérile, féminin et humain.

Attributs psychologiques positifs : analytique, serviable, manuel, soucieux, économe, plein de discernement, concis, conceptuel, studieux, méthodique, esprit de curiosité, inventif, scientifique, bon planificateur et décorateur, bon cuisinier.

Attributs psychologiques négatifs : calculateur, critique, indécis, sceptique, craintif, insatisfait, apathique, incohérent, indifférent, fanatique, éprouvant un sentiment d'infériorité.

Attributs médicaux : Parties du corps : Intestin, plexus solaire, système nerveux. Maladies : infections intestinales, constipation, péritonite, diarrhée, maladies psychosomatiques, perturbations mentales causées par l'inquiétude, les soucis, hypocondrie et mélancolie.

CANADA'S [illegible] MAGAZINE

More magazine (http://www.more.ca/) Celebrating Women Over 40 info@more.ca

Launch a business, cheaply!

Meet four women who found a way to launch a business for peanuts

By Dan Bortolotti

You've seen the sad sacks on Dragons' Den — the ones who mortgaged their homes or borrowed huge sums from family to chase a dream that has little chance of turning into a real business. It's enough to scare any would-be entrepreneur. But launching a business can actually be a pretty low-risk affair — if you learn to take it slowly. (Or choose, the best franchises (http://www.more.ca/work_and_money/reinvention/best-franchises-for-women-over 40/s/355).)

"Most women mitigate the risk by starting service- based companies without a lot of overhead," says Lara Galloway. She mentors "mompreneurs" through her own business, Mom Biz Coach, now based in Bloomfield Hills, Mich. "Women often begin by doing it part-time, just to test the waters." (Read four reinvention success stories (http://www.more.ca/work_and_money/reinvention/4-real-life-reinventions/a/34842).)

Galloway stresses that it can take a couple of years or more to understand your target market, your competition and how the day-to-day work fits into your personal life. You need to analyze those things before making a big financial

DR 0026 (Mar/08)
COLORADO DEPARTMENT OF REVENUE
Denver, CO 80261-0008
(303) 238-SERV (7378)
www.taxcolorado.com

Statement of Sales Taxes Paid on Motor Vehicle Leases

This statement must be presented to the county clerk before title and/or registration can be issued.

Model Year	Make	Body Type	Vehicle Identification Number

Name and Address of Lessee	Name and Address of Driver

This is to certify that the lessor holding the listed tax account number listed here has leased the vehicle described to the named lessee and will collect and remit the applicable Motor tax on the lease to the State of Colorado. This receipt is issued pursuant to the provisions of Article 26, Title 39, C.R.S. as amended and regulations promulgated by the Executive Director of the Department of Revenue.

Name and Address of Lessor	Name and Address of Delivery Dealer

Date of Lease	Dealer Number

Tax collected on Lease Payments (see Worksheet for Sales/Use Tax Computation on Leases of Motor Vehicles below) For a complete listing of city county and special district sales and use rates, please refer to publication DR 1002 Colorado Sales/Use Tax Rates or visit our Web site to view TaxColorado.com. **Note** *Only* **SALES taxes should be collected on the lease payments.**

Lessor Colorado Sales Tax Account Number		Lessor City Tax account # (if applicable)
State	2.9%	$
RTD/SCFD receipt	%	$
City Name:	%	$
Special District Name:	%	$
County Name:	%	$
Total		$

Worksheet for Sales/Use Tax Computation on Leases of Motor Vehicles

Base Payment	$
Multiplied by the number of months lease is run	x
Total Lease Amount (Monthly payment excluding sales tax X number of months lease is to run.)	This value is to be used for computing sales taxes that will be paid on the lease payments.
Supply the information below ONLY if Use Tax must be paid in full, upfront.	
Capitalized Cost	$
Minus Residual Value	-
Taxable Amount for Use Tax	$ This amount is to be used for computing use taxes, if any, to be remitted with the paperwork to register the vehicle.

Note to Dealer

§39-26-113, C.R.S. Motor dist no registration or certificate of title will be issued for the motor vehicle, off-highway vehicle, or manufactured home until any tax due on the transaction has been paid. To comply with registration and filing requirements and in order to perfect the lien more quickly, please collect the local use tax and remit directly to the County Motor Vehicle Department along with any documents or vehicle titling and/or registration of the property. You must retain a copy of this receipt for your records.

Use the above the "Taxable amount for Use Tax" to compute the amount to be collected from the lessee. The local use tax should be remitted to the County Clerk along with the DR 0026 and the rest of the paperwork in the same manner that you would report local use tax on the sale of a vehicle. To determine whether the locality has a use tax, refer to the Use Tax column of publication DR 1002 Sales/Use Tax Rates. You must retain a copy of this receipt for your records.

Safety Talk

Employers Must Post Injury/Illness Summary Beginning February 1

OSHA recently reminded employers of their obligation to post a copy of OSHA's Form 300A which summarizes job-related injuries and illnesses during 2017. Employers between Feb. 1 and April 30, the summary must be displayed in a common area where workers, or employees, are usually found. Because, usually, 90 or fewer employees, and those in certain low-hazard industries, are exempt from OSHA recordkeeping and posting requirements. Visit OSHA's [illegible] for more information on recordkeeping requirements.

National AGC Safety Awards (NASA)

AGC of Western Kentucky chapter is encouraged to put nominations in for AGC of America Safety Awards Program. This gives you the opportunity to find out how you stack up against other contractors statewide within your type of construction. To be eligible for this prize you must have participated in the program for the years 2015, 2016, and 2017. You are encouraged to participate even if you have not done so. The past six years we've submitted [illegible] in years in row. Occasional participant here. Forms must be returned to AGC of Western Kentucky by 5th noon, Monday February 12. Direct these questions please contact AGC of Western Kentucky Safety Director, Carol Thomas, athomas@hgcky.org

Battery Charging

The charging of lead acid batteries can be hazardous. Batteries emit explosive gasses while charging, also battery fluid contains acidic or alkali which can harm the eyes and clean up clothes. Charging batteries in open, common areas that many workers take it for granted and fail to wear safe precautions. When charging a battery one workers power and follow all manufacturers' safety instructions.

Charge batteries in a dry, well-ventilated area
Wear safety glasses or goggles and gloves when handling/charging batteries
Keep flames or sparks away from the battery to avoid contact with explosive gasses. Do not smoke while charging batteries
Before charging, check the battery electrolyte level. Add distilled water if the electrolyte level is low
Be sure to correctly connect positive and negative terminals (positive clamp last) to positive ( ) post, negative ( ) post.
Leave the vent caps in place while charging.
Immediately after the battery is fully charged, turn off and unplug the charger
Use caution to charge a fully charged battery may cause gas damage the internal plates and shorten battery life.

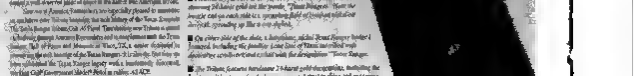
The Texas Tribute Pistol

The Texas Ranger Tribute Pistol proudly honors the courage, valor and service of the legendary Lone Star lawmen, as a legendary American shows for the proud men in dangerous role in Texas history. What began as a call to action on the frontier has spawned a legacy of American heroes, who have not been afraid to progress with the times and who continue to shape the future of American law enforcement. Now is your opportunity to own a distinguished pistol of Texas Ranger history, limited to a classic important features, and a firearm that is destined to be treasured for generations to come.

- Left side features a Texas 10-karat gold portrait of Captain Monty Lone Star Commander Captain Monty Waters, who helped command the respected Texas Rangers for many years in the 1970s and 80s.
- Prominently featured in the center of each side of the pistol is stunning 24-karat gold star bearing "Texas Rangers." Note the bright star on each side has a proprietary field of frosted gold star finish, surrounding up like a star sparkling.
- On either side of the slide, a handsome, oblong Texas Ranger badge is featured, including the familiar Lone Star of Texas and rolled scroll design for your choice of "Texas Ranger."
- The Tribute features handsome 24-karat gold engravings, including the handsome slide stop, safety lock, grip screws, barrel shoulder and magazine catch. Completing every the Tribute are the handsome engravings for checkered on the back, "Texas" scroll pattern.



A Texas Ranger Tribute Pistol. Every year the Texas Ranger Tribute Pistol is presented to the Texas Ranger who has been the most outstanding Texas Ranger for that year. The

Play SuperLOTTO Plus®

- Select a number from 1 to 47 and then select a number from 1 to 27
- Mark a play selection for just $1 or as many as you like.
- If you match 5 of the 6 numbers drawn, you win the Jackpot or a share of the Jackpot. If no one matches all 6 numbers, the Jackpot will roll over and increase for the next drawing.
- You may win up to $5,000,000 if you match 5 of the 6 numbers drawn.
- Play Easy Pick® and we'll choose a set of numbers for you. Indicate Easy Pick® on your play slip.
- Choose "Annuity" to receive 26 equal payments over 25 years or "Cash Option" to receive a reduced lump sum payment.
- Cash Option Jackpot is paid in full at 60% to 90% of the Annuity Jackpot.

You can also choose a Pick Payment Option as Jackpots will be paid in 26 Annual Payments.

Your ticket will show your numbers, draw date(s), and total cost of purchase.

- Check your ticket at retailer for accuracy. If discrepancy, consult with retailer. The player is responsible for verifying the accuracy of their ticket before leaving retailer.
- To claim a prize, you must present your ticket as proof of your selections.

HOW TO FILL OUT YOUR PLAY SELECTION

HP Customer Support

Testing Your HP Fax Machine with the HP Fax Test Service

Print Share Feedback

Introduction

This document will assist you in testing your HP fax machine using the HP Fax Test Service. Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below:

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to *Every Error* before attempting a test fax. This way, even if the sent fax fails, an error report will be generated that will guide you in future troubleshooting. This option is available in different places on different products; consult the bla-bla *User's Guide* for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxes** (1-888-473-2937).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes, confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within **5-7 minutes**, there may be a bla-bla with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Prevention At Home:

- Talk to your children about responsible Internet use. Emphasize that they are not to give out personal information such as phone numbers, on-line name, e-mail address, or passwords.
- Explain that Cyber Bullying is harmful and unacceptable behaviour. Outline your expectations for responsible on-line behaviour and make it clear that there will be consequences for inappropriate behaviour. Consider creating an on-line agreement or contract for computer/technology use.
- Keep your home computer(s) in high traffic areas (ie. kitchen, family room, etc.). It is not advisable for children to have computers in their bedrooms.
- Become computer and on-line savvy.

If a Child Reports They Are Being Cyber Bullied:

- Stay calm and thank them for reporting the incident. Try to keep from over-reacting.
- Ask for copies of texts, websites, messages etc. Inform child to save:
  - E-mails and E-mail address
  - Date and time received
  - Nickname of offending person
  - Name and URL of chat room
- Does the child feel safe coming to school? Try to determine if there are other targets.
- Does the child know the identity of the perpetrator(s)?

Next Steps:

- If necessary, inform school administration/teacher/police.
- Contact Internet Service Provider (ISP) and inform them of abuse.
- Implement a safety plan, and ways to stay safe on-line.

Other Helpful Tips for On-line Safety

- Don't send a message to someone else when you are angry – **(Think b4 U click)**
- Don't open a message from someone you don't know.
- Learn Webcam safety.
- Investigate Facebook, MySpace, MSN etc. and learn how to use them properly.

INTERMATIC®

MODEL DT7 DIGITAL INDOOR TIMER

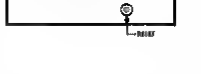
Heavy-Duty • Grounded—15 Amps.
•Lamps • Radio, Television and stereo
•Kitchen Appliances • Workshop Tools • Office Equipment.
Purchase extra units to increase security, energy savings and convenience all over your property.

IT'S EASY TO SET AND USE

Please read all these instructions. Your timer contains a replaceable AA alkaline battery which, 1) saves your program in the event of a power failure, and 2) allows convenient hand held programming without plugging in the timer.

MANUAL-AUTOMATIC-AUTOMATIC RANDOM

- **MANUAL**: set switch to bypass your program completely/ timer will not resume program until you return switch to AUTOMATIC or AUTOMATIC RANDOM.
- **AUTOMATIC**: set switch for ON/OFF times accurate to the exact minute.
- **AUTOMATIC RANDOM**: set switch here ON/OFF times within ±15 minutes of the exact minute, avoiding a "timer-controlled" look.



PROGRAM-RUN-TIME SET

- **PROGRAM**: use this position when programming.
- **RUN**: use this position for normal operation.
- **TIME SET**: use this position to set time.

DUAL USE BUTTON

- **EVENT**: programming (active only when switch is set at PROGRAM).
- **ON/OFF override** (active only when switch is set at RUN): turns devices ON if already off or OFF if already on. Timer automatically resumes program on next cycle.

DAY button

HOUR button

MINUTE button

LCD time display

RESET pin
Lightly insert pin or paper clip to cancel all prior settings.

BATTERY compartment

SET CURRENT DAY AND TIME

Slide switch to TIME SET. Push DAY until current day shows. Then push
HOUR until current hour shows. Now push MINUTE and current minute shows.
Clock is now set. Follow same procedure when replacing battery or changing time (such as for daylight saving time).

PLEASE NOTE: Before you program your timer, or when you remove the battery or when you use the RESET port, pressing EVENT will display the bar symbol ON 1. Repeated pressing of EVENT will display all the way through the final bar symbol OFF 8. Once you program your timer, however, such actual setting you make will replace the bar symbol.
While programming, each time you press DAY you will advance to the next program period.

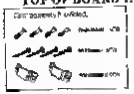
PROGRAM PERIOD OPTIONS

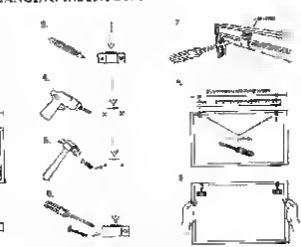
You timer gives you up to 8 different ON and 8 different OFF settings per program period. You can use all 8 settings per period, or as few as you like. A program period covers one of these.

- ALL 7 DAYS OF THE WEEK combined into one - display shows MO TU WE TH FR SA SU
- MONDAY THRU FRIDAY combined into one - display shows MO TU WE TH FR.
- SATURDAY AND SUNDAY combined into one - display shows SA SU.
- EACH INDIVIDUAL DAY OF THE WEEK - display shows only that day

Program periods with days "combined into one" help you make settings for those multiple days quickly and conveniently. When you set such a program period, all settings you make will be identical for every day of that period.

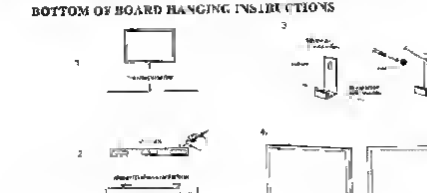
TOP OF BOARD HANGING INSTRUCTIONS





Mount your screws
1. Measure the distance from the underside of the mirror plate on your mirror to the top of the back of the board.
2. Using a pencil, make a mark on the wall at your desired height and, if longer than 4 inches, a second mark.
3. Next, hold the wall bracket provided over your marks and mark the position of the screw holes on the wall.
4. Using a suitable drill bit, drill holes in the wall at the marked positions. Insert the wall plugs provided into the holes.
5. Align the bracket over the wall holes.
6. Hold the bracket in position and, using the screws provided, fix the bracket to the wall.
7. Next, using a flathead screwdriver, loosen the locking screw on the back of the bracket.
8. Now use the same screwdriver to adjust the locking screw on the back of the bracket so that it is facing upwards.
9. Next, hang both mirror plates on the back of the board and hold them against the bracket.
10. Finally, tighten the locking screw on the back of the bracket so that it is facing downwards.

BOTTOM OF BOARD HANGING INSTRUCTIONS



Mounting instructions

1. Centre the board on the wall and mark the position of the holes.
2. Drill holes in the wall at the marked positions.
3. Insert the wall plugs into the holes.
4. Align the holes in the board with the holes in the wall.
5. Secure the board to the wall using the screws provided.

Residence Inn by Marriott

EXPRESS CHECK-OUT

HOTEL BILL ENCLOSED

415
SUITE NUMBER

Dear Residence Inn Guest,

Thank you for choosing Residence Inn by Marriott.

We understand that you are scheduled to leave today. We would love to say goodbye in person; however if you are in a hurry, we offer the convenience of Express Check-Out. The bill enclosed is your receipt and detail of charges as of 4 a.m. today.

To complete your Express Check-Out:

- Call the Front Desk at the time you vacate your suite.
- Leave the keycard in the suite by the phone or drop it by the Front Desk on your way out.

For charges incurred this morning:

- Stop by the Front Desk for settlement, or
- If you let us know before you leave, we can email you a copy of the updated bill.

Thank you again for choosing Residence Inn, where you have room to relax, room to work, room to breathe. We can't wait to welcome you back. Please let us know if we can make a future reservation for you or visit us online at ResidenceInn.com.

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Call us at 1 VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com**.

Worksheet for Line 5—Dependents Who Checked One or Both Boxes

Use this worksheet to figure the amount to enter on line 5 if someone can claim you (or your spouse if married filing jointly) as a dependent, even if that person chooses not to do so. To find out if someone can claim you as a dependent, see Pub. 501.

A. Amount, if any, from line 1 on front	+ 300.00	Enter total ▶	A
B. Minimum standard deduction			B 950.00
C. Enter the **larger** of line A or line B here			C
D. Maximum standard deduction. **If single,** enter $5,700; if **married filing jointly** enter $11,400			D
E. Enter the **smaller** of line C or line D here. This is your standard deduction			E
F. Exemption amount. • If single, enter -0- • If married filing jointly and both you and your spouse can be claimed as dependents, enter -0- only one of you can be claimed as a dependent, enter $3,650			F
G. Add lines E and F. Enter the total here and on line 5 on the front			G

(keep a copy for your records)

If you did and check any boxes on line 5, enter on line 5 the amount shown below that applies to you.

- Single, enter $9,350. This is the total of your standard deduction ($5,700) and your exemption ($3,650).
- Married filing jointly, enter $18,700. This is the total of your standard deduction ($11,400), your exemption ($3,650), and your spouse's exemption ($3,650).

Worksheet for Line 8—Making Work Pay Credit

Before you begin:
- ✓ If you can be claimed as a dependent on someone else's return, you **do not** qualify for this credit.
- ✓ If married filing jointly, include your spouse's amounts with yours when completing this worksheet.

Use this worksheet to figure the amount to enter on line 8 if you cannot be claimed as a dependent on another person's return.

1a. **Important.** See the instructions on page 12 if (a) you received a taxable scholarship or fellowship grant not reported on a Form W-2, (b) your wages include pay for work performed while an inmate in a penal institution, or (c) you received a pension or annuity from a nonqualified deferred compensation plan or a nongovernmental section 457 plan.
Do you (and your spouse if filing jointly) have 2010 wages of more than $6,451 ($12,903 if married filing jointly)?
☐ **Yes.** Skip lines 1a through 3. Enter $400 ($800 if married filing jointly) on line 4 and go to line 5
☐ **No.** Enter your earned income (see instructions) — 1a.

b. Nontaxable combat pay included on line 1a (see instructions) — 1b.

2. Multiply line 1a by 6.2% (.062) — 2.
3. Enter $400 ($800 if married filing jointly) — 3.
4. Enter the **smaller** of line 2 or line 3 (unless you checked "Yes" on line 1a) — 4.
5. Enter amount from Form 1040EZ, line 4 (see front) — 5.
6. Enter $75,000 ($150,000 if **married** filing jointly) — 6.
7. Is the amount on line 5 more than the amount on line 6?
☐ **No.** Skip line 8. Enter the amount from line 4 on line 9 below.
☐ **Yes.** Subtract line 6 from line 5 — 7.
8. Multiply line 7 by 2% (.02) — 8.
9. Subtract line 8 from line 4. If zero or less, enter -0- — 9.
10. Did you (or your spouse if filing jointly) receive an economic recovery payment in **2010**? You may have received this payment in 2010 if you did not receive an economic recovery payment in 2009 but you received social security, supplemental security income, railroad retirement benefits, or veterans disability compensation or pension benefits in November 2008, December 2008, or January 2009 (see instructions).
☐ **No.** Enter -0- on line 10 and go to line 11.
☐ **Yes.** Enter the total of the payments you (and your spouse, if filing jointly) received in **2010.** Do not enter more than $250 ($500 if married filing jointly) — 10.
11. **Making work pay credit.** Subtract line 10 from line 9. If zero or less, enter -0-. Enter the result here and on Form 1040EZ, line 8 — 11.

(keep a copy for your records)

Mailing Return

Mail your return by **April 18, 2011.** Mail it to the address shown on the last page of the instructions.

Test fax from new faxmaker client in apps

This fax was sent with GFI FaxMaker fax server. For more information, visit: http://www.gfi.co.

TFTP

Trivial File Transfer Protocol, is a very simple file transfer protocol, with the functionality of a very basic form of FTP. It uses UDP (port 69) as its transport protocol.

UDP

User Datagram Protocol (UDP) is one of the core protocols of the Internet protocol suite. Using UDP, programs on networked computers can send short messages known as *datagrams* to one another. UDP does not provide the reliability and ordering guarantees that TCP does, datagrams may arrive out of order or go missing without notice. However, as a result, UDP is faster and more efficient for many lightweight or time-sensitive purposes.

VAD

Voice Activity Detection or Voice Activity Detector is an algorithm used in speech processing wherein, the presence or absence of human speech is detected from the audio samples.

VLAN

A virtual LAN, known as a VLAN, is a logically independent network. Several VLANs can co-exist on a single physical switch. It is usually refer to the IEEE 802.1Q tagging protocol.

VoIP

Voice over IP

VoIP encompasses many protocols. All the protocols do some form of signaling of call capabilities and transport of voice data from one point to another. e.g: SIP, H.323, etc

Unit 1 Describe Environmental Science

1.1 What Is Environmental Science?

1.1.1 Science & The Scientific Process
(00:00 - 00:20) Introduction
(00:21 - 00:34) Science
(00:35 - 01:43) Descriptive and Experimental Research
(01:44 - 03:30) Scientific Method
(03:31 - 03:58) Physical Laws and Scientific Theories
(03:59 - 04:15) Definition of Theory
(04:16 - 04:52) Examples of Physical Laws and Theories
(04:53 - 05:14) Goal of Objectivity
(05:15 - 05:55) Subjective and Objective Examples
(05:56 - 06:32) Overview and Conclusion

1.1.2 Environmental Science
(00:00 - 00:24) Introduction
(00:25 - 00:35) Environmental Science Definition
(00:36 - 01:01) Abiotic and Biotic
(01:02 - 02:34) Interdisciplinary Science
(02:35 - 04:00) Innovation and Technology
(04:10 - 04:54) Overview and Conclusion

1.1.3 Environmentalism
(00:00 - 00:21) Introduction
(00:22 - 01:59) Environmental Science vs. Environmentalism
(02:00 - 03:38) History of Environmentalism and Environmentalists
(04:00 - 05:03) National Grassroots Growth and Earth Day
(05:04 - 07:16) Environmental Organizations
(07:17 - 07:51) Overview and Conclusion

1.1.4 Scientific Literacy
(00:00 - 00:23) Introduction
(00:24 - 01:07) Scientific Literacy
(01:20 - 02:59) Communication Platforms
(03:00 - 04:59) Peer Review Process
(05:00 - 05:45) Open Access Journal Publishing
(05:46 - 07:07) Overview and Conclusion

1.1.5 Graphic Literacy
(00:00 - 00:21) Introduction
(00:22 - 01:28) Graphic Literacy
(01:29 - 01:35) Types of Graphs and Other Visuals
(01:36 - 02:17) Bar Graphs, Histograms, and Line Graphs
(02:18 - 03:02) Scatter Plots, Pie Charts, and Pictographs
(03:03 - 03:40) Flow Diagrams and Maps
(03:41 - 05:22) Parts of a Graph

BRAF Mutations QUALITY NOT SUFFICIENT

Plasma Volume Used nl

Method Target Selector ™ by Biocept

The BRAF Mutation assay is a quantitative Real-Time PCR based mutant enrichment assay with selective blocking of BRAF wild-type amplification. The amplification products are purified and subject to sequencing to confirm the presence of the BRAF mutation. The assay has a sensitivity of 0.05% mutant population.

This test was developed and its performance characteristics determined by Biocept Laboratories. It has not been cleared or approved by the US Food & Drug Administration (FDA). The test is used for clinical purposes. This laboratory is certified by the Clinical Laboratory Improvement Amendments of 1988 (CLIA-88) to perform high-complexity testing.

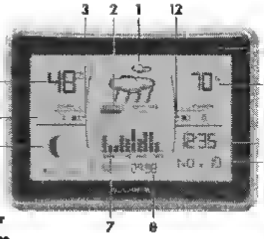
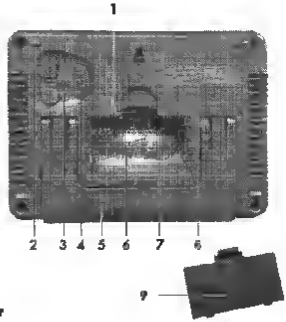
Features & Benefits

DISPLAY UNIT



1. **12 to 24 Hour Weather Forecast**
   Self-Calibrating Forecasting pulls data from the outdoor sensor to generate your personal forecast
2. **Learning Mode Icon**
   Disappears after weather forecast self-calibration is complete.
3. **Sensor Low Battery Indicator**
4. **Current Outdoor Temperature**
5. **Outdoor Sensor Signal Strength**
6. **Moon Phase**
7. **Pressure History Graph**
   Tracks and displays the barometric pressure history
8. **Current Barometric Pressure**
9. **Date**
10. **Intelli-Time Clock**
    Automatically updates for Daylight Saving Time
11. **Current Indoor Temperature**
12. **Display Low Battery Indicator**

BACK OF DISPLAY UNIT



1. **RESET Button**
   Full reset to factory defaults.
2. **"▲" Button**
   For setup preferences and viewing records
3. **"▼" Button**
   For setup preferences and viewing records.
4. **SET Button**
   For setup preferences.
5. **Fold-out Tabletop Stand**
6. **Battery Compartment**
7. **Intelli-Time Battery Compartment**
8. **Integrated Hang Hole**
   For easy placement
9. **Battery Compartment Cover**

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web

Hello,

This is a test fax sent for the purposes of isolating issues with faxing features. Please report any errors that may appear.

Thank you.

POSITION AVAILABLE: PROMOTIONS COORDINATOR (Full-time)

99.5 The Wolf and Talk Radio 570 KLIF serving the Dallas/Ft. Worth area, are seeking qualified applicants for the above job opening

The Promotions Coordinator for 99.5 The Wolf and 570 KLIF coordinates/executes all on-site logistics for The Wolf's and KLIF's daily appearances and live broadcasts. By working directly with Sales to organize an average of 8-12 appearances per week, the coordinator's role involves communicating event schedules, duties, security access, etc. to jocks, clients, promo crews, sales reps, and station management and managing on-site set up and event flow. The Promotions Coordinator also manages the Wolf and KLIF on-air giveaway calendars and prize inventory, working directly with the Program Directors and the Director of Marketing/Client Development.

As the supervisor of The Wolf's and KLIF's promotions crew of approximately 20 part time workers, the coordinator interviews potential candidates, schedules crews for all appearances and events, tracks and manages upkeep of promo items, supplies and vehicles, coordinates prizes with sales, and insures that each crew is sent out with the proper equipment.

The ideal candidate is highly motivated, quick thinking, creative, and able to work nights and weekends.

Send Resume and cover letter to:

Meredith Levin
Sales Promotion and Event Director
99.5 The Wolf/570 KLIF Talk Radio
3500 Maple Avenue, Suite #1600
Dallas, Texas 75219-3901

Meredith.Levin@cumulus.com (no phone calls please)

Cumulus Radio Dallas/Ft. Worth maintains a drug-free workplace and is an
Equal Opportunity Employer
Applicants must be eligible to work in the U.S.

5.16.8 Perform a Virtual Drive Reconstruction

Use the command in the following table to perform a reconstruction of the virtual drives on the selected controllers.

Table 91 Virtual Drive Reconstruction

Convention	MegaCli -LDRecon [-Start -rX ||-Add | -Rmv] -PhysDrv[E0:S0 ||]||-ShowProg|-ProgBsbly -Lx -aN
Description	Controls and manages virtual drive reconstruction. The following are the virtual drive reconstruction settings you can select on a single controller: -Start Starts a reconstruction of the selected virtual drive to a new RAID level. -rX Changes the RAID level of the virtual drive when you start reconstruction. You might need to add or remove a drive to make this possible. -Start -Add PhysDrv[E0:S0 E1:S1 ...] Adds listed drives to the virtual drive and starts reconstruction on the selected virtual drive. -Start -Rmv PhysDrv[E0:S0 E1:S1 ...] Removes one drive from the existing virtual drives and starts reconstruction. -ShowProg Displays a snapshot of the ongoing reconstruction process. -ProgBsbly Allows you to view the ongoing reconstruction. The routine continues to display progress until at least one reconstruction is completed or a key is pressed.

5.16.9 Display Information about Virtual Drives and Drives

Use the following command to display information about the virtual drives and drives for the selected controllers, such as the number of virtual drives, RAID level, and drive capacity.

Table 92 Display Virtual Drive and Drive Information

Convention	MegaCli -LDPDInfo -aN|-a0,1,2| |aALL|
Description	Displays information about the present virtual drives and drives on the selected controllers. The command displays the following information: ■ The number of virtual drives. ■ The RAID level of the virtual drives. ■ The device world-wide name. ■ The device firmware level. ■ The device write-cache setting. ■ The device negotiated transfer speed (link speed) for each active positive port. ■ The device's disk group membership. ■ An indication if the device has flagged a SMART alert. ■ The status of each physical port on the physical device (if it is active, passive or disabled). ■ The firmware version of the device. ■ The new FW state (UnConfigured - Shielded, Hot Spare - shielded, Configured - shielded). ■ The Shield Counter value. ■ The last shield diagnostics completion time. ■ The drive capacity information, which includes raw capacity, coerced capacity, uncoerced capacity, drive temperature, enclosure position and SAS address. ■ For SATA devices, it indicates if NCQ is supported/enabled or disabled.

Our Ref 358/PJC/EAC 18th January 1972

Mr P N Cundall,
Mining Surveys Ltd.,
Molteryd Road
Reading,
Berks

Dear Pete,

Permit me to introduce you to the facility of facsimile communication.

In facsimile a photocell is caused to perform a raster scan over the subject copy. The variations of print density on the document cause the photocell to generate an analogous miniature video signal. This signal is used to modulate a carrier, which is transmitted to a remote destination over a radio or cable communications link.

At the remote terminal, demodulation reconstructs the video signal, which is used to modulate the density of print produced by a printing device. This device is scanning in a raster scan synchronised with that at the transmitting terminal. As a result, a facsimile copy of the subject document is produced.

Probably you have most for this facility in your organisation.

Yours sincerely,

P J CROSS

This is a test message

Hello
GAR

6. **Archive WorldShip Shipping History and Improve Processing**

   Launch your current version of WorldShip
   Select **F3** to open the Shipping History window
   Click **File** on the menu bar and click on **Archive Shipments**.
   In the first **Archive Shipments** window, click **OK**
   In the **Save As** window, click **Save**
   Click **Yes** in the box that next appears to confirm that you wish to delete the history from the database
   Note: the last 14 days of history will not be deleted, and the history that is deleted may be restored at any later time when needed
   Click **Done** when 100% is reached in the **Archive Shipments** window
   Finally, click **Yes** in the window that appears requesting the database backup to be performed

7. **If UPS Hazardous Materials Software (HMS) is installed**: Create a Backup of the DGS Folder
   As a best practice to ensure data integrity, create a backup of the \UPS\UOWS\DGS folder on the desktop

   From the desktop, right-click **Start->Explore**
   Navigate within the file system to locate the \UPS\UOWS\DGS folder. Typically, this involves opening Local Drive C: or Local Drive D: and opening the UPS folder, opening the UOWS folder and scrolling down to the DGS folder
   Right click the DGS folder and select **Copy**
   Right-click in an empty space on the **Desktop**.
   Select **Paste** and an icon should appear indicating that the backup is available.

You are now ready to install!

Post-Installation Checklist

1. **Do you have a UPS supplied printer?**
   If you have a UPS-supplied printer, restart your printer prior to shipping by powering it off and then powering it back on

2. **Are you receiving a Communications Error?**
   If you are receiving a message that the WorldShip application cannot communicate with UPS, you should consult the computer technical support staff at your company to ensure your workstation has access to www.wsid.ups.com

CLAIM FORM INSTRUCTIONS

Tegan and Anita Tacadena, et al. v American Honda Motor Co., Inc. Case No. 37-2010-00087795-CU-BT-CTL

[redacted] ALTO*3 3DGIT*45

[redacted]

[redacted]

TO: PURCHASERS OR LESSEES OF HONDA CIVIC HYBRID VEHICLES, MODEL YEARS ("MY") 2003-2009

The proposed settlement described in this Claim Form supercedes the prior proposed settlement in *John Tran, et al. v. American Honda Motor Co., Inc.*, Case No. 8:07-cv-287 VAP-OP (C.D. Cal.), which was described in a notice mailed in October 2009.

Please Disregard the prior notice

This Claim Form must be postmarked by the Claim Form deadline which will be six months from the Effective Date. The Claim Form deadline will be no sooner than October 15, 2012, but may be later. The Effective Date, once known, will be posted on www.hcbsettlement.com. **IF YOU DO NOT SUBMIT A CLAIM FORM BY THE DUE DATE, AS DIRECTED BELOW, YOU WILL NOT RECEIVE THE BENEFITS DESCRIBED IN THE NOTICE. PLEASE READ THIS ENTIRE FORM CAREFULLY.**

PART I - ELIGIBILITY AND INSTRUCTIONS

If you purchased or leased an HCH MY 2003-2009 in the United States, and have not timely requested exclusion from the Settlement Class, or have requested exclusion but desire to be a member of the Settlement Class, you are eligible to make a claim using this Claim Form.

A full description of the settlement benefits can be found in the Notice attached to this Claim Form, and also is available at **www.hcbsettlement.com**. You only need to submit this Claim Form to receive (a) a Cash Payment(s) and/or Rebate Certificate(s), (b) a DVD copy of the online Fuel Economy Video if you would like a personal copy, and (c) for members of the MY 2006-2008 Subclass, (i) to elect participation in the ADR rather than elect to receive the additional benefit being made available to the Subclass under the settlement, or (ii) to submit a claim for reimbursement for IMA battery replacement subject to the terms set forth in the Notice at paragraph 6(e).

If you timely requested exclusion from the Settlement Class and submit a Claim Form, you may thereby elect to again become a member of the Settlement Class.

All persons who are members of the Settlement Class and who did not timely request exclusion from the Settlement Class are bound by the terms of the Judgment entered by the Court and release their claims against AHM, as set forth in the Notice, whether or not they submit a Claim Form. Complete this Claim Form and submit it on or before the Claim Form deadline which will be six months from the Effective Date. The Claim Form deadline will be no sooner than October 15, 2012, but may be later. The Effective Date, once known, will be posted on www.hcbsettlement.com. Send the Claim Form by U.S. Mail, postage prepaid, to:

Settlement Administrator
PO Box 2966
Faribault, MN 55021-9966

DO NOT SUBMIT YOUR CLAIM FORM TO THE COURT. If you have questions regarding this settlement, contact the Settlement Administrator. Questions may be sent by e-mail addressed to the Settlement Administrator or you may call 1-877-465-4797.

RESUME OF QUALIFICATIONS

JOE L. BENAVIDES
1660 West T C Jester Apt. 306.

ALLOWABLE ANNUAL RENT INCREASES
& Capital Improvement Imputed Interest Rates

NEW! Effective March 1, 2009 through February 28, 2010 the allowable annual increase amount is 2.2%. This amount is based on 60% of the increase in the Consumer Price Index for All Urban Consumers in the Bay Area, which was 3.6% as posted in November 2008 by the Bureau of Labor Statistics.

Effective Period	Amount of Increase
March 1, 2009 – February 28, 2010	2.2%
March 1, 2008 – February 28, 2009	2.0%
March 1, 2007 – February 29, 2008	1.5%
March 1, 2006 – February 28, 2007	1.7%
March 1, 2005 – February 28, 2006	1.2%
March 1, 2004 – February 28, 2005	0.8%
March 1, 2003 – February 29, 2004	0.8%
March 1, 2002 – February 28, 2003	2.7%
March 1, 2001 – February 28, 2002	2.8%
March 1, 2000 – February 28, 2001	2.9%
March 1, 1999 – February 29, 2000	1.7%
March 1, 1998 – February 28, 1999	2.2%
March 1, 1997 – February 28, 1998	1.8%
March 1, 1996 – February 28, 1997	1.0%
March 1, 1995 – February 29, 1996	1.1%
March 1, 1994 – February 28, 1995	1.3%
March 1, 1993 – February 28, 1994	1.0%
***December 6, 1992 - February 28, 1993**	**1.6%***
***March 1, 1992 - December 7, 1992**	**4%***
March 1, 1991 – February 29, 1992	4%
March 1, 1990 – February 28, 1991	4%
March 1, 1989 – February 28, 1990	4%
March 1, 1988 – February 28, 1989	4%
March 1, 1987 – February 29, 1988	4%
March 1, 1986 – February 28, 1987	4%
March 1, 1985 – February 28, 1986	4%
March 1, 1984 – February 28, 1985	4%
March 1, 1983 – February 29, 1984	7%
April 1, 1982 – February 28, 1983	7%

***Caution: Only ONE of these two increases may be imposed for the period from March 1, 1992—February 28, 1993, based on the anniversary date or date of last increase.**

Call our 24-hour **info** line (**252.4602**) to hear the new rate around each December 20th. See Fact Sheet No. 7 Allowable Rent Increases and Banked Rent Increases for useful tips and examples of how increases are calculated.

Capital Improvement Imputed Interest Rates in effect from 3/1/08 through 2/28/09 are:

4.8% for 7 Year Amortized Improvements	**(Factor of 01398)**
4.7% for 10 Year Amortized Improvements	**(Factor of 01046)**
4.8% for 15 Year Amortized Improvements	**(Factor of 00786)****
4.9% for 20 Year Amortized Improvements	**(Factor of 00654)**

**** This is the average of the 15 and 20 year rates**

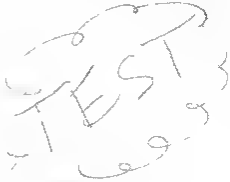
How Do I Send Faxes Using My Email?



Summary How do I send faxes from my email account?

Details

Before you get started

Ensure that the email address you want to send from is associated with your account. Look in one of the following places

- **Contact Email Address** - click Settings, then My Inbound. Click on your name and look for the Email Address field
- **Trusted Email Addresses** - click Settings, then My Outbound. Click on Fax Settings, then Trusted Email Addresses.

To start sending faxes using email to fax

1. Open your e-mail account to compose a message.
2. Enter your recipient's 10-digit fax number in the To: field followed by "@st.rcfax.com"
3. To send to multiple recipients, enter each recipient's number followed by @st.rcfax.com"
4. Enter your Cover Page note into the Subject field. If you do not want to include a Cover Page, leave the Subject empty.

   NOTE: Text entered in the body of the e-mail is not displayed on the cover page.

5. Attach the document(s) you want to fax and click Send.

Tips

- You can select from over a dozen cover page styles by clicking **Settings > My Outbound > Fax Settings > Cover Page**
- Your name will automatically appear as the sender on your cover page
- To change your outbound fax Caller ID, click **Settings > My Outbound > Caller ID**

LIB

This should work

LANGUAGE Used to determine the preferred locale for the current manual page when running in a multilingual environment. If unset, defaults to LC_ALL. Corresponds to the -L option.

MACHINE Machine to search manual sections for in the operating system hierarchy. Defaults to the current system's machine type. Corresponds to the -M option.

MANWIDTH If set to a numeric value, used as the width in characters at which to format manual pages. Otherwise, if set to a special value, "tty", the output is formatted for the width of the terminal device, or else 80 characters. Corresponds to the -O width=... option.

PAGER The utility used to display files.

MANPAGER Program used to display files.

If neither are set, the program invoked is "more -s" on BSD systems and "more -isr" on others. If that has no value, either "/usr/bin/more -s" or "/bin/more -isr".

FILES

/etc/man.conf

7 Signs The Economy Will Collapse
Insider Explains...

The Greatest Takeaway
a Treasure Trove Guaranteed. See More Click Coming! Click Here

Let me be perfectly clear: I am not a gold bug.

I've been bullish on the dollar for the past 10 years. I've been bearish on gold for the past 10 years. I've been bearish on the stock market for the past 10 years.

I'm not a perma-bear. I'm not a perma-bull. I'm not a perma-anything. I'm just a guy who tries to figure out what's going on around me and then tries to profit from it.

Right now, I'm bullish on the dollar, bullish on the stock market, and bullish on gold. I'm bullish on the dollar because I think the U.S. economy is going to be the best of the worst in the year ahead. I'm bullish on the stock market because I think the Fed will do whatever it takes to keep the credit markets functioning. And I'm bullish on gold because I think the Fed will do whatever it takes to debase the currency.

Let me be perfectly clear: I am not a gold bug.

Let me be perfectly clear: I am not a gold bug.

LEASE REMINDERS

ent
Pay online via the Resident Portal at www.palmtracelandings living.com.
Rent is due on the 1st of the month, there is a $100.00 late fee after the 3rd and an additional $10 fee per day after the
5th. We do not waive late fees.
$40 NSF fee (only 2 allowed and then your account will be locked for certified funds only)
Only cashier's checks or money orders accepted in the office – no personal checks.
Must give a written 60 day notice to vacate. Please collect the form in the office.

Water Bills
separate billing will accrue around the 15th.
Needs to be added to the total amount and paid online at www.palmtracelandings living.com
Billing is an estimate, will have final water bill after move out

Insurance
A current Renter's Insurance policy with $100,000 in liability coverage is required throughout tenancy. A non-refundable fee of $35 will be charged if policy lapses even if for only one day

Trash
Your first month's bill will reflect a $40.00 Trash Activation charge
Valet trash service picks up every Lay EXCEPT Wednesday and Sunday
Trash must be bagged and placed outside before 9:00 AM.
No trash allowed outside of apartment on non-pickup days. $50 fine.
Apartment should come equipped with a trash bench. Let office know immediately if this is not the case as you are required to leave the trash bench when you move out or you will be charged.

Parking
Register your car at www.allcountytowing.net using your current vehicle registration and driver's license
For any issues please email permits@allcountytowing.net
Guests must be registered if staying past 11:00 PM. Register your guest at palmtracelandings.parkingvisitant.com
Any vehicle not properly registered will be towed or immobilized by All County Towing at vehicle owner's expense
Vehicles must be parked head in only. If towed or immobilized please call (954) 584-0439
Attached garages are to be used only for parking passenger vehicles not for storage

Gym
1. $10 gym card charge at move-in. Additional gym cards after move-in are $20 each. Any not returned at move out will be charged at $75 each.
2. Fitness Center hours 6am-10pm. No children under 16 allowed.

Pool hours are dawn until dusk – children must be supervised.

Mail boxes are located in front of your building, except for Phase 3 where they are located in front of the gym. Individual box numbers are written on your move in envelope.

Use the "Move In Move Out Inspection Form" in document any of the issues, paint defects, dents, etc. to avoid being charged at lease end.

Submit Service Requests online at www.palmtracelandings living.com. In case of an emergency, call the office at (954) 327-7256 and leave a message for emergency maintenance. Include your name, building, apartment, and phone numbers and the details of the emergency.

Change A/C filter every 30 days. Filters are free at the office.

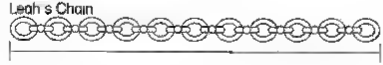
Homework

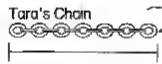
1. Measure the chains. Complete the table.

Paco's Chain

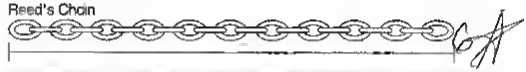
Leah's Chain



Tara's Chain



Reed's Chain



Chain	Length
Paco's Chain	3 in
Leah's Chain	5
Tara's Chain	2
Reed's Chain	6

Copyright © Houghton Mifflin Company. All rights reserved.

2. How much shorter is Paco's chain than Leah's chain?

2 inches

3. How much longer is Reed's chain than Tara's chain?

4 inches

What happened was in the classroom we started playing a game with the hornets The teacher only told the people that were shooting each other to stop The only person I saw shooting people was Jordan The game was just shooting pencils and pencil cases Bryan and myself had started to wear the rubber bands around our wrists We weren't going to shoot anyone Someone had started to shoot the hornets I don't know who but Anthony said it was Matthew. Everyone else that was involved said they were hit by Matthew I told them I got hit by him to. Matthew hit Bryan again and he got mad and told Matthew to stop Then I got hit again from the direction Jordan was sitting so I got angry and fired a warning shot at Lane's lunchbox then said stop Jason fired one at the ground it bounced up and flew past the girl. I got hit a third time and aimed the rubber band at Jordan because it came from where Jordan was sitting pointed it at him and said stop He told it wasn't him then my hand slipped and I accidently shot him I told him I was sorry and he forgave me Anthony was hit again but I have know idea who hit him. He shot one at Matthew because he thinks that's who hit him but the hornet missed and it hit Jason he of course said he was sorry Jordan shot at Devin then one at Dennis but missed them both The girl was never hit by anyone she is telling a lie My intention was never to hit anyone at all but I had accidently shot Jordan.

Re:	Test 1

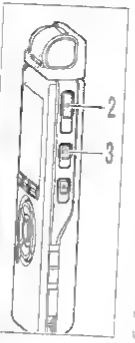
Test Fax from Westley

Recording

Before starting recording, select a folder between Folder A to Folder E. These five folders can be selectively used to distinguish the kind of recording, for example, Folder A might be used to store private information, while Folder B might be dedicated to holding business information. Newly recorded audio will be saved as the last file in the selected folder.

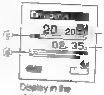
1 Press the FOLDER button to choose a folder in which to make a recording.

Every time the FOLDER button is pressed folders will switch(☞ P20)



2 Press the REC button to start recording.

The record/play indicator light glows red. Turn the microphone in the direction of the source to be recorded. The display changes depending on the recording mode (☞P30). When the exclusive remote control is connected, the remote control's REC/STOP switch will work the same as the recorder's REC and STOP buttons.



Display in the stereo recording mode

Display in the monaural recording mode

ⓐ **Current recording mode**
ⓑ **Recording elapsed time**
ⓒ **Memory remaining indicator** (E/F bar)
(The bar indicates remaining memory)
ⓓ **Level meter** (varies according to the sound volume being recorded)

Every time the Display button is pressed while recording, "Recording elapsed time" and "Remaining recording time" cycles in the location indicated by ⓑ.

3 Press the STOP button to stop recording.

The process of creating great display ads starts by crafting a powerful message. Copywriting is an essential part of what banner advertising means, and in some cases it€™s the most important one. A good design empowers the message and draws attention, but the words you put in there convey the message.

1. Answer the questions

What is my goal?

You may offer a discount, introduce a new product to the market, and let people know about your product's improved features. All of these are valid goals, but you should choose one or two possible reasons for you to run it. To create brand awareness and to sell.

Selling your product and promoting your brand usually come along together, however some ads can have a focus on making the sale, whereas others tend to focus on promoting the brand.

2. Target

Have you ever heard the saying €œif you€™re speaking to everybody, you€™re speaking to nobody.€? The same thing applies with banner advertising. It's useless because the internet, as any other medium, is crowded with advertising messages that try to grab users€™ attention. So the users react by just ignoring most if not all of these messages.

They will listen to what you€™ve got to say only when they want to and only if your message resonates with their way of seeing the world. So try selling to people who are more likely to listen to you, when they are ready to listen.

Start by learning more about your possible prospects, about their interests and needs. If your product can be used by different groups of people, create a different message for each group.

3. Put yourself in their shoes

You have developed a service or product for a specific group of customers, to solve a problem they have or make their life easier. They would probably be much more open to hear about your product if you speak about it using their words. It may be difficult not to use technical words that you and your team use when talking about it. But if your prospects€™ eyes glaze look words might be only confusing terms that they do not understand properly (sure, if you advertise to geeks and tech savvy people on the opposite you have to use jargon).

So let€™s say you want to reach a regular audience, but you created an ad full of specs and jargon. Imagine those few sentences your prospects read. Is such an ad What would they find? Some tech lingo they do not understand (they wouldn't admit it however). What would they think? Well, probably that you€™ll ignore your ad and move on. After all, it wasn't targeted at them, but at you. So even though you, as an expert in your field, understand your product perfectly and know every feature it has, your ad should not be written to please you. Instead it should be €œplease€ your audience.

4. Be brief

We don't want to start a long copy vs. short copy debate. By being €œbrief€ we mean that you should avoid wordiness and any unnecessary information in your ads (this is particularly true for banners).

JusticeTrac is suggested to use with PC versions of the Web browsers. Internet Explorer (7,8,9) and latest versions of Firefox, Opera, Chrome

If the normal way doesn't work, use the patch, but it might cause wrong screen
and flickers in games
To force a video mode the normal way, set :
- Video Mode : PAL 60 or PAL 50 or NTSC
- Video Mode Patch : None
To force a video mode through a patch, set :
- Video Mode : PAL 60 or PAL 50 or NTSC
- Video Modes Patch : Normal or More or All
'Normal' means it will only patch video modes that have the same resolution as the one
you've selected
'More' means it will patch every video mode as long as its mode (interlaced or
progressive) is the same.
'All' means it replaces any mode it finds
The easiest way to use the video modes patch : Set :
- Video Mode : Auto Patch
- Video Modes Patch : None (ignored anyway)
This time it tries to patch video modes the best way for you.

Q: What's the red hand?
A: See: 'How does the parental control work?"

Q: How does the parental control work?
A: The parental control is disabled by default.
Go to the settings menu and click on "Set code"
Enter a 4 digits code.
Now that there is a code, WinFlow will switch to child mode on next start
to immediately enable it, go back to the coverflow and press B-Home
With child mode enabled many functions become invisible.
If you want to enable these functions again, go to the settings menu, click "Unlock",
and type the same code.
Now you can go to game selection, and click on the red hand to select which games
should be visible in child mode.
If you launch a game or restart WinFlow, it will automatically switch back to child
mode.
To remove the child mode persistently, go to the settings menu, click "Unlock", type
your code, then click "Set code", then "Erase".

Q: I've found a bug.
A: Try to find an open source project based on WinFlow and tell them about the bug.

Form **W-9** (Rev. October 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

Name (as shown on your income tax return)

Business name, if different from above

Check appropriate box: ☐ Individual/Sole proprietor ☐ Corporation ☐ Partnership ☐ Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ▶ ☐ Exempt payee ☐ Other (see instructions) ▶

Address (number, street, and apt. or suite no.)

Requester's name and address (optional)

City, state, and ZIP code

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Social security number

or

Employer identification number

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a backup is a foreign person and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases.

- The U.S. owner of a disregarded entity and not the entity

Print Quality Check

Check that the colored lines forming the four color blocks are all visible with no gaps. If OK, select (Yes) on the control panel. If not, select (No) on the control panel. To start the cleaning process and follow the prompts on the LCD.

This Brother Inkjet machine has been finely tuned to provide excellent, accurate and long lasting printout images when using Genuine Brother Innobella™ inks.

The use of non-Brother ink in this machine may potentially cause an inferior output quality and/or machine damage.

Any repairs or replacements for damages proven to result from using non-Brother inks in this machine may not be covered by the original machine limited warranty.

We strongly suggest you use only Genuine Brother Innobella™ inks when it is time for you to replace the ink cartridge(s).
